Holds U.S. Responsible For Attacks By Exiles

Castro Warns U.S. To Curb Raids Or He'll Arm Cuba With Bombers

HAVANA (AP)—Prime Minister Fidel Castro threatened today to arm Cuba with long-range bombers and convoy Cuban shipping unless the United States clamps down on hit-and-run raids against Cuba by exile groups.

In a communique Castro held the United States responsible for an attack on a Soviet freighter by Cuban exiles Tuesday night.

"If these attacks continue Cuba will see herself in a situation of considering acquisition of long-range bombers as well as naval equipment necessary to escort our merchant ships, protect our supply lines and repel aggressors," the communique said.

Castro's talk of long-range bombers was an obvious reference to the Soviet 750-mile-range jet bombers the Soviets sent to Cuba last fall along with medium-range missiles.

After the United States put a naval blockade on Cuba, Soviet Premier Khrushchev agreed to withdraw the missiles and the bombers. The U.S. government said it counted 42 of each on ships leaving Cuba. The Soviet government informed Washington in December this was all the so-called "offensive" weapons it had sent to Cuba.

The lives of Soviet crewmen were put in grave danger and the merchantman was left seriously damaged in Tuesday's raid, Castro said.

In Miami, a spokesman for the anti-Castro Commando L group said the raiders slipped into the port of Isabela de Sagua on Tuesday night, attacked the Soviet freighter and left it "badly in need of repairs to keep it from sinking."

The spokesman said the raiders returned safely to their base "somewhere in the Caribbean."

The raid was the second exile attack on a Soviet freighter in Cuba this month. The first was March 17. A Justice Department official said in Washington there is no evidence the March 17 raid was launched from American soil.

Castro also charged that "Yankee agents" sabotaged a Bolivian airliner which crashed last week in southern Peru. He said the agents were after documents carried by two Cuban couriers on the plane.

U.S. Doing Everything To Discourage Raids

WASHINGTON (AP)—The FBI, the U.S. Coast Guard and other agencies are doing all possible to discourage hit-and-run raids by Cuban refugees on Castro's Cuba, officials said today.

They said this is in line with the policy of President Kennedy. While he has repeatedly expressed a desire to see Cuba freed of communism, Kennedy said last week he did not believe the hit-run tactics are effective toward this end. They may even strengthen Prime Minister Fidel Castro, he said.

Some concern is expressed in high administration circles that the free lance raids, if continued might prove the spark that would set off a new, explosive crisis in U.S.-Soviet relations.

The question of what measures the United States is taking to stop the forays came up in the wake of a Soviet Union protest Wednesday and the report of another raid Tuesday night.

Moscow charged the United States was responsible for "piratical attacks." Specifically it mentioned an attack on the Soviet freighter Lgov, shot up by exiles March 17 at the sugar port of Isabela de Sagua on Cuba's north coast.

The State Department quickly denied U.S. responsibility for the assault, which refugee leaders have said was mounted from "somewhere in the Caribbean."

Lincoln White, department press officer, said: "the U.S. government is doing everything it possibly can to prevent such incidents from happening from U.S. territory."

Even as the United States was rejecting the Soviet protest, word came of a new raid on the port of Isabela de Sagua.

A spokesman for the group, Commando L, said in Miami the raiders slipped into the port Tuesday night, attacked a Soviet freighter and left it "badly in need of repairs to keep it from sinking."

3 Suspects Jailed At Lisbon In $600 Holdup At Weirton

Loot Found With 2 Guns At Stakeout

Sheriff Releases 3 Others Following Arrest On Route 14

Amil Dinsio of near Salem and two Youngstown men were being questioned today at Lisbon in connection with an armed robbery early this morning at Weirton in which $600 in cash and a quantity of old coins were taken at an amusement company operator's home.

Three other men — including a brother of Dinsio — were taken into custody with the first trio at a Route 14 parking lot by Columbiana County sheriff's deputies, but were released after questioning.

3 Nabbed In Car

Dinsio and the other two men were in a car in which a pillow case full of cigar boxes containing the money — much of it old coins — was found.

The other two are Daniel Marshall, 33, and Howard Dailey, 32, of Sandalwood Ln., Youngstown.

Sheriff Russell VanFossan said the trio is being quizzed in connection with the armed robbery at Weirton last night and also a burglary at Wheeling March 16.

Weirton police said three bandits broke into the home of Gene D. Costalas, 67, this morning about 1 while the operator of Gene's Amusement Co. was watching television.

Victim Left Bound

Costalas said the three tied him with rope, wire and a belt and ransacked his house, forcing open a safe and taking $600 and also removing an old coin collection.

Costalas told officers he could identify one of the trio.

He said there were about 200 old coins in the collection, but he did not know their value.

Weirton police said the trio will be quizzed about other recent enterings in that city.

Half Of Space Twin Bill

U.S. Postpones Satellite Launch

CAPE CANAVERAL, Fla. (AP)—Payload trouble forced postponement today of an attempt to launch the Explorer 17 satellite, wiping out half of a scheduled space doubleheader.

As the satellite shot was postponed, the countdown was proceeding on the Saturn superbooster which was set to blast off between 1:30 p.m. and 5:30 p.m. Eastern Standard Time.

The National Aeronautics and Space Administration reported the Explorer 17 launching was off until at least early next week.

An official said that a preflight check showed a flaw in a mass spectrometer, one of eight atmospheric measuring devices packed in the 410-pound satellite. He said the instrument would have to be replaced by another being flown here from NASA's Goddard Space Laboratory in Maryland.

The mass spectrometer was to measure electrically neutral particles as the satellite made exploratory sweeps through the earth's atmosphere at altitudes between 155 and 580 miles. Explorer 17's assignment is to make a thorough study of the structure of the atmosphere. The satellite was to have been shot aloft between 9 p.m. and midnight by a Delta rocket.

One of Saturn's engines was to be cut off deliberately during flight to determine the 165-foot tall, 470-ton vehicle's ability to operate with a dead engine.

As on three previous Saturn flights, only the first stage was to be tested. Two upper stages and a nose cone were dummies.

The booster stage powerplant, most powerful known rocket in the world, was geared to develop 1.3 million pounds of thrust and burn about two minutes.

Chester Vote Sought On $6 Personal Tax

Petitions Circulate For Test; Council Action Due Tonight

Petitions for a public vote on Chester's proposed $6 a year individual tax — up for its first reading at a special meeting of Council tonight—are being circulated throughout the city.

Council will meet tonight at 7:30 to give first reading of the group of four ordinances establishing a total of $6 annual tax for all residents over 21 who are not receiving state relief payments.

The finance committee of Council has proposed the tax to supplement city revenues, and the move to have Council consider the tax as an assessment levy established by Council alone was approved last week in a 3-2 vote.

First reports indicate there are about eight petitions being circulated. The petitions read:

"We, the undersigned people of Chester, Hancock County, W. Va., do hereby petition Chester City Council to put to a vote of the people the $6 head tax."

The proposed ordinances would call for a $3 tax for police, $1.50 for lighting and 75 cents each for the fire department and for the City Park.

The special session was called by the finance committee to consider the proposed tax, which would produce about $12,000 annually to supplement city revenue.

Increased revenue from real estate as a result of the recent Hancock County reappraisal has been delayed because the reappraisal was rejected by county officials.

Deputies Cite 5 Drivers At Track's Gate

Five more out-of-state motorists were arrested by Hancock County deputy sheriffs Wednesday afternoon on charges of obstructing traffic at the entrance to Waterford Park as a crackdown continued against drivers blocking Route 66 while leaving the racing plant.

Four were fined $10 and costs by Squire Harry Lytton of Newell and the fifth drew a similar penalty from Squire John D. Herron in New Cumberland.

Fined by Squire Lytton were Frederick C. Pearson of Perry, Maurice Young of Shaker Heights, Edward S. Zanets of Campbell and Robert E. Sawczak of Youngstown.

Jack Passafume of Pittsburgh was the lone motorist fined by Squire Herron.

Emerick Porfilio of Meadville, who was cited Tuesday on the obstructing charge and had posted a $25 bond for a hearing Saturday, appeared before Squire Lytton yesterday and also was fined $10 and costs.

Meanwhile, Squire Herron issued warrants against two track employes for not appearing on charges of failing to have registration plates.

James J. King of Wheeling and Matt Semones Jr. of Versailles, Ky., were cited by New Cumberland Police Chief William Webster and ordered to appear Monday night before Squire Herron.

Bill Aims At Chiselers On Ohio's Relief Rolls

COLUMBUS, Ohio (AP)— Ohio's senators called up for a vote today a bill aimed at running chiselers off the poor relief rolls by requiring them to work in return for their assistance checks. Passage would send it to the House.

The action marked the end of the legislature's 12th work week.

The poor relief bill was sponsored by Sen. Roy B. Gardner, R-Richland, a retired Air Force colonel and a noted conservative.

A number of Ohio counties already have work programs for those able-bodied persons receiving relief checks. Present law permits, but does not require, work in return for public assistance.

The Senate proposal contains a feature to which metropolitan areas object. It provides relief-free residence in the state for one year before a person can qualify for assistance. Present law provides legal residence in a county before relief may be granted. Metropolitan counties fear an influx of relief recipients in search of bigger relief checks.

The proposal makes provision for workers displaced by automation. Those persons, recipients of relief, may be required to work on retraining projects in order to qualify for assistance.

The relief measure vote came after Senate Minority Leader Frank W. King, D-Lucas, challenged on the Senate floor a statement by Republican Gov. James A. Rhodes in his budget message:

"We trail far behind the national average in most everything but poor relief. We have the dubious distinction of being first in the nation in number of poor relief recipients."

King asserted the statement is not true. He added that, among the six big industrial states, Ohio is next to the bottom in the number of relief recipients and in dollars spent for relief.

The House passed Wednesday, 111-16, a bill to require all new autos registered in Ohio next year to be equipped with front - seat safety belts. The measure now goes to the Senate.

The House - approved measure would not require travelers to use their safety belts.

The House revived, passed and sent to the Senate a previously defeated bill to require all first-grade registrants to be 6 years old by Sept. 15. The idea is to set a nearly uniform birthdate for all entering first graders. The measure would be effective in 1967.

Other measures introduced would:

Establish Rock Hill and adjacent land in Fairfield County as a state memorial.

Give the voters a chance to vote on a constitutional change which would put the governor and lieutenant governor on the same ballot and permit the governor to appoint the secretary of state, auditor, treasurer and attorney general. All officers now are elected statewide.

Korea Crash Kills 2 Yanks And 9 Others

SEOUL, South Korea (AP) — Two Americans and nine other persons died today in the crash of a South Korean air transport in a heavy snowstorm 10 miles northwest of Seoul, the Korean air force announced.

An air force spokesman said the plane carried four crewmen and seven passengers including a U.S. airman and an American civilian.

The name of the airman was withheld pending notification of relatives.

The civilian's status has not been determined, a U.S. spokesman said.

The twin-engine C46 was on a routine flight from Taegu, 150 miles southeast of Seoul, to Kimpo, 15 miles northeast of the capital.

The air force said the pilot tried to land at the Kimpo Airport but was unable to come down because of the storm.

Salineville Motorist Hurt In Car's Plunge

A 19-year-old Salineville area driver was injured early today when his car veered off Route 164 about five miles south of Lisbon, went down an embankment and into a creek.

The Ohio Highway Patrol at Lisbon said Billy McKelvy of Salineville R. D. 2 apparently lost control on a curve and his 1953 coach plunged into the creek about 12:30 a. m.

The driver suffered lacerations and bruises of the right arm and hand and abrasions of the left leg. He was charged with traveling at an excessive speed.

His car received moderate damage, the patrol reported.

8,624 Qualify For May Vote

Board Ends Signup Of Local Electors

East Liverpool has approximately 8,624 voters qualified for the May 7 primaries, the County Election Board said after ringing down the curtain on registration Wednesday night at 9.

In the biggest rush of its enrollment campaign, the board registered 60 electors yesterday and listed 13 transfers — changes of address.

State law requires that registration cannot be opened again until 10 days after the primaries.

The registration total is approximate, although it has been adjusted to compensate for names which were removed because of deaths or voters moving outside the city, the board explained. Some 43 names were removed yesterday.

The board launched its enrollment campaign early in March. However, response did not begin to pick up until Monday.

In the last three days of the registration drive, the board's office on W. 6th St. operated on a continuous 12-hour daily schedule. It was open Monday through Wednesday from 9 a. m. to 9 p. m. to give unqualified electors every opportunity to enroll.

Complaints Study Set On Tax Hikes Next Week

LISBON — The start of study of formal complaints concerning real estate tax increases following the recent reappraisal is scheduled next week, with hearings due in mid-April.

Approximately 257 notices have been filed for study by the Columbiana County Board of Revision, Auditor Kenneth Bell reported.

The board, which includes Bell, County Treasurer Vincent Judge and County Commissioner Walter Hunston, is tentatively slated to open studies Tuesday on the complaints were filed following mailing of tax statements Feb. 28.

Throughout the county real estate taxes were increased because of higher valuation under the reappraisal, because of additional county and subdivision taxes and because of a boost in the property taxation from 33 per cent of the market valuation to 40 per cent.

Bell said a number of informal complaints about higher taxes have already been settled after a detailed explanation by members of his staff on how the amount of the tax was computed.

The auditor said that in a few cases some errors have been found as a result of mistakes in computing and the figures have been rectified. In one case, a property owner's taxes were in-

Throughout the county real estate taxes were increased because of higher valuation under the reappraisal, because of additional county and subdivision taxes and because of a boost in the property taxation from 33 per cent of the market valuation to 40 per cent.

Bell said a number of informal complaints about higher taxes have already been settled after a detailed explanation by members of his staff on how the amount of the tax was computed.

The auditor said that in a few cases some errors have been found as a result of mistakes in computing and the figures have been rectified. In one case, a property owner's taxes were in-

Crews Begin Spring Street Cleaning Job

Downtown East Liverpool saw an official spring sign this morning that's more reliable than the "first robin" — street department crews began the annual task of removing the winter accumulation of ashes and other debris from pavements.

Supt. W. M. Laughlin said the work was launched on outer Dresden Ave., extending from W. 9th St. to Webber Way. Crews then were to shift to sections of Grant St. and Lincoln Ave.

In the work this morning, part of the crew moved along the curbs, scooping up the heavy accumulation of dirt and loading it onto trucks to be hauled away. Another followed with a fire hose, flushing the residue into storm sewers.

Laughlin said most of the work results from the "tons and tons of ashes and salt that went onto the streets last winter."

Another crew is scheduled to begin a similar cleanup tonight in the heart of the business area. Work will get under way at midnight, Laughlin said.

The spring cleaning will continue until the winter's accumulation of dirt and ashes has been scooped and flushed from all paved streets, Laughlin said.

The accumulation is not nearly so heavy on most streets this year as it was last spring, thanks to recent operation of the department's mechanized street sweeper, Laughlin pointed out.

Last year at this time, the city's 1954 model street sweeper had broken down four times within a few days and finally was pronounced beyond economical repair. A few months later, Council authorized purchase of the new sweeper.

In medieval England, the salt cellar was a social boundary at dinner table. High-ranking guests sat above the ornate silver container, lesser guests below it. King Canute's laws provided that a social climber could be "pelted out of his place by bones at the discretion of the company."

45 Attend Meeting At Lisbon To Organize Camp Fire Girls

Miss Harriett Dively of Grand Rapids, member of the National field staff of Camp Fire Girls, Inc., continued meetings today at Lisbon with groups interested in forming a unit of the girls' movement.

Director of the six - state Region 9, Miss Dively addressed 45 parents and others Wednesday night at the Village Hall where she was to conduct sessions this morning and afternoon for various age groups.

Mrs. Etta Mae Alexander presided and introduced Miss Dively last night.

Chairman Appointed

Mrs. Ray Hempstead has been appointed as presiding chairman for the future organization and committee meetings and Mrs. Donald Loch will serve as temporary secretary.

Appointed to serve on the by-laws committee were Mrs. Loch, Mrs. H. D. Lessig and Mrs. Richard Kennedy.

A nominating committee is composed of Mrs. Ray Alexander, Mrs. Shirley Pilmer and Mrs. Russell Shaw.

Twenty - five attended the Silver Circle meeting of the First Christian Church Tuesday evening at the Morgan House.

Mrs. Fay Ward Hillsberry of Elkton, soloist, sang "Hold Thou My Hand" and "I Walked Today Where Jesus Walked." Miss Camile Firestone was accompanist.

Girls Give Dance

A tap dancing routine was given by Kathy Eells, daughter of Mr. and Mrs. Jay Eells, and Terry Eells, daughter of Mr. and Mrs. George Eells, both of Elkton.

Hostesses were Mrs. Charles Y. Carlisle, Mrs. Lawrence Snow and Mrs. Cecil Bernard.

Mrs. Paul Crosser, president, of the auxiliary of the Eagles Aerie, presided its meeting Tuesday evening at the lodge home. Members with March birthday anniversaries, were honored.

An invitation to attend the East Liverpool auxiliary's anniversary dinner Sunday was read by the secretary, Mrs. Louis Hedl.

Next Session April 9

Next meeting April 9 will feature a white elephant sale following business.

The Monday Club met at the home of Mrs. George Nace of E. Lincoln Way.

The evening's program presented by Mrs. Richard Kennedy included a discussion of the 10 top hat designers and their spring styles. Members modeled the display of latest styles and Mrs. G. V. Weinstock showed hats she made.

Mrs. Charles Pike of Prospect St. will receive the club April 8. "Ishi In Two Worlds" will be the program with Mrs. Royal Parry in charge.

Before you begin mixing drop cookies, turn on the oven to the correct baking temperature and, if necessary, butter the cookie sheets. Rubbing the sheets with butter rather than shortening gives a good flavor.

4 Get Sentences For Intoxication From City Judge

Three men and a woman were remanded to jail today in default of fines imposed by Municipal Judge Samuel M. Chertoff when they pleaded guilty to intoxication charges.

The judge meted out a fine of $25 and costs to Mack McCool of St. Clair Ave., who was found lying in a W. 6th St. parking lot at 12:10 a. m. today. McCool was taken to City Hospital for treatment of abrasions of the nose, then lodged in jail on the intoxication charge, police said.

Similar fines were given William R. Jarrett of Chaffin St., cited at 2:12 this morning in the Green Mill Tavern on Dresden Ave., and Lawrence Mathes, 603 E. 3rd St., arrested at 11:51 p. m. Wednesday at his home.

Judge Chertoff imposed a fine of $50 and costs on Mrs. Jean Franklin of Michigan Ave., who was arrested at 1:20 p. m. Wednesday on Market St. The court denied a plea for leniency, pointing out to the woman she was released on the last occasion she appeared on the same charge.

Palestine Sets Appeal For Red Cross Funds

EAST PALESTINE — A house-to-house canvass for the Red Cross will be conducted tonight, starting at 6, by the high school Key Club and Hi-Y Club, Ronald Mackall, city drive chairman, announced.

A goal of $1,500 has been set. Headquarters for the volunteer solicitors will be Mackall's Restaurant on E. Taggart St.

Westfield Man Fined For Reckless Driving

Almarian Preston, 52, of Westfield was fined $10 and costs today by Municipal Judge Samuel M. Chertoff when he pleaded guilty a charge of reckless driving in the Westgate School zone.

The affidavit was signed by Patrolman Orin C. Smith, who cited Preston at 8:42 this morning. It alleged that Preston pulled out from the traffic light at W. 8th and Lisbon Sts. "at a high rate of speed" and drove 35 miles an hour in the school zone, where there is a 20-mile limit.

Crews Begin Spring Street Cleaning Job

Downtown East Liverpool saw an official spring sign this morning that's more reliable than the "first robin" — street department crews began the annual task of removing the winter accumulation of ashes and other debris from pavements.

Supt. W. M. Laughlin said the work was launched on outer Dresden Ave., extending from W. 9th St. to Webber Way. Crews then were to shift to sections of Grant St. and Lincoln Ave.

In the work this morning, part of the crew moved along the curbs, scooping up the heavy accumulation of dirt and loading it onto trucks to be hauled away. Another followed with a fire hose, flushing the residue into storm sewers.

Laughlin said most of the work results from the "tons and tons of ashes and salt that went onto the streets last winter."

Another crew is scheduled to begin a similar cleanup tonight in the heart of the business area. Work will get under way at midnight, Laughlin said.

The spring cleaning will continue until the winter's accumulation of dirt and ashes has been scooped and flushed from all paved streets, Laughlin said.

The accumulation is not nearly so heavy on most streets this year as it was last spring, thanks to recent operation of the department's mechanized street sweeper, Laughlin pointed out.

Last year at this time, the city's 1954 model street sweeper had broken down four times within a few days and finally was pronounced beyond economical repair. A few months later, Council authorized purchase of the new sweeper.

In medieval England, the salt cellar was a social boundary at dinner table. High-ranking guests sat above the ornate silver container, lesser guests below it. King Canute's laws provided that a social climber could be "pelted out of his place by bones at the discretion of the company."

45 Attend Meeting At Lisbon To Organize Camp Fire Girls

Miss Harriett Dively of Grand Rapids, member of the National field staff of Camp Fire Girls, Inc., continued meetings today at Lisbon with groups interested in forming a unit of the girls' movement.

Director of the six - state Region 9, Miss Dively addressed 45 parents and others Wednesday night at the Village Hall where she was to conduct sessions this morning and afternoon for various age groups.

Mrs. Etta Mae Alexander presided and introduced Miss Dively last night.

Chairman Appointed

Mrs. Ray Hempstead has been appointed as presiding chairman for the future organization and committee meetings and Mrs. Donald Loch will serve as temporary secretary.

Appointed to serve on the by-laws committee were Mrs. Loch, Mrs. H. D. Lessig and Mrs. Richard Kennedy.

A nominating committee is composed of Mrs. Ray Alexander, Mrs. Shirley Pilmer and Mrs. Russell Shaw.

Twenty - five attended the Silver Circle meeting of the First Christian Church Tuesday evening at the Morgan House.

Mrs. Fay Ward Hillsberry of Elkton, soloist, sang "Hold Thou My Hand" and "I Walked Today Where Jesus Walked." Miss Camile Firestone was accompanist.

Girls Give Dance

A tap dancing routine was given by Kathy Eells, daughter of Mr. and Mrs. Jay Eells, and Terry Eells, daughter of Mr. and Mrs. George Eells, both of Elkton.

Hostesses were Mrs. Charles Y. Carlisle, Mrs. Lawrence Snow and Mrs. Cecil Bernard.

Mrs. Paul Crosser, president, of the auxiliary of the Eagles Aerie, presided its meeting Tuesday evening at the lodge home. Members with March birthday anniversaries, were honored.

An invitation to attend the East Liverpool auxiliary's anniversary dinner Sunday was read by the secretary, Mrs. Louis Hedl.

Next Session April 9

Next meeting April 9 will feature a white elephant sale following business.

The Monday Club met at the home of Mrs. George Nace of E. Lincoln Way.

The evening's program presented by Mrs. Richard Kennedy included a discussion of the 10 top hat designers and their spring styles. Members modeled the display of latest styles and Mrs. G. V. Weinstock showed hats she made.

Mrs. Charles Pike of Prospect St. will receive the club April 8. "Ishi In Two Worlds" will be the program with Mrs. Royal Parry in charge.

Back To The Boondoggle?

If the Kennedy administration's hope for establishing a 1960 version of the Civilian Conservation Corps of the 1930s becomes a party showdown in Congress, the issue should be defined bluntly.

It will be whether the United States should capitalize on the good name earned by the CCC in the Great Depression of the First New Deal and the Second New Deal.

Throughout the '30s anything that would give a man a job seemed to be worth trying. That was where the famous apple sellers in New York City came from. It was a stunt for selling apples that was twisted by the propagandists of the political opposition into their favorite vignette of economic desperation.

When the Roosevelt New Deal launched what were to be a succession of agencies for making jobs with the expenditure of public funds, everything was experimental.

Besides all the permanent benefits that came from its program of using tax revenue and an increasing federal debt to underwrite a public works program, there also came a weird offshoot called "boondoggling."

BOONDOGGLING flourished under WPA—Works Progress Administration.

It was a kind of tolerated featherbedding—a way to make it possible for men to draw benefits by going through the motions of performing work that did not need to be done.

It was of many varieties, ranging from useless leaf-raking to questionably useful book-writing and picture-painting. And its cumulative impact on the public mind as more and more examples came to light was painful in the extreme.

Americans learned to hate the thought of forcing their fellowmen to go through the humiliating experience of being identified with work that didn't need to be done, for the sole purpose of furnishing a reason to give them something to do.

In this seamy background, the CCC camps stood out like crown jewels of public management. They were run on the order of military camps. The young men who lived in them were all able-bodied.

They performed mostly useful work in places of chronic labor shortages — the national parks and forests. It was a kind of training in outdoor living. Not only did the parks and forests look better; the CCC "trainees" looked better.

BUT ONE FACT remained.

The CCC camps looked especially good by comparison with WPA work crews, which were made up of disparate types and performed many jobs that either bordered on boondoggling or actually were boondoggling.

The Kennedy administration has been attracted to the idea because it would be a way to give employment to the young with public money. It is tempted to pry it into the forefront with the leverage established by the Youth Corps.

The issue is whether the Kennedy administration should be allowed to repeat the tragic experience of the Roosevelt administration before the Great Depression finally was dissolved by the advent of World War II.

Make-work jobs at public expense are no substitute for the real thing.

The same time that would be spent attaching a few more hundred thousand people to the public udder would be spent to better advantage in improving the lactation of the private enterprise cow—and not with further additions to the public debt while dangling glittering promises of a tax cut, either.

What's A 35-Hour Week?

By DAVID LAWRENCE

What's a "35-hour week"? Union labor is all for it, and at first glance it seems a wonderful thing not to have to work 40 hours but only 35. But what are the facts?

David Lawrence

In the first place, union labor wants the same pay for 35 hours as for 40. In the second place, the practical effect is that almost always the same employees — not the unemployed—get the extra money whenever work is extended beyond 35 hours.

The unions, moreover, insist that double payment be made for each hour above 35, instead of the usual hour-and-a-half pay for one hour of overtime work. All this would mean an increase of hundreds of millions of dollars in industry's labor costs.

The change from 40 to 35 hours with no reduction in weekly pay would increase labor costs 14 per cent. If overtime also is involved, still further increases would result.

These simple statements tell the real story about what's wrong with the trend of the national economy today and why President Kennedy's prediction of a "decade of recession" is likely to come true, even if a tax cut is granted by Congress.

MR. KENNEDY has made occasional references to the 35-hour week and has taken a position opposite to the AFL-CIO, which is demanding it.

The AFL-CIO unions, however, have a powerful weapon available. They can get the 35-hour week — and in some trades now are obtaining it — by the usual process of extortion through strikes or threats of strikes, euphemistically called "collective bargaining."

The public generally doesn't know what a 35-hour week would mean. Not only would this work schedule fail to absorb the unemployed of today, but it would not make new jobs for the millions of young workers coming into the labor market each year.

The overtime problem is the real reason. A company that operates on one shift, for instance, of eight hours a day for five days to take care of an hour or two of a week cannot hire new workers work each day after the regular shift finishes.

It is natural to use the existing personnel and to pay the overtime rate of an hour and a half for every extra hour worked. As the overtime expense grows, the employer has to figure out whether he can make a profit at the increased cost of the labor involved.

In lots of instances, he is stymied and cannot expand or create new jobs.

The 35-hour week has already been obtained in several trades and crafts by the pressure of labor unions. This leads, of course, to desperate efforts by the employer to find new machinery and to cut down other expenses, which again means more unemployment. It certainly doesn't add to national growth.

Employers in many cases would rather pay higher rates per hour than pay penalties for overtime. It leads to better planning and a better system of weighing costs in expansion programs. The real stumbling block to growth is the overtime rate and the reduction of the work week.

While the President doesn't favor a federal law which would establish a 35-hour week uniformly in all kinds of work, both in the factory and in white-collar jobs, the union leaders know that, as they compel industry after industry to adopt the 35-hour week, the non-organized workers will eventually protest and ask the government to put them on an equal footing with the organized workers.

FROM AN ECONOMIC standpoint, therefore, the 35-hour week and the penalties for overtime are barriers to new employment. This means that unemployment will grow throughout the 1960s even as it is growing today. President Kennedy in his Chicago speech last week said:

"Our civilian labor force grew by nearly 12 million during the last 15 years. But the number of jobs grew by only 10 million.

"In the last five years we saw an annual increase of only 175,000 private jobs, outside of agriculture, compared to 700,000 in each of the previous 10 years. Our total gross national product output grew at a rate of only 3 per cent, while unemployment remained continuously above 5 per cent. . . .

"Unless we step up our rate of growth, unless we create a supply of jobs which is more equal to the demand, our rate of unemployment will steadily and swiftly climb to the recession level of 7 per cent, even without a recession."

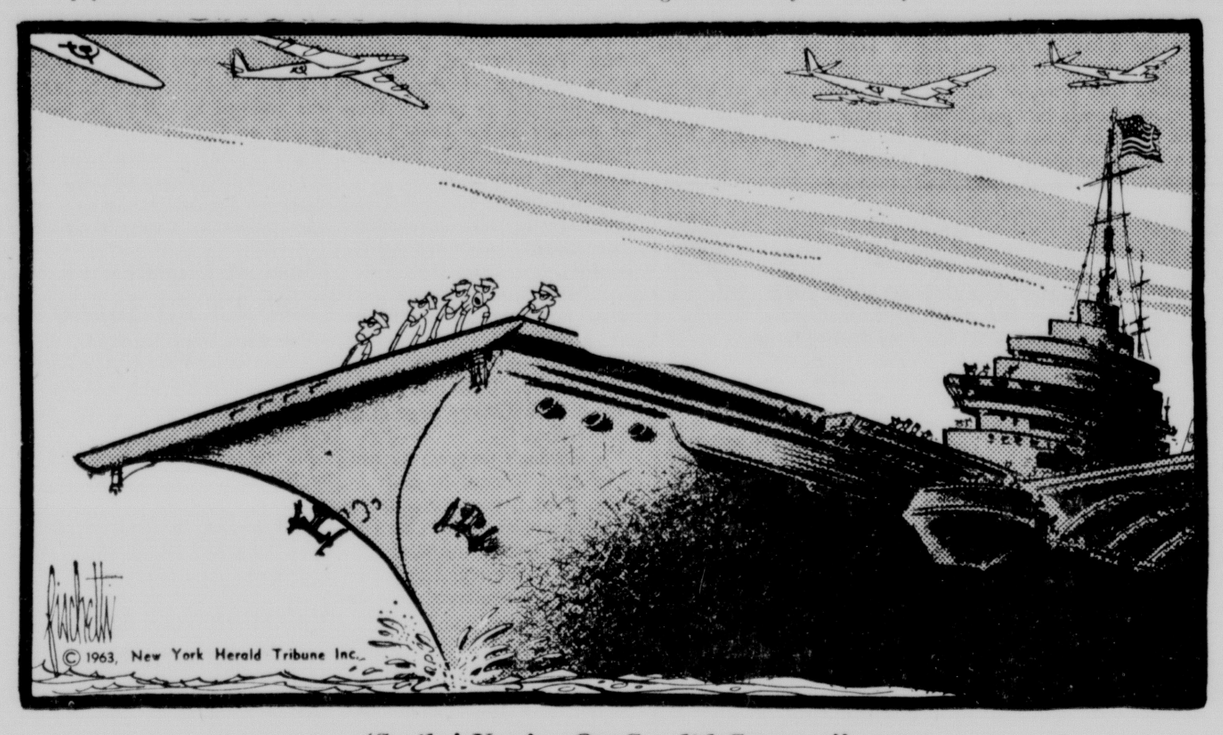
It isn't tax reduction, therefore, that can save the day, but a better margin of profit on the present volume of sales so as to make it worthwhile to invest money to bring about the very expansion which increases jobs.

It is a less expensive way to promote employment than deficit spending by the government.

Yet the President has not uttered a single word of recommendation to Congress to amend the labor-management laws to curb the monopoly power of labor unions and to put collective bargaining on a sound economic basis.

This can be done through national federations of labor leaders who would have power over local unions and would have the authority to forbid strikes which go to extremes.

To respect economic facts is to bring confidence to business planning, and this would result in job creation and full employment.



'Smile! You're On Candid Camera!'

News Does Not Make Itself

It is too much to hope that the slambang investigation of news management in the Defense Department will change any preconceived ideas about news.

But it is not too much to hope that it may bring into clearer focus some half-formed ideas about how news is processed and distributed.

Contrary to an idea planted in the minds of the young by television, news is not what someone says in a televised "press conference" that is run through duplicating machines and distributed from coast to coast via newspapers, radio and TV tapes.

That is one small category of news—the public event.

A similar category is the "handout," a statement written in advance and passed out in duplicate.

These are not prime sources of news, however. They are contrived, secondary sources—contrived for the convenience of people who want to use the information media for their own purposes under their own terms.

Prime news sources are events that must be witnessed, comprehended, described and explained before they have significance. Some of the world's greatest events were not news because no one saw them, described them, explained them, or comprehended them, like the descents of the Arctic ice cap.

Other prime sources of news are revelations that reporters make by piecing together odds and ends of information that apparently are unrelated.

And there is the kind of news collected routinely by specialists using their accumulated skill to keep the public informed on matters that otherwise would be incomprehensible—news of finance, politics and jurisprudence.

Unless the news media are careful in presenting their case for free access to reliable information, they may leave the impression that news is what the government says it is. They might get the idea that the fight between the news media and the Defense Department is over the department's right to lie about the news.

Not so. The fight is over it's right to lie about an event. News is what the news media dig out, not what public officials say.

The news in this case was the discovery the Defense Department fibbed about events pertaining to Cuba. The fib was in a handout.

A Disillusioned Red Returns To U.S.

By VICTOR RIESEL

I used to "ride gun" for a rather prominent labor leader during the weeks after he broke with the Communists. We used to meet on upper Broadway on alternate corners and snake our way downtown. Melodramatic, yes. But so be it. He knew the insides of the apparat. If anything was going to happen, he wanted it to break in the presence of a newsman. Melodramatic, yes. But so be it.

Victor Riesel

Now another has broken away from the Communist machine — and his story makes Alfred Hitchcock's tales sound like an afternoon with the Audubon Society — birds and all.

The latest to come out of the Communists' international apparatus is a chap for whom I've waited 25 years — John Santo, once the national general secretary and national director of organization of the Transport Workers Union (TWU). He developed a brogue and passed himself off as Irish, though he was a planted Hungarian Communist.

HE WAS ORDERED into the TWU because of the Leninist theory of concentration on the bottleneck industries of capitalist lands. He was in the full sense a revolutionary.

But for decades he denied every charge, every exposure, and smeared those of us — and TWU officials as well — who fought him.

Finally in 1949, after an eight-year fight during which a Communist front raised over $100,000 in his behalf, and after being ordered deported, he went back to Hungary.

After the grim holocaust of tanks in 1956, he revolted in Budapest, broke and ran for Vienna with the Freedom Fighters. There he was contacted by my late good friend, Roland Elliott, with whom I worked in defense of the Tibetan Dalai Lama. Elliott talked to Congressman Francis Walters. This past March 1, John Santo talked his heart out, told of his own darkness at noon, before the House Un-American Activities Committee.

THERE WERE MANY reasons for Santo's disillusionment. There was, for example, the moment in Budapest after the Soviet tanks had smashed the revolt.

"I have seen innocent blood shed," said Santo, "without any pretext or provocation at all. I recall that during the second attack by the Russian Red Army forces, tanks were patrolling the streets simply for the purpose of terrorizing the population . . .

"Bread was scarce, and a line formed before a bakery. . . . One of the Russian tanks pulled into position and shelled that breadline, killing mercilessly women who simply wanted to assure a loaf of bread for their families."

How did John Santo get to Budapest?

Back in '47, the Justice Department was breathing down his neck. They had him. He had been, according to his own words, ". . . a Communist journalist, organizer of the unemployed, Section Organizer of the Communist Party, Bronx, City of New York . . . a member of the District Bureau of the State Committee of the Ohio District of the Communist Party, member of the Trade Union Commission for New York (State) . . ."

BEGINNING IN '47 word came that the apparatus wanted him in the ambassador of Communist Hungary Edre Sik, in Washington. Santo saw him in the spring of '49. Sik told him to get the approval of the American Communist Party—nothing like going through channels.

And those channels, according to Santo's testimony in Washington some weeks ago, were none other than a man known as Joseph Peters — the same "J. Peters" whom the late Whittaker Chambers called the "Comintern rep" (Communist International Representative). Peters was Moscow's account executive in charge of the United States.

Chambers, in his testimony, identified J. Peters as his superior and "head of the underground section" of the Communist Party of the United States. Chambers, at that time said it was Peters who had assigned him to liaison and other duties with the party's underground in the nation's capital, and had introduced him to Alger Hiss and other Communists working in the federal government, according to the House Committee record.

In Santo's testimony before the House Committee, he said, "Through Peters, I applied for a decision of the secretariat of the central committee of the Communist Party of the U.S."

Santo then added that he believes the American Communist Party had direct contact with Ambassador Sik.

THEN, AS SANTO related it to the Committee, Peters invited him to a party in the Bronx. There he met leading Communists in a private apartment. This was in March 1949.

Ambassador Sik took Santo into one of the bedrooms. The diplomat, who had come secretly from Washington, gave Santo a Hungarian passport.

The ambassador first filled it out himself, inserted Santo's photograph, stamped it with a seal which he had in his pocket, signed it and then handed it to Santo. True personal service for services rendered.

This validated Santo's return to Hungary.

Now Santo is back in the United States. He has broken. We have the word of the Church World Service of the Protestant Episcopal Church that he was revolted by what he saw before and during the Hungarian revolt. That word is ample evidence.

But now that Santo has been shown charity, would it not be charitable on his part to say that he was so wrong when he ripped some of us apart, away back then? Not for old time's sake, but for the future.

That Would Be Tax Reform!

Some of us, perhaps because we lead sheltered lives, thought federal tax reform meant simplifying the tax structure so people could figure out what they owed without going through an ordeal of arithmetic and bookkeeping.

We could understand why corporations needed accountants and lawyers to figure out its complicated taxes. But we never could see the logic of a tax law so confusing an individual taxpayer had to hire lawyers and tax accountants to keep him out of jail.

When what was supposed to be tax reform turned out to be more wrinkles in a tax law already so puckered in resembling nothing this side of the moon, disenchantment set in. We quit thinking about tax reform as a possibility. It was put back on the dream shelf.

U.S. News & World Report has turned our attention to it again with a description of a simple income tax. Its rates would go from 10 to 35 per cent. All income would be taxable—no exemptions.

Instead of exemptions, a taxpayer would get credits against his taxes. Thus, if a married man earned $4,000 and owed $400, he would get $300 credit on his tax and then would owe $100. Married couples over 65 would get a $500 credit.

Half the benefits from Social Security would be tax-exempt; there would be absolutely no other exemptions. Anyone could figure out his tax at a glance. The government's "take" would be $10 billion less than it is now, with the greatest relief going to people least able to pay.

There would be no need for specialists in tax avoidance. Everything would be above-board—no complications, no loopholes, no hanky-panky.

That would be tax reform!

By Truman Twill

Purely Personal

I was astounded to learn that striking printers in New York City collected approximately $120 a week in apparently tax-free strike benefits and unemployment compensation, more than the net weekly earnings of many working printers.

Birth control, a tough issue to handle in debate, has a way of handling itself in reality, as it did during the depression and will again now, with millions of people unemployed, or working part-time and unable to afford babies.

I feel good about having this country represented at international trade fairs by commercial firms—getting away from the idea of projecting a national image of Uncle Sugar. I would go this one better and install a box for visitors to drop coins to help pay the debts America has piled up in the role of Uncle Sugar.

One effect of stretchout strikes against newspapers that insiders aren't overlooking is the fact many professionals have found employment elsewhere and others will follow, fearing it might be their turn to get starved out the next time around.

It impresses me in springtime that the grass turns green suddenly, not gradually. In Rosy Fingered Dawn, this already is noticeable, thanks to the absence of grime.

When you think about it, government is the name we give to a theory that you can trust billions to people you wouldn't trust thousands to under other circumstances and everything will turn out all right. It doesn't, though, does it?

Justice White's Course

By James Marlow

WASHINGTON (AP)—The nine-man Supreme Court — thanks to Justice Arthur J. Goldberg, its newest member—now has a consistent liberal majority in cases involving civil rights and individual freedoms.

Less consistent—or predictable—is the course which Justice Byron R. White, the second newest member, will follow.

He has shifted sides just enough in his short time on the bench to avoid being nailed down positively as a liberal or conservative. But he has been more conservative than Goldberg, whose record has been consistently liberal.

Both men were named to the court last year by President Kennedy as successors to two conservative justices who retired because of poor health: White for Charles E. Whittaker and Goldberg for Felix Frankfurter.

Frankfurter had pleaded for judicial restraint and deference to the wishes of Congress and state legislatures: in short, to the interests of government as against those of individuals. Whittaker leaned to that side, too.

They sometimes shifted positions on individual cases, as did the three other conservatives still on the court: Justices John M. Harlan, Tom Clark, and Potter Stewart.

When they stuck together these five conservatives prevailed as a majority.

It was when one or more of them shifted that the four liberals on the court—Chief Justice Earl Warren and Justices Hugo Black, William O. Douglas and William J. Brennan Jr.—could hand down a majority opinion, particularly in intervening against restraints on individual rights.

Little was known of White's views when he became a justice. He had been an attorney and Kennedy backer in the 1960 campaign. Goldberg, a former labor lawyer, was known as a liberal on social and political matters.

But no positive forecast could be made on the course either Goldberg or White would follow since a previous position is not a guarantee of what a man's views will be once he goes on the court. Frankfurter had been a hero to the liberals before he became a justice.

This year the Warren-Black-Douglas-Brennan liberal group has been able to hand down one majority opinion after another because Goldberg has been with them steadily.

Back To The Boondoggle?

If the Kennedy administration's hope for establishing a 1960 version of the Civilian Conservation Corps of the 1930s becomes a party showdown in Congress, the issue should be defined bluntly.

It will be whether the United States should capitalize on the good name earned by the CCC in the Great Depression of the First New Deal and the Second New Deal.

Throughout the '30s anything that would give a man a job seemed to be worth trying. That was where the famous apple sellers in New York City came from. It was a stunt for selling apples that was twisted by the propagandists of the political opposition into their favorite vignette of economic desperation.

When the Roosevelt New Deal launched what were to be a succession of agencies for making jobs with the expenditure of public funds, everything was experimental.

Besides all the permanent benefits that came from its program of using tax revenue and an increasing federal debt to underwrite a public works program, there also came a weird offshoot called "boondoggling."

BOONDOGGLING flourished under WPA—Works Progress Administration.

It was a kind of tolerated featherbedding—a way to make it possible for men to draw benefits by going through the motions of performing work that did not need to be done.

It was of many varieties, ranging from useless leaf-raking to questionably useful book-writing and picture-painting. And its cumulative impact on the public mind as more and more examples came to light was painful in the extreme.

Americans learned to hate the thought of forcing their fellowmen to go through the humiliating experience of being identified with work that didn't need to be done, for the sole purpose of furnishing a reason to give them something to do.

In this seamy background, the CCC camps stood out like crown jewels of public management. They were run on the order of military camps. The young men who lived in them were all able-bodied.

They performed mostly useful work in places of chronic labor shortages — the national parks and forests. It was a kind of training in outdoor living. Not only did the parks and forests look better; the CCC "trainees" looked better.

BUT ONE FACT remained.

The CCC camps looked especially good by comparison with WPA work crews, which were made up of disparate types and performed many jobs that either bordered on boondoggling or actually were boondoggling.

The Kennedy administration has been attracted to the idea because it would be a way to give employment to the young with public money. It is tempted to pry it into the forefront with the leverage established by the Youth Corps.

The issue is whether the Kennedy administration should be allowed to repeat the tragic experience of the Roosevelt administration before the Great Depression finally was dissolved by the advent of World War II.

Make-work jobs at public expense are no substitute for the real thing.

The same time that would be spent attaching a few more hundred thousand people to the public udder would be spent to better advantage in improving the lactation of the private enterprise cow—and not with further additions to the public debt while dangling glittering promises of a tax cut, either.

What's A 35-Hour Week?

By DAVID LAWRENCE

What's a "35-hour week"? Union labor is all for it, and at first glance it seems a wonderful thing not to have to work 40 hours but only 35. But what are the facts?

David Lawrence

In the first place, union labor wants the same pay for 35 hours as for 40. In the second place, the practical effect is that almost always the same employees — not the unemployed—get the extra money whenever work is extended beyond 35 hours.

The unions, moreover, insist that double payment be made for each hour above 35, instead of the usual hour-and-a-half pay for one hour of overtime work. All this would mean an increase of hundreds of millions of dollars in industry's labor costs.

The change from 40 to 35 hours with no reduction in weekly pay would increase labor costs 14 per cent. If overtime also is involved, still further increases would result.

These simple statements tell the real story about what's wrong with the trend of the national economy today and why President Kennedy's prediction of a "decade of recession" is likely to come true, even if a tax cut is granted by Congress.

MR. KENNEDY has made occasional references to the 35-hour week and has taken a position opposite to the AFL-CIO, which is demanding it.

The AFL-CIO unions, however, have a powerful weapon available. They can get the 35-hour week — and in some trades now are obtaining it — by the usual process of extortion through strikes or threats of strikes, euphemistically called "collective bargaining."

The public generally doesn't know what a 35-hour week would mean. Not only would this work schedule fail to absorb the unemployed of today, but it would not make new jobs for the millions of young workers coming into the labor market each year.

The overtime problem is the real reason. A company that operates on one shift, for instance, of eight hours a day for five days to take care of an hour or two of a week cannot hire new workers work each day after the regular shift finishes.

It is natural to use the existing personnel and to pay the overtime rate of an hour and a half for every extra hour worked. As the overtime expense grows, the employer has to figure out whether he can make a profit at the increased cost of the labor involved.

In lots of instances, he is stymied and cannot expand or create new jobs.

The 35-hour week has already been obtained in several trades and crafts by the pressure of labor unions. This leads, of course, to desperate efforts by the employer to find new machinery and to cut down other expenses, which again means more unemployment. It certainly doesn't add to national growth.

Employers in many cases would rather pay higher rates per hour than pay penalties for overtime. It leads to better planning and a better system of weighing costs in expansion programs. The real stumbling block to growth is the overtime rate and the reduction of the work week.

While the President doesn't favor a federal law which would establish a 35-hour week uniformly in all kinds of work, both in the factory and in white-collar jobs, the union leaders know that, as they compel industry after industry to adopt the 35-hour week, the non-organized workers will eventually protest and ask the government to put them on an equal footing with the organized workers.

FROM AN ECONOMIC standpoint, therefore, the 35-hour week and the penalties for overtime are barriers to new employment. This means that unemployment will grow throughout the 1960s even as it is growing today. President Kennedy in his Chicago speech last week said:

"Our civilian labor force grew by nearly 12 million during the last 15 years. But the number of jobs grew by only 10 million.

"In the last five years we saw an annual increase of only 175,000 private jobs, outside of agriculture, compared to 700,000 in each of the previous 10 years. Our total gross national product output grew at a rate of only 3 per cent, while unemployment remained continuously above 5 per cent. . . .

"Unless we step up our rate of growth, unless we create a supply of jobs which is more equal to the demand, our rate of unemployment will steadily and swiftly climb to the recession level of 7 per cent, even without a recession."

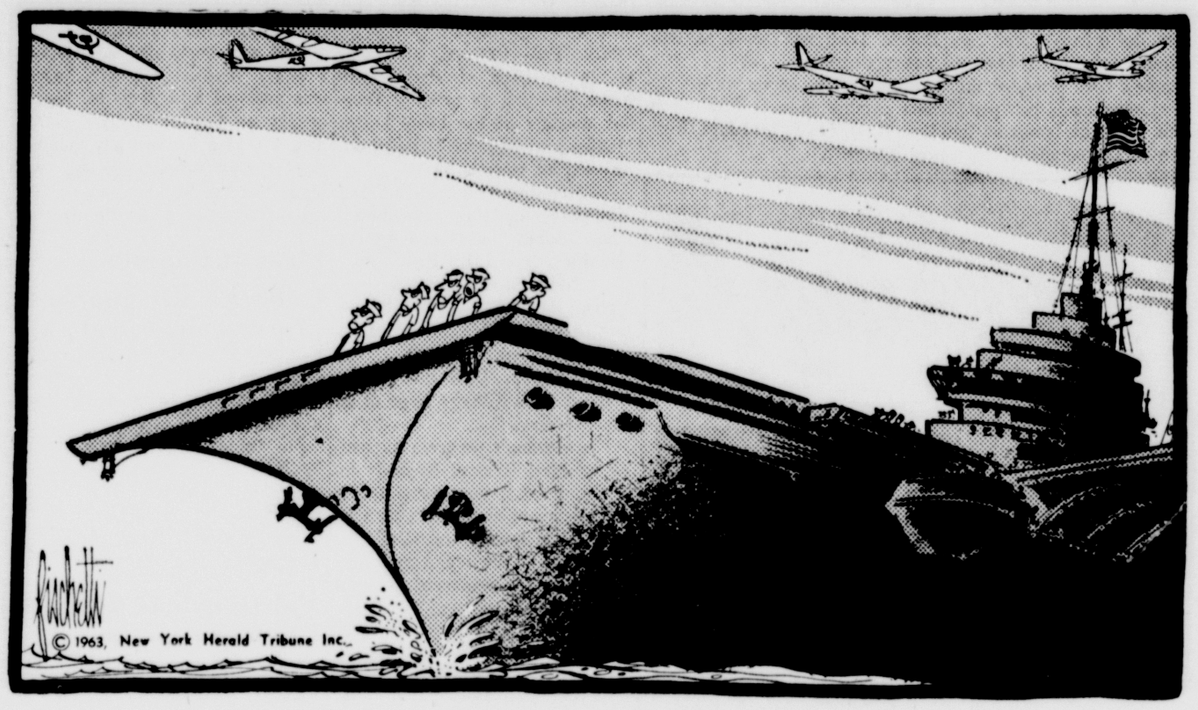
It isn't tax reduction, therefore, that can save the day, but a better margin of profit on the present volume of sales so as to make it worthwhile to invest money to bring about the very expansion which increases jobs.

It is a less expensive way to promote employment than deficit spending by the government.

Yet the President has not uttered a single word of recommendation to Congress to amend the labor-management laws to curb the monopoly power of labor unions and to put collective bargaining on a sound economic basis.

This can be done through national federations of labor leaders who would have power over local unions and would have the authority to forbid strikes which go to extremes.

To respect economic facts is to bring confidence to business planning, and this would result in job creation and full employment.



'Smile! You're On Candid Camera!'

News Does Not Make Itself

It is too much to hope that the slambang investigation of news management in the Defense Department will change any preconceived ideas about news.

But it is not too much to hope that it may bring into clearer focus some half-formed ideas about how news is processed and distributed.

Contrary to an idea planted in the minds of the young by television, news is not what someone says in a televised "press conference" that is run through duplicating machines and distributed from coast to coast via newspapers, radio and TV tapes.

That is one small category of news—the public event.

A similar category is the "handout," a statement written in advance and passed out in duplicate.

These are not prime sources of news, however. They are contrived, secondary sources—contrived for the convenience of people who want to use the information media for their own purposes under their own terms.

Prime news sources are events that must be witnessed, comprehended, described and explained before they have significance. Some of the world's greatest events were not news because no one saw them, described them, explained them, or comprehended them, like the descents of the Arctic ice cap.

Other prime sources of news are revelations that reporters make by piecing together odds and ends of information that apparently are unrelated.

And there is the kind of news collected routinely by specialists using their accumulated skill to keep the public informed on matters that otherwise would be incomprehensible—news of finance, politics and jurisprudence.

Unless the news media are careful in presenting their case for free access to reliable information, they may leave the impression that news is what the government says it is. They might get the idea that the fight between the news media and the Defense Department is over the department's right to lie about the news.

Not so. The fight is over it's right to lie about an event. News is what the news media dig out, not what public officials say.

The news in this case was the discovery the Defense Department fibbed about events pertaining to Cuba. The fib was in a handout.

A Disillusioned Red Returns To U.S.

By VICTOR RIESEL

I used to "ride gun" for a rather prominent labor leader during the weeks after he broke with the Communists. We used to meet on upper Broadway on alternate corners and snake our way downtown. Melodramatic, yes. But so be it. He knew the insides of the apparat. If anything was going to happen, he wanted it to break in the presence of a newsman. Melodramatic, yes. But so be it.

Victor Riesel

Now another has broken away from the Communist machine — and his story makes Alfred Hitchcock's tales sound like an afternoon with the Audubon Society — birds and all.

The latest to come out of the Communists' international apparatus is a chap for whom I've waited 25 years — John Santo, once the national general secretary and national director of organization of the Transport Workers Union (TWU). He developed a brogue and passed himself off as Irish, though he was a planted Hungarian Communist.

HE WAS ORDERED into the TWU because of the Leninist theory of concentration on the bottleneck industries of capitalist lands. He was in the full sense a revolutionary.

But for decades he denied every charge, every exposure, and smeared those of us — and TWU officials as well — who fought him.

Finally in 1949, after an eight-year fight during which a Communist front raised over $100,000 in his behalf, and after being ordered deported, he went back to Hungary.

After the grim holocaust of tanks in 1956, he revolted in Budapest, broke and ran for Vienna with the Freedom Fighters. There he was contacted by my late good friend, Roland Elliott, with whom I worked in defense of the Tibetan Dalai Lama. Elliott talked to Congressman Francis Walters. This past March 1, John Santo talked his heart out, told of his own darkness at noon, before the House Un-American Activities Committee.

THERE WERE MANY reasons for Santo's disillusionment. There was, for example, the moment in Budapest after the Soviet tanks had smashed the revolt.

"I have seen innocent blood shed," said Santo, "without any pretext or provocation at all. I recall that during the second attack by the Russian Red Army forces, tanks were patrolling the streets simply for the purpose of terrorizing the population . . .

"Bread was scarce, and a line formed before a bakery. . . . One of the Russian tanks pulled into position and shelled that breadline, killing mercilessly women who simply wanted to assure a loaf of bread for their families."

How did John Santo get to Budapest?

Back in '47, the Justice Department was breathing down his neck. They had him. He had been, according to his own words, ". . . a Communist journalist, organizer of the unemployed, Section Organizer of the Communist Party, Bronx, City of New York . . . a member of the District Bureau of the State Committee of the Ohio District of the Communist Party, member of the Trade Union Commission for New York (State) . . ."

BEGINNING IN '47 word came that the apparatus wanted him in the ambassador of Communist Hungary Edre Sik, in Washington. Santo saw him in the spring of '49. Sik told him to get the approval of the American Communist Party—nothing like going through channels.

And those channels, according to Santo's testimony in Washington some weeks ago, were none other than a man known as Joseph Peters — the same "J. Peters" whom the late Whittaker Chambers called the "Comintern rep" (Communist International Representative). Peters was Moscow's account executive in charge of the United States.

Chambers, in his testimony, identified J. Peters as his superior and "head of the underground section" of the Communist Party of the United States. Chambers, at that time said it was Peters who had assigned him to liaison and other duties with the party's underground in the nation's capital, and had introduced him to Alger Hiss and other Communists working in the federal government, according to the House Committee record.

In Santo's testimony before the House Committee, he said, "Through Peters, I applied for a decision of the secretariat of the central committee of the Communist Party of the U.S."

Santo then added that he believes the American Communist Party had direct contact with Ambassador Sik.

THEN, AS SANTO related it to the Committee, Peters invited him to a party in the Bronx. There he met leading Communists in a private apartment. This was in March 1949.

Ambassador Sik took Santo into one of the bedrooms. The diplomat, who had come secretly from Washington, gave Santo a Hungarian passport.

The ambassador first filled it out himself, inserted Santo's photograph, stamped it with a seal which he had in his pocket, signed it and then handed it to Santo. True personal service for services rendered.

This validated Santo's return to Hungary.

Now Santo is back in the United States. He has broken. We have the word of the Church World Service of the Protestant Episcopal Church that he was revolted by what he saw before and during the Hungarian revolt. That word is ample evidence.

But now that Santo has been shown charity, would it not be charitable on his part to say that he was so wrong when he ripped some of us apart, away back then? Not for old time's sake, but for the future.

That Would Be Tax Reform!

Some of us, perhaps because we lead sheltered lives, thought federal tax reform meant simplifying the tax structure so people could figure out what they owed without going through an ordeal of arithmetic and bookkeeping.

We could understand why corporations needed accountants and lawyers to figure out its complicated taxes. But we never could see the logic of a tax law so confusing an individual taxpayer had to hire lawyers and tax accountants to keep him out of jail.

When what was supposed to be tax reform turned out to be more wrinkles in a tax law already so puckered in resembling nothing this side of the moon, disenchantment set in. We quit thinking about tax reform as a possibility. It was put back on the dream shelf.

U.S. News & World Report has turned our attention to it again with a description of a simple income tax. Its rates would go from 10 to 35 per cent. All income would be taxable—no exemptions.

Instead of exemptions, a taxpayer would get credits against his taxes. Thus, if a married man earned $4,000 and owed $400, he would get $300 credit on his tax and then would owe $100. Married couples over 65 would get a $500 credit.

Half the benefits from Social Security would be tax-exempt; there would be absolutely no other exemptions. Anyone could figure out his tax at a glance. The government's "take" would be $10 billion less than it is now, with the greatest relief going to people least able to pay.

There would be no need for specialists in tax avoidance. Everything would be aboveboard—no complications, no loopholes, no hanky-panky.

That would be tax reform!

Justice White's Course

By James Marlow

WASHINGTON (AP)—The nine-man Supreme Court — thanks to Justice Arthur J. Goldberg, its newest member—now has a consistent liberal majority in cases involving civil rights and individual freedoms.

Purely Personal

By Truman Twill

I was astounded to learn that striking printers in New York City collected approximately $120 a week in apparently tax-free strike benefits and unemployment compensation, more than the net weekly earnings of many working printers.

Birth control, a tough issue to handle in debate, has a way of handling itself in reality, as it did during the depression and will again now, with millions of people unemployed, or working part-time and unable to afford babies.

I feel good about having this country represented at international trade fairs by commercial firms—getting away from the idea of projecting a national image of Uncle Sugar. I would go this one better and install a box for visitors to drop coins to help pay the debts America has piled up in the role of Uncle Sugar.

One effect of stretchout strikes against newspapers that insiders aren't overlooking is the fact many professionals have found employment elsewhere and others will follow, fearing it might be their turn to get starved out the next time around.

Deaths and Funerals

Crucible Mill Employe Dies

Boyd Chase, 63, of John St. died this morning at 11:30 at City Hospital, following a lingering illness.

He was born in Jackson County, W. Va., to the late William Herbert Chase and Laura Hockenberry Chase.

A resident of East Liverpool since 1928, he was employed at the Crucible Steel Co. in the electrical department. He was a member of the Glenmoor United Presbyterian Church.

He leaves his widow, Mrs. Burdene Chase at home; a son, Richard Chase, with the Navy in Pensacola, Fla., and step-mother, Mrs. Canna Chase, a half-brother, Monroe Chase, and a half-sister, Mrs. Velma Mueller, all of Point Pleasant, W. Va., and three grandchildren.

The Dawson Funeral Home is arranging services.

Mrs. Iley White

Mrs. Iley White of 45-B Midland Heights died Wednesday at 9:50 p. m. at City Hospital, after a long illness. She was 80.

Mrs. White was born June 8, 1882, in Alvy, W. Va. She was a member of the Bradshaw Ave. Church of Christ.

She is survived by a daughter, Mrs. Hazel Wildman, and a son, Delner White, both of Midland; a sister, Mrs. Alice McIntyre of Fredericktown, Mo., and eight grandchildren and five great-grandchildren.

Services will be held Friday at 8 p. m. at the Schwerha Funeral Home in Midland by Gary L. Vaughn, minister. Burial will be Saturday at White Cemetery in Alvy.

Friends may call at the funeral home in Midland after 7 tonight.

Mrs. Edward Beiling

COLUMBIANA — Mrs. Edna Mae Beiling, 61, a retired practical nurse, was pronounced dead on arrival at Salem City Hospital Wednesday at 3:07 p. m. She was taken ill earlier at her home on R.D.

Mrs. Beiling was born in West Virginia Oct. 7, 1901, and was a member of the Church of the Nazarene at Boardman.

She is survived by her husband, Edward Beiling at home; a son, E. Richard Beiling of Columbiana, and several sisters and brothers and two grandchildren.

Services will be held Saturday at 1:30 p. m. at the Warrick Funeral Home by the Rev. Ralph Parry. Burial will be in Columbiana Cemetery.

Friends may call at the funeral home tonight from 7 to 9.

Chester Peterson

LISBON — Chester Peterson, 47, formerly of R. D. 1, died Wednesday night at the Chillicothe Veterans Hospital, where he had been a patient three years.

Born April 16, 1915, in Lisbon, a son of William H. and Bertha Althar Peterson, he formerly worked as a strip miner. He was a veteran of World War II.

Survivors include a son, Richard L. Peterson, and a daughter, Carole Sue Peterson, both of Columbiana, and two sisters, Mrs. Florence Pennell and Mrs. Pauline McClure, both of Lisbon.

The Henry Funeral Home will announce arrangements.

Mrs. Rosa Jones

LISBON — Mrs. Rosa Jones, 86, formerly of Highlandtown, died Wednesday night at the County Home, where she had been a resident about three weeks.

The Henry Funeral Home will announce arrangements.

Soviet Denies Planes Flew

WASHINGTON (AP)—The Soviet Union has flatly denied a U.S. charge that Soviet planes flew 30 miles into Alaska March 15. Moscow says their aircraft were more than 200 miles away.

Washington authorities said the Soviet denial, received late Wednesday, probably will end the formal diplomatic exchange on the incident. But they predicted the United States will continue to remind the Soviet Union at appropriate times that air space intrusions will not be tolerated.

The U.S. government was sticking firmly to its version, contained in a March 16 protest note to Moscow, that two Soviet reconnaissance planes flew over the southwestern corner of Alaska for nearly a half hour.

The Kremlin responded with an equally emphatic denial in a brief note.

U.S. officials said the Soviet Union contended their planes flew no closer to the U.S. border than 350 kilometers (about 218 miles).

The State Department declined to make the note public. Officials said it was up to the Soviets to do that.

Moscow appeared to have no desire to make a big issue over the incident. U.S. informants said the note was very short and devoid of propaganda embellishments the Communists often include in their diplomatic and public declarations.

Best 72-hole score on the PGA tour of 1962 was registered by Phil Rodgers with a 263 in the Tucson Open. He shot 64-68-65-66.

DeMolay Group Sets Installation Saturday Night

David Hoffman, son of Mr. and Mrs. Homer D. Hoffman of Hoffman's Estates, will be installed as master councilor at a special meeting of the Harding Chapter, Order of DeMolay, Saturday at 7:30 p. m. at the Masonic Temple. He is a junior in East Liverpool High School.

John Geren will be installed as senior councilor and Wilmer Byrson Jr. as junior councilor. Other officers appointed for the coming term will also be inducted.

Gary Hicks, state master councilor, will be the installing officer.

Merit bars for the past DeMolay year will be presented.

The chapter plans to hold a bridge blockade to solicit funds for the Cancer Society April 20.

East Ohio Gas Pays County $25,936 Tax

LISBON — Columbiana County received one of its largest checks for real and personal property taxes today from the East Ohio Gas Co.

A check for $25,936.86 presented to Treasurer Vincent C. Judge was for assessments on East Ohio property in the county for the first half of 1962.

East Ohio's annual property tax in the county amounts to $51,874.72, an increase of about 6 per cent over the previous year because of higher rates in some communities and a higher valuation overall due to new investments by the company.

In addition, the company recently paid $5,434,314.89 in the form of state excise and poor relief taxes. A portion of this money will be returned to Columbiana County in the form of state general fund and poor relief expenditures.

East Ohio will pay a total of nearly $6,360,000 in real and personal property taxes to 28 counties this year. Most of the funds go toward support of school systems.

Weirton Steel Parent Firm's Earnings Rise

PITTSBURGH — Substantially increased sales and an improvement in earnings in 1962 are reported by National Steel Corp. in the annual report sent stockholders. The Weirton Steel Co. is a subsidiary of National.

Net income for 1962 was $35,543,233, equal to $2.32 per share on 15,331,344 shares, compared with net income in 1961 of $32,916,804, equal to $2.15 per share on 15,282,904 shares. Per share earnings for 1961 have been adjusted to reflect the two-for-one stock split which became effective in January 1962. Dividends of $1.60 per share were paid in 1962, as against the former equivalent rate of $1.50 per share and amounted to $24,504,745. The balance of net income, $11,038,488 was retained in the business.

National Steel's net sales in 1962 were $744,630,790, the highest in the company's history, and compared with $648,366,101 in 1961 and with $736,978,650 in 1959, the previous record year.

Mental Health Group Approves Constitution

LISBON — The constitution and bylaws of the Columbiana County Mental Health Clinic were adopted at a meeting Wednesday noon at the Wick Hotel.

A Board of Trustees with nine members now will be appointed by the Board of Directors. It will set up a meeting with state officials to get aid for the operation of a clinic for county residents.

Dr. Paul Conrad of Leetonia, president of the board, presided. Probate Judge Louis Tobin of East Liverpool was chairman of the constitution committee.

Next meeting is April 13 at the Wick Hotel.

School Heads Hear Speech Therapy Aide

LISBON — Dr. William Weidner of Kent, supervisor of the Northeast Ohio District for speech and hearing therapy, gave the duties of the therapist and regulations at the County School Administrators Roundtable Wednesday night at Beaver Local Public School. There were 25 present.

Jerry Strabley of Salineville and Miss Karen Peterson of Cuyahoga Falls, newly-hired county speech and hearing therapists, were introduced.

A question-and-answer period followed.

70 Attend Inspection Of Masons At Lisbon

LISBON — Walter Cope, high priest, presided at the annual inspection of New Lisbon Chapter 92, Royal Arch Masons, Tuesday evening at the Masonic Temple with 70 present.

The Past Master's Degree was conferred on one candidate.

Guests were Roy C. Baxter of Kinsman, 19th District deputy grand high priest and inspecting officer, and Rand B. Bumgarner of St. Clairsville, 15th District deputy grand high priest.

Cub Pack Shows Flags Of States

Flags of the states made by each den and a cake walk featured the meeting of Cub Pack 20 of Wellsville Tuesday night in the Covenant United Presbyterian Church.

Each den also told of historic events in keeping with the theme of the month, "Around the USA." Bobby Sell and Randy Young won the cake walk and music was provided by Sally McCutcheon.

Webelos awards were presented by Ray Means, assistant cubmaster, to Jeff Seigler and Jimmie Grills. Other awards presented by Robert Seigler, cubmaster, were: Billy Brown, lion patch and gold and silver arrow; Mark McCutcheon, gold arrow under wolf, and Randy Carroll, bear book.

The attendance banner was won by Mrs. Evelyn Seigler's Den 1. Mrs. Betty Hughes and Mrs. Carolyn Lindesmith were introduced as new mothers of Den 1. A committee meeting will be held Friday night at 7:30 at the church.

Sure Way To Keep Her Off Highways

LEXINGTON, Ky. (AP) — Mrs. Marion L. L. Short says she plans to teach her 13-year-old daughter, Julie, how to pilot a helicopter before she learns to drive a car.

"I want to keep her off the highways," explained Mrs. Short.

She and her husband operate a commercial heliport near Lexington and inspect power lines for a utilities company by helicopter.

Dr. Sheppard's Attorneys Make High Court Plea

WASHINGTON (AP) — Attorneys for Dr. Sam Sheppard, the Cleveland, Ohio, wife slayer, have appealed to the U.S. Supreme Court in another step in their long legal battle to free him from prison.

They asked the high court Wednesday to reverse an Ohio Supreme Court ruling that denied lie detector or hypnosis tests for Sheppard. The attorneys claim these might produce evidence of his innocence.

Ohio's commissioner of corrections, M. C. Koblentz, refused to allow the tests and the Ohio Supreme Court upheld him, saying "the very great majority of persons confined in penal institutions continually protest their innocence."

Sheppard, 39, is serving a life sentence for the July 4, 1954, slaying of his pregnant wife, Marilyn, in their fashionable home in Bay Village, a suburb of Cleveland.

His attorneys said in their appeal Wednesday that: "If counsel seeking to demonstrate factual error is to be hamstrung in his investigations by petty administrative officials, the chances of clearing innocent men become increasingly remote."

16 At Meeting Held By Liverpool Firemen

Sixteen attended the meeting of the Liverpool Township East fire department Wednesday night at the Dixonville station.

Everett Vernaccini was in charge of refreshments.

Firemen were reminded of the Tri - State Firemen's Association meeting to be held Friday at the Lawrenceville station. John Borsos, president, presided. A training session will be held April 10.

Mrs. White was born June 8, 1882, in Alvy, W. Va. She was a member of the Bradshaw Ave. Church of Christ.

She is survived by a daughter, Mrs. Hazel Wildman, and a son, Delner White, both of Midland; a sister, Mrs. Alice McIntyre of Fredericktown, Mo., and eight grandchildren and five great-grandchildren.

Services will be held Friday at 8 p. m. at the Schwerha Funeral Home in Midland by Gary L. Vaughn, minister. Burial will be Saturday at White Cemetery in Alvy.

Friends may call at the funeral home in Midland after 7 tonight.

Mrs. Edward Beiling

COLUMBIANA — Mrs. Edna Mae Beiling, 61, a retired practical nurse, was pronounced dead on arrival at Salem City Hospital Wednesday at 3:07 p. m. She was taken ill earlier at her home on R.D.

Mrs. Beiling was born in West Virginia Oct. 7, 1901, and was a member of the Church of the Nazarene at Boardman.

She is survived by her husband, Edward Beiling at home; a son, E. Richard Beiling of Columbiana, and several sisters and brothers and two grandchildren.

Services will be held Saturday at 1:30 p. m. at the Warrick Funeral Home by the Rev. Ralph Parry. Burial will be in Columbiana Cemetery.

Friends may call at the funeral home tonight from 7 to 9.

Chester Peterson

LISBON — Chester Peterson, 47, formerly of R. D. 1, died Wednesday night at the Chillicothe Veterans Hospital, where he had been a patient three years.

Born April 16, 1915, in Lisbon, a son of William H. and Bertha Althar Peterson, he formerly worked as a strip miner. He was a veteran of World War II.

Survivors include a son, Richard L. Peterson, and a daughter, Carole Sue Peterson, both of Columbiana, and two sisters, Mrs. Florence Pennell and Mrs. Pauline McClure, both of Lisbon.

The Henry Funeral Home will announce arrangements.

Mrs. Rosa Jones

LISBON — Mrs. Rosa Jones, 86, formerly of Highlandtown, died Wednesday night at the County Home, where she had been a resident about three weeks.

The Henry Funeral Home will announce arrangements.

Soviet Denies Planes Flew

WASHINGTON (AP)—The Soviet Union has flatly denied a U.S. charge that Soviet planes flew 30 miles into Alaska March 15. Moscow says their aircraft were more than 200 miles away.

Washington authorities said the Soviet denial, received late Wednesday, probably will end the formal diplomatic exchange on the incident. But they predicted the United States will continue to remind the Soviet Union at appropriate times that air space intrusions will not be tolerated.

The U.S. government was sticking firmly to its version, contained in a March 16 protest note to Moscow, that two Soviet reconnaissance planes flew over the southwestern corner of Alaska for nearly a half hour.

The Kremlin responded with an equally emphatic denial in a brief note.

U.S. officials said the Soviet Union contended their planes flew no closer to the U.S. border than 350 kilometers (about 218 miles).

The State Department declined to make the note public. Officials said it was up to the Soviets to do that.

Moscow appeared to have no desire to make a big issue over the incident. U.S. informants said the note was very short and devoid of propaganda embellishments the Communists often include in their diplomatic and public declarations.

Best 72-hole score on the PGA tour of 1962 was registered by Phil Rodgers with a 263 in the Tucson Open. He shot 64-68-65-66.

DeMolay Group Sets Installation Saturday Night

David Hoffman, son of Mr. and Mrs. Homer D. Hoffman of Hoffman's Estates, will be installed as master councilor at a special meeting of the Harding Chapter, Order of DeMolay, Saturday at 7:30 p. m. at the Masonic Temple. He is a junior in East Liverpool High School.

John Geren will be installed as senior councilor and Wilmer Byrson Jr. as junior councilor. Other officers appointed for the coming term will also be inducted.

Gary Hicks, state master councilor, will be the installing officer.

Merit bars for the past DeMolay year will be presented.

The chapter plans to hold a bridge blockade to solicit funds for the Cancer Society April 20.

Unit Will Make X-Ray Examinations In Midland

Midland adults, including residents and industry employes, may obtain free chest X-ray examinations taken Tuesday when a mobile unit makes an annual visit, the Midland Area Chamber of Commerce said.

The unit will be located at 801 Midland Ave. in front of Green's Television. Hours will be 1 to 5 and 6 to 9 p. m. Those persons working in Midland, but are non-residents, also may receive the examination, the Chamber said.

The visit of the mobile unit of the Pennsylvania State Department of Health is sponsored by the Beaver County Tuberculosis Association. Local arrangements have been made by the Chamber, Steelworkers Local 1212, Midland Junior Women's Club and personnel and medical department of the Crucible Steel Co.'s Midland Works.

There were 846 chest examinations given last year in Midland, Miss Elma C. Graham, executive secretary of the association, said.

She said that over an eight-year period there have been 46 cases of tuberculosis in Midland, a figure comparable to 87 for New Brighton over the same period. Both towns are in an area of 10,000 to 15,000 population.

Figures for other towns over the eight-year period include: Aliquippa, 178; Beaver, 10; Beaver Falls, 150; Monaca, 51, and Rochester, 54.

There were 14,026 X-ray examinations taken last year of which 377 abnormalities were detected. They included 70 tuberculosis suspects, 16 lung cancers, 194 heart enlargments or cases of heart trouble, 63 respiratory infections and 34 other abnormalities.

Since 1947, when the X-ray program began in Beaver County, the examinations have disclosed 357 cases of tuberculosis, Miss Graham said.

Pointing out that Beaver County ranks 13th in the number of counties in the state leading with high case and death rates due to tuberculosis, Miss Graham said all adults should take the examinations in order "to trace the dread disease."

The free examinations are a Christmas Seal service of the county association. It also sponsors a free adult X-ray clinic the fourth Thursday of each month, except November, at the Rochester General Hospital basement.

The mobile unit will be in Aliquippa on Monday and Wednesday, in Ambridge on Thursday and in Beaver on Friday.

WAIT MIDLAND CONCERT. Directors and band students are shown preparing for the annual Midland High School spring concert and art show to be held Friday night at 8 in the school auditorium. Seated are Eva Cvetovich, and Peter Rokmich, practicing selections. Jack Webb shows a work of art to be displayed and others left to right are Lawrence Novak, advanced art instructor, Dominic DiVecchio, band director, and Lloyd Defenbaugh, guest conductor. Deffenbaugh has been music instructor in Midland schools over 29 years. Tickets may be purchased from any band member or at the door.

Industry PTA To Hold Card Party, Bake Sale

A bake sale and card party will be held by the Industry Parent-Teacher Association tonight at 8 in the Ohio View School. Mrs. William Keagy and Mrs. Paul Mehno are co-chairmen.

Officers will be elected when the unit meets April 4 at 8 p. m. in the school.

Dr. Herman Bush of Beaver, representative of the Beaver County Cancer Society, will speak on "Cancer — Life Against Itself" and distribute literature. A question-and-answer period will follow. Mrs. Clarence Craft, president, will preside.

Holdup

(Continued from Page One)

were taken into custody at the parking lot of the Turkey Run Inn by deputies who had the site staked out since last night when some parked cars, recognized as belonging to some of the Mahoning County men, aroused suspicions of the officers.

The inn is located about a quarter of a mile west of Route 7.

2 Carloads Arrive

When two carloads of men arrived at the lot about 3:45 a. m., officers closed in and found the suspect trio with the guns and money in one car, a convertible.

In the other auto were James Dinsio of Salem R. D., Frank Lentine of Girard, and Len Strollo of Cleveland. Sheriff VanFossan said they were questioned and released after nothing suspicious was found on them or in their auto.

The other three were taken to the County Jail at Lisbon and questioned further, but they "aren't talking," the sheriff reported this morning. Deputies photographed the coins and the suspects and fingerprinted them.

Weirton and Wheeling police were en route to further question the three, Sheriff VanFossan said.

Cash In Cigar Boxes

The money was in five or six cigar boxes which were in the pillow case with the guns. The cigar boxes contained loose coins of all denominations, coins in rolls, currency, coin folders and coin books.

Deputies who were preparing to itemize and count the money, said they do not know how much money was involved just on face value, but said it apparently would not be over $1,000. However, they said the value of the old coins might be considerable.

The two weapons were a .32-caliber pistol and a .38-caliber.

The two Dinsios and two brothers — Vince and William—were indicted by the Mahoning County Grand Jury in November on six counts of receiving $20,100 worth of stolen property. They operate a coal mine near Greenford.

Originated In 1962

The indictments stemmed from an investigation by the Mahoning County sheriff's office in the spring of 1962 when details of a theft operation — called "The Million Dollar Burglary Ring" — were uncovered.

Found at the brothers' mine were such items as an air conditioner, office furniture, tools, office machines and manufacturing equipment all taken from district firms.

Amil Dinsio and James Dinsio were nabbed by police at Pittsburgh Jan. 10, along with a Pittsburgh man and Cleveland companion in the Power Tool & Supply Co.

Police had staked out the site on a tip, and caught the four emerging with drills and bits capable of cutting through steel, concrete and armor plate. The two brothers were released on bond.

City Man Fined $100 In Beaver Gun Case

John Searcy of East Liverpool was fined $100 and costs and given 60 days in jail Wednesday for carrying firearms without a permit when Beaver County Court disposed of three indictments from the recent Grand Jury session. He pleaded guilty. He was arrested by Midland police in January.

Francis Kane of Midland, accused of assault and battery by Jo Ann Kane, was fined $100 and costs and sentenced to six months.

John Dillion of Vanport, charged by the Vanport police with operating a vehicle while intoxicated, and convicted in a jury trial, was fined $200 and costs and sentenced to 30 days.

Jury Deliberates 3rd Day In Estes' Case

EL PASO, Tex. (AP)—A jury, trying to decide whether Billie Sol Estes used fraud to build a short-lived fortune, went into a third day of deliberation.

After first advising U.S. Dist. Judge R.E. Thomason they were deadlocked, the 10 men and two women weighing the case agreed late Wednesday to try again.

Boosters Study Field Project At Southern Local

SALINEVILLE — Drainage of the new Southern Local High School athletic field and other aspects of constructing the field were discussed at a meeting of the Athletic Boosters Club Wednesday night at Salineville High School.

A Salem landscaper discussed seeding of the field.

The group took under a study a suggestion by Lou Higganbotham, coach, that a contribution be made for the high school band's trip to the state music competition.

About 25 attended the meeting at which it was announced about $4,800 has been collected or pledged in the drive to provide the new grid field. Next meeting will be Thursday.

Discussion of the fund drive was held at a meeting of the pledge committee attended by 12 Tuesday night at the Highlandtown fire station.

Carl Roudebush of Carrollton, representative of the Rural Electrification Administration, spoke about lighting service. Plans call for filling and seeding the field, erecting bleachers and providing lighting.

Wellsville Starts Repair On Street

The Wellsville street crew started work this morning on patching Wells Ave. from the floodwall to the super-road.

Two truck loads of cold mix were obtained, according to Safety-Service Director Fred Baldasare, who said he hopes to complete the work today.

A backhoe was used Monday to dig out some of the larger holes. This street was one of the worst in town as it is at the intersection of Routes 7 and 45.

The extreme freezing and thawing the past few months caused large sections of the blacktop to break up.

Baldasare said work was completed Wednesday afternoon on a broken sanitary sewer at Crystal Alley and 20th St.

The line was about 14 feet deep and a backhoe was used to make the excavation. Only one section was broken.

The Los Angeles Angels will play 59 home night games this year.

Rodeo Signed As Fair Event

LISBON — King Brothers Rodeo will give matinee and evening performances at the County Fair Friday and Saturday, Aug. 23-24, the County Agricultural Society, which sponsors the annual rural exhibition, decided Wednesday night at the county extension office.

There will be twilight racing between the two rodeo performances — the first time in history twilight racing has been held at the County Fair.

The fair's opening day, Aug. 22, will be marked by a horse-pulling contest at 9 a. m. It also will be observed as "Youth Day" with a coronation ceremony and a talent show in front of the grandstand in the evening.

The fair's first Sunday operation, Aug. 25, will begin with morning church services on the grounds. A horse show will be held in the afternoon, followed by a performance by the Quaker City Band of Salem. A horse show also will be held in the evening.

Gene Holter's Animal Show is booked for the last day, Aug. 26, for both afternoon and evening performances in front of grandstand.

The board authorized the renting of the fair grounds to the Northeastern Ohio Horse - Pulling Association for its annual pulling event on Memorial Day, May 30.

Next regular meeting will be April 24 at the office at the Fair Grounds.

Motorist Cited In 'Chain' Crash

A Lisbon motorist was arrested after a three-car chain crash Wednesday night at 11:20 on Route 7 just over two miles north of Empire.

The Wintersville State Highway Patrol said Ralph H. Hostetter, 37, of 207 E. Washington St., Lisbon, was cited after his car hit the rear of another operated by James W. Blouir of Lisbon R. D. 2, driving it into the rear of one owned by Charles Meighn, 29, of Toronto.

Meighn's car broke down on the highway and he got out. Blouir was halted behind Meighn when struck by Hostetter, officers said.

Hostetter was cited for speeding in excess of road conditions. He was fined Tuesday by Judge Augustus Evans Jr. of Toronto for passing on the approach to a hillcrest.

Fined On Plates

NEW CUMBERLAND — Roy E. Fields, 29, was fined $10 and costs Wednesday by Squire John D. Herron on a charge of improper plates. He was cited by West Virginia State Police.

creases as a result of the correction, he added.

Meanwhile, Auditor Bell said he has set April 15 as the possible date he will attempt to make advances on the taxes now being collected for the first - half of 1962.

The taxes are coming in rather slowly, according to Judge. None of the big taxpayers, such as the corporations, have paid.

Closing date of the collection is April 10 and persons who are filing a complaint on their new figure appraisal figure must pay by the deadline or there will be a penalty. But if their taxes are lowered, they will receive a rebate on their second-half payment.

Project Due Tuesday

Unit Will Make X-Ray Examinations In Midland

Midland adults, including residents and industry employes, may obtain free chest X-ray examinations taken Tuesday when a mobile unit makes an annual visit, the Midland Area Chamber of Commerce said.

The unit will be located at 801 Midland Ave. in front of Green's Television. Hours will be 1 to 5 and 6 to 9 p. m. Those persons working in Midland, but are non-residents, also may receive the examination, the Chamber said.

The visit of the mobile unit of the Pennsylvania State Department of Health is sponsored by the Beaver County Tuberculosis Association. Local arrangements have been made by the Chamber, Steelworkers Local 1212, Midland Junior Women's Club and personnel and medical department of the Crucible Steel Co.'s Midland Works.

There were 846 chest examinations given last year in Midland, Miss Elma C. Graham, executive secretary of the association, said.

She said that over an eight-year period there have been 46 cases of tuberculosis in Midland, a figure comparable to 87 for New Brighton over the same period. Both towns are in an area of 10,000 to 15,000 population.

Figures for other towns over the eight-year period include: Aliquippa, 178; Beaver, 10; Beaver Falls, 150; Monaca, 51, and Rochester, 54.

There were 14,026 X-ray examinations taken last year of which 377 abnormalities were detected. They included 70 tuberculosis suspects, 16 lung cancers, 194 heart enlargments or cases of heart trouble, 63 respiratory infections and 34 other abnormalities.

Since 1947, when the X-ray program began in Beaver County, the examinations have disclosed 357 cases of tuberculosis, Miss Graham said.

Pointing out that Beaver County ranks 13th in the number of counties in the state leading with high case and death rates due to tuberculosis, Miss Graham said all adults should take the examinations in order "to trace the dread disease."

The free examinations are a Christmas Seal service of the county association. It also sponsors a free adult X-ray clinic the fourth Thursday of each month, except November, at the Rochester General Hospital basement.

The mobile unit will be in Aliquippa on Monday and Wednesday, in Ambridge on Thursday and in Beaver on Friday.

Industry PTA To Hold Card Party, Bake Sale

A bake sale and card party will be held by the Industry Parent-Teacher Association tonight at 8 in the Ohio View School. Mrs. William Keagy and Mrs. Paul Mehno are co-chairmen.

Officers will be elected when the unit meets April 4 at 8 p. m. in the school.

Dr. Herman Bush of Beaver, representative of the Beaver County Cancer Society, will speak on "Cancer — Life Against Itself" and distribute literature. A question-and-answer period will follow. Mrs. Clarence Craft, president, will preside.

WAIT MIDLAND CONCERT. Directors and band students are shown preparing for the annual Midland High School spring concert and art show to be held Friday night at 8 in the school auditorium. Seated are Eva Cvetovich, and Peter Rokmich, practicing selections. Jack Webb shows a work of art to be displayed and others left to right are Lawrence Novak, advanced art instructor, Dominic DiVecchio, band director, and Lloyd Defenbaugh, guest conductor. Deffenbaugh has been music instructor in Midland schools over 29 years. Tickets may be purchased from any band member or at the door.

Holdup

were taken into custody at the parking lot of the Turkey Run Inn by deputies who had the site staked out since last night when some parked cars, recognized as belonging to some of the Mahoning County men, aroused suspicions of the officers.

The inn is located about a quarter of a mile west of Route 7.

2 Carloads Arrive

When two carloads of men arrived at the lot about 3:45 a. m., officers closed in and found the suspect trio with the guns and money in one car, a convertible.

In the other auto were James Dinsio of Salem R. D., Frank Lentine of Girard, and Len Strollo of Cleveland. Sheriff VanFossan said they were questioned and released after nothing suspicious was found on them or in their auto.

The other three were taken to the County Jail at Lisbon and questioned further, but they "aren't talking," the sheriff reported this morning. Deputies photographed the coins and the suspects and fingerprinted them.

Weirton and Wheeling police were en route to further question the three, Sheriff VanFossan said.

Cash In Cigar Boxes

The money was in five or six cigar boxes which were in the pillow case with the guns. The cigar boxes contained loose coins of all denominations, coins in rolls, currency, coin folders and coin books.

Deputies who were preparing to itemize and count the money, said they do not know how much money was involved just on face value, but said it apparently would not be over $1,000. However, they said the value of the old coins might be considerable.

The two weapons were a .32-caliber pistol and a .38-caliber.

The two Dinsios and two brothers — Vince and William—were indicted by the Mahoning County Grand Jury in November on six counts of receiving $20,100 worth of stolen property. They operate a coal mine near Greenford.

Originated In 1962

The indictments stemmed from an investigation by the Mahoning County sheriff's office in the spring of 1962 when details of a theft operation — called "The Million Dollar Burglary Ring" — were uncovered.

Found at the brothers' mine were such items as an air conditioner, office furniture, tools, office machines and manufacturing equipment all taken from district firms.

Amil Dinsio and James Dinsio were nabbed by police at Pittsburgh Jan. 10, along with a Pittsburgh man and Cleveland companion in the Power Tool & Supply Co.

Police had staked out the site on a tip, and caught the four emerging with drills and bits capable of cutting through steel, concrete and armor plate. The two brothers were released on bond.

City Man Fined $100 In Beaver Gun Case

John Searcy of East Liverpool was fined $100 and costs and given 60 days in jail Wednesday for carrying firearms without a permit when Beaver County Court disposed of three indictments from the recent Grand Jury session. He pleaded guilty. He was arrested by Midland police in January.

Francis Kane of Midland, accused of assault and battery by Jo Ann Kane, was fined $100 and costs and sentenced to six months.

John Dillion of Vanport, charged by the Vanport police with operating a vehicle while intoxicated, and convicted in a jury trial, was fined $200 and costs and sentenced to 30 days.

Jury Deliberates 3rd Day In Estes' Case

EL PASO, Tex. (AP)—A jury, trying to decide whether Billie Sol Estes used fraud to build a short-lived fortune, went into a third day of deliberation.

After first advising U.S. Dist. Judge R.E. Thomason they were deadlocked, the 10 men and two women weighing the case agreed late Wednesday to try again.

Boosters Study Field Project At Southern Local

SALINEVILLE — Drainage of the new Southern Local High School athletic field and other aspects of constructing the field were discussed at a meeting of the Athletic Boosters Club Wednesday night at Salineville High School.

A Salem landscaper discussed seeding of the field.

The group took under a study a suggestion by Lou Higganbotham, coach, that a contribution be made for the high school band's trip to the state music competition.

About 25 attended the meeting at which it was announced about $4,800 has been collected or pledged in the drive to provide the new grid field. Next meeting will be Thursday.

Discussion of the fund drive was held at a meeting of the pledge committee attended by 12 Tuesday night at the Highlandtown fire station.

Carl Roudebush of Carrollton, representative of the Rural Electrification Administration, spoke about lighting service. Plans call for filling and seeding the field, erecting bleachers and providing lighting.

Wellsville Starts Repair On Street

The Wellsville street crew started work this morning on patching Wells Ave. from the floodwall to the super-road.

Two truck loads of cold mix were obtained, according to Safety-Service Director Fred Baldasare, who said he hopes to complete the work today.

A backhoe was used Monday to dig out some of the larger holes. This street was one of the worst in town as it is at the intersection of Routes 7 and 45.

The extreme freezing and thawing the past few months caused large sections of the blacktop to break up.

Baldasare said work was completed Wednesday afternoon on a broken sanitary sewer at Crystal Alley and 20th St.

The line was about 14 feet deep and a backhoe was used to make the excavation. Only one section was broken.

The Los Angeles Angels will play 59 home night games this year.

Rodeo Signed As Fair Event

LISBON — King Brothers Rodeo will give matinee and evening performances at the County Fair Friday and Saturday, Aug. 23-24, the County Agricultural Society, which sponsors the annual rural exhibition, decided Wednesday night at the county extension office.

There will be twilight racing between the two rodeo performances — the first time in history twilight racing has been held at the County Fair.

The fair's opening day, Aug. 22, will be marked by a horse-pulling contest at 9 a. m. It also will be observed as "Youth Day" with a coronation ceremony and a talent show in front of the grandstand in the evening.

The fair's first Sunday operation, Aug. 25, will begin with morning church services on the grounds. A horse show will be held in the afternoon, followed by a performance by the Quaker City Band of Salem. A horse show also will be held in the evening.

Gene Holter's Animal Show is booked for the last day, Aug. 26, for both afternoon and evening performances in front of grandstand.

The board authorized the renting of the fair grounds to the Northeastern Ohio Horse - Pulling Association for its annual pulling event on Memorial Day, May 30.

Next regular meeting will be April 24 at the office at the Fair Grounds.

4 Area Youths To Attend Institute

Scanning the Cincinnati Enquirer to catch up on the latest in the Queen City are four area youths who will attend the 17th annual World Affairs Institute in the Netherlands Hilton Hotel there this weekend.

Frank McComas of East Liverpool High School, left, and Glenn Myers of Beaver Local, seated, and Rudy Hoffman of Beaver Local and James Seevers of Newell, rear, are being sponsored to the youth event as an annual project of the local Rotary Club.

Prominent diplomats are among the top speakers for the sessions Friday and Saturday, and there will also be dinners and informal dances for the delegates from Ohio, West Virginia, Kentucky and Indiana.

Eagerly awaiting their first plane trip, the local quartet will leave Greater Pittsburgh Airport Friday morning at 9 and return Saturday night about 7.

Their parents are Mr. and Mrs. Gazel McComas, 1015 Pennsylvania Ave., Mr. and Mrs. Lester L. Myers of Chester, Mr. and Mrs. Rudolph Hoffman of Lisbon R. D. 3 and Mr. and Mrs. James Seevers, 25 Washington St., Newell.

Sponsoring the four juniors to the institute is a yearly project of the club and arrangements are made by the youth service committee.

The committee includes Principal George Hargraves Jr., chairman, and William P. Barker, Roger A. Hall, William A. Harris Jr., Richard R. Crable, Don A. Schreckengost and Michael Turk.

Clinic Proposed By Traffic Group

LISBON — Methods of establishing a countywide clinic for traffic violators were discussed at a meeting of the executive committee of the Columbiana County Traffic Safety Committee Wednesday night at Village Hall.

The group agreed to seek a sponsoring organization in Lisbon to provide quarters for the clinic, which would be held one night weekly. Drivers would attend four nights to complete the course.

Plans also were discussed for the annual vehicle safety checks to be held in May and June. The safety checks arrangements will be completed at a general meeting April 17.

H. J. English of East Liverpool, president, presided. Attending were county Judge Luther Donbar of Salem, James Nesbitt of East Palestine and Wayne Bauer of Columbiana.

For 10 straight years, through 1962 Allwood Stable of Far Hills, N. J., has bought at least one yearling for $20,000 or more at harness horse sales.

Mrs. Virginia House will serve as fellowship chairman; Mrs. Lorah and Mrs. Eiferd, program co-chairmen, and Mrs. Ruth Ann Jones, World Service.

Secretaries appointed include Mrs. Ruth Armstrong, spiritual life and stewardship; Mrs. Kay Smith, literature; Mrs. Mildred Miller, ecunemical missions, and Mrs. Ruth Wilkinson, Christian education. Mrs. Smith was named chairman of the nominating committee.

Announcement was made of the appearance of the Wilberforce College Choir April 5 at the Trinity United Presbyterian Church.

Mrs. Richard Badger was named delegate to Synodical sessions scheduled June 18-21 at Muskingum College. Several plan to attend the Presbyterial spring meeting April 5 at Minerva.

A prayer chain was formed and a session was held on projects.

Mr. and Mrs. D. F. Reynolds screened slides and spoke of the work of their son, Dr. Dan Reynolds, medical missionary in Ethiopia.

Refreshments were served by the Rachel Circle with Mrs. Christen chairman.

A family picnic will be held June 25 with Mr. and Mrs. Wayne Barnard of Glenmoor. Mr. and Mrs. Lester Hickman will present the program.

Group At New Cumberland Proposes Youth Recreation

NEW CUMBERLAND — Eyeing a program of organized recreation for teen - agers and youngsters, a group of local residents is conducting a fund - raising campaign to finance repairs of the old Community Hall.

The New Cumberland Recreation Center has been organized and an effort is under way to incorporate as a non - profit group.

Town Council has agreed to permit use of the Community Hall by the new group for a program of organized recreation.

The center is attempting to raise $1,000 to finance renovation of the hall, including installation of new windows and doors, repair of the floors, and renovation of the basement where a weight-lifting program is to be offered.

Other recreation will include basketball, shuffleboard, table tennis and handball. A canteen may be installed later.

The Rev. Grant Lowe, pastor of the First United Presbyterian Church, is serving as chairman of the 20-member center committee. John Brown and Don Dunlevy are on the building improvements committee. Ways and means committee members are James Cullen, Dunlevy, Nick Zillano and Police Chief William Webster.

Mrs. Gem Hill, Mrs. Dean Chamberlain and Zillano are on the promotions committee. Officers will be elected whenever 30 committee members are obtained.

The group will meet Monday night at 7:30 in Town Hall to discuss the project.

Style Show, Card Party Set By Midland Child Aid Group

Final plans were completed for a luncheon, style show and card party at a meeting of the Midland Auxiliary of the Beaver County Children's Aid and Family Service Society Wednesday afternoon at the home of Mrs. D. O. Porter of Ohio View.

The event next Wednesday will get under way at noon in the Regan Hall of the old Presentation Catholic Church building.

Committee members include Mrs. George Cindrich, fashion show; Mrs. Charles Schmitt, Mrs. J. C. Martin, Mrs. Charles McNellie, Mrs. C. V. Ahearn and Mrs. Harry McDonald, card party; Mrs. Frank Gibson, Mrs. Rex Black and Mrs. Nile Wain, auxiliary president, Mrs. Martin Lindsay and Mrs. Harry Green, luncheon, and Mrs. Paul McGovern, Mrs. Al Bahm and Mrs. W. I. McInerney, tickets, which may also be obtained from any other member.

Miss Genene Serafin of Pittsburgh, a professional model and teacher for the Earl Wheeler Studios, will be narrator for the show.

Prizes will be given to high scorers at each table, the card party committee said.

Wellsville Club To Hold Banquet

Plans for the annual all-sports banquet were completed by the Wellsville Omni Boosters Club Wednesday night at the high school cafeteria.

It will be April 18 at the First Christian Church. Gregg Arbaugh, a native of Wellsville and basketball coach at Adrian College, will be guest speaker.

Mayor William H. Daugherty will be master of ceremonies.

Don Lindesmith, president, presided. Mrs. Doris Rogers, Junior Class advisor, and Bennett, class president, the annual post-prom pa ats will be asked to attend a meeting Wednesday night at 8 at the cafeteria to go over the program.

The club voted to purchase a fiber glass pole for vaulting and two dozen shirts for the track team.

Successive eagles (two under par) were turned in by Dow Finsterwald and by Houston (Paddy) LaClair in PGA golf tournaments in 1962.

Home Show To Feature Gifts And Entertainment

Free gifts, entertainment and demonstrations will be provided for the general public at the fourth annual Jaycee Home Show next week at the former American Paper Products Co. building on Walnut St.

The four - day show will be held Wednesday through Saturday. It will be open nightly from 6 to 10. Saturday, the doors will open at 1 p. m.

The show last year drew about 5,000 persons and Robert Garner, project chairman, said a bigger crowd is anticipated.

The show provides area merchants and business places an opportunity to display their products and explain their services.

There will be 68 booth displays, Garner said. Backdrops will be erected by the Janson Co. of Canton, but many exhibitors build their own settings to display their products.

A new feature will be brief entertainment during the first three nights. Garner also pointed out the Jaycees have made posters for the exhibitors, inviting the general public to visit each individual booth.

The show will feature displays of kitchen, appliances, garden equipment, camping equipment, utilities, heating, oil refining displays, pianos, organs, furniture, banking services, building supplies, dairy products, flowers, television, radios, insurance agencies and possibly antiques.

Garner and his committee have been busy cleaning the building and preparing it for the show. His commitee includes Dale Kidd, Dick Chadwick, Dick Hunsicker, Vincent Laneve, Larry Walton, Jack Woomer, Robert Brooks, Delmar Manning and Robert Birch. Both Brooks and Manning have served as chairman of the home show in previous years.

The Jaycees use the proceeds for various civic projects. The show was initiated under former president Ed Adkins.

The displays will be guarded both night and day, Garner said.

U.S. Had Strong Forces Prepared

CINCINNATI (AP)—One of the "Most powerful air superiority and ground support forces ever assembled" was at the ready during the Cuban crisis last fall, Maj. Gen. S. J. Donovan, operations chief of the Tactical Air Command (TAC) said here Wednesday night.

Addressing 1,500 members of the General Electric Co. Management Association, Donovan said TAC "carried a major burden of our response during the crisis. Long before the naval quarantine was imposed on Oct. 24, the full force of TAC had been mobilized and our units were in place.

"While TAC reconnaissance planes were providing essential intelligence on which presidential decisions were based, our tactical fighters, aerial tankers and troop carriers were operating around the clock.

"Much of what we did remains classified, but it is no breach of security to report that the U.S. had amassed one of the most powerful air superiority and ground support forces ever assembled," Donovan said.

Hancock Demonstration Day Of 4-H Now Planned May 17

The annual 4-H Demonstration Day for Hancock County members was postponed from April 11 to May 17 when the 4-H Leaders Association met Tuesday night in New Cumberland.

The activity was changed due to Holy Week observance. It will be held in New Cumberland High School.

Mrs. William Schladen of Lawrenceville, president, presided. A number of committee reports were presented.

Miss Marcella Ewing and Miss Iris Cuppy were named to audit the books. A contribution of $35 was authorized for the new 4-H Foundation to help finance trips by club members to out-of-state activities.

A discussion was held on exhibits. Mrs. Alvin Reed of Chester was named chairman of summer 4-H camp the last two weeks in June at Tomlinson Run State Park.

Mrs. Dorothy Arehart and Mrs. Florence Priest of the Pioneer Club led devotions. Refreshments were served by Miss Martha Troop of Seneca.

Next meeting is April 23. Seven attended a training session on project methods conducted by Mrs. Ruth McPherson before the association met.

$5 Bars Way To Cleveland Paper Peace

CLEVELAND (AP)—The Printers Union and publishers of Cleveland's two daily newspapers were reported $5 apart in bargaining over a new contract as the city's marathon newspaper strike went into its 119th day today.

Mayor Ralph S. Locher, who stepped into the negotiations Wednesday, spelled out the differences after a fruitless, four-hour session at City Hall Wednesday night.

Representatives of the Plain Dealer and the Press and News have offered a package increase estimated at $10.95 per week per man in a two-year contract, said Mayor Locher after reviewing positions of both sides.

He said the union's demands came to $15.95. Declaring that the issue is purely "a matter of dollars and cents," the mayor said he had "exhorted both sides to positions."

The two sides were to meet again today.

Meanwhile talks were scheduled with the Operating Engineers this morning, and publisher representatives were optimistic that that union would join nine other unions that have agreed to terms.

The Photoengravers is the latest union to accept contract terms. The union membership voted overwhelmingly Wednesday to ratify a new two-year agreement their leaders valued at $13.55 a week in wage increases and fringe benefits.

A management source said, however, that negotiators felt the contract was not that far off the $10 pattern on which most of the other unions at the two papers have settled.

Clifford Hilpert, president of the Printers local, said the union had made a new proposal Wednesday morning and had expected to see a counter proposal from management. However, no such offer was made Wednesday night.

Mayor Locher quoted the publisher representatives as saying the Printers' proposal came down from $16.45 a week to $15.95 a week and "we didn't consider this a serious proposal at all."

Food Cited In Living Cost Hike

U.S. Farm Officials Say Food Prices Are Too Low

WASHINGTON (AP)—A Labor Department report showing a further increase in the cost of living due mainly to higher food prices has come at a time when federal farm officials are claiming that food prices are too low.

Secretary of Agriculture Orville L. Freeman has said in recent speeches that food is a bargain in the United States because the "farmer has been, and is, subsidizing the consumer."

Freeman aides cited these speeches in offering comment on the Labor Department report.

"It is hard to believe, but it is true," the secretary has stated. "We have heard so much for so long about subsidies to farmers that we no longer look to see what actually is happening."

Freeman says that had food prices increased as much as the cost of other goods and services, American consumers would be paying $4 billion to $6 billion more a year for food. The national food bill now exceeds $50 billion a year.

The secretary has stated that because food prices have not increased as much as other items in the cost of living index, the average housewife has an extra $100 a year to spend for other things.

"Thus the complaint over subsidies has all but drowned out the fact that, even including the payments made to farmers (by the government), the food we buy today takes less of our income than it did 10 years ago," Freeman has said.

WASHINGTON (AP)—The Agriculture department reports that restrictionist policies adopted by the European Common Market have raised the price of U. S. poultry to importers from 36 cents to 44 cents a pound in West Germany.

The United States has made many protests against increased import levies on this country's broilers, particularly shipments to West Germany, which had been developing into a major market.

The department said broiler exports to the Common Market had declined from a level of 25 million pounds last June to about 2.5 million in December. Exports last January were said to have been negligible.

WASHINGTON (AP) — Eighty per cent of the nation's counties are now certified as being virtually free of brucellosis among cattle, a disease which is known in the human form to be undulant fever.

The Agriculture Department reports that an eradication program beging carried on with aid of the states has resulted in a sharp decline in the number of cases of undulant fever reported annually. Once this disease was reported in the thousands annually. Last year fewer than 500 cases were reported.

Three Cities Rejected In Gas Rate Case

COLUMBUS, Ohio (AP) — The cities of Cleveland, Canton and Massillon have been rejected in their bid to prevent East Ohio Gas Co. from going ahead with a random sampling plan it proposes to use in fixing rates.

The Ohio Supreme Court Wednesday rejected the cities' appeal from a Public Utilities Commission order allowing use of the plan. The plan involves random inspection of underground facilities to determine depreciation in an application to increase rates for all of East Ohio's consumers except those in Ashtabula and Lake counties.

The Supreme Court ruled that the commission order was preliminary in nature and thus not appealable.

In other actions, the high court:

Affirmed lower court refusal to allow deductions for inheritance tax purposes on the $87,500 appraised value of the Packard block in Warren under the will of the late Elizabeth Gillmer Packard, a New York resident who died in 1960. The block was left in trust to a niece, Katherine Gillmer Summers of Warren, and a nephew living in Florida.

Let stand the conviction of Harold A. Kolbe on a charge of drunken driving in violation of a Lorain city ordinance following his arrest in 1961 by police who found him in a car stalled on a road south of 9th Street.

Work On Area Road Slated

The contractor for a new, 2½ mile stretch of "super highway" near Port Homer is not expected to resume large-scale work on the improvement until May 1, the State Highway Department's Division II office in New Philadelphia said.

S. J. Groves & Sons, Inc., halted work for the winter in early December after completing two lanes of the Route 7 link, and is about 30 per cent ahead of schedule.

Groves is awaiting warm, dry weather before applying a base material for hardsurfacing of the other two lanes, along with a little grading on the berms, the Division 11 office said.

One completed lane of the superroad is being used for two - way traffic, beginning at a point near Flagpole Hill and continuing south to near the Ohio Edison Co. plant at Port Homer.

Completion date of the $2,623,975 project is Oct. 31. Work started in the spring of 1962.

The Division 11 office also reported that State Route 171 in Carroll County has been closed by a slip that tore out about 100 feet of pavement.

The slide happened at a point half a mile west of the junction with State Route 39, west of Mechanicstown.

Ohio Youth Critically Hurt In Utah Wreck

CEDAR CITY, Utah (AP) — James Allen McDonald, 21, of 1125 Franklin St., Lima, Ohio, was injured critically in a truck - car crash south of here Tuesday night.

A youth about 15 was killed in the accident. Police said he was a hitchhiker and carried no identification. Two other youths in the car were hurt. They are Terry Campbell, 18, Sacramento, Calif., and the driver, David McCullough, 19, also of Sacramento.

Probers Seeking Clue In Crash Fatal To Pilot

LANCASTER, Ohio (AP) — Investigators hoped to find some clue today as to what caused an experimental turboprop plane to crash near here Wednesday after starting to fall apart in flight.

The crash, in a remote area about 10 miles south of here, killed the pilot, George W. Hoskins, 39-year-old chief test pilot for North American Aviation, Inc., at Columbus.

He was making the 14th flight of the YAT28E, a new trainer built by North American under a $735,000 Air Force contract.

Capt. Raymond C. Grazier of Wright-Patterson Air Force Base near Dayton was flying behind Hoskins in a T33 jet trainer and witnessed the crash.

He said pieces of the craft started to fall away while it was performing structural test maneuvers.

"I expected him to get out. It was at a reasonable altitude, 5,000 - 10,000 feet, and he had plenty of time. He probably got banged around and maybe was knocked out," Grazier said.

The captain added that by the time the plane hit the ground and burst into flames, its tail was completely gone.

Man Will Fight Extradition On Safe Job Charge

YOUNGSTOWN, Ohio (AP) — Free on $25,000 bond, Dominic (Junior) Senzarino, 31, prepared today to fight extradition to Norfolk, Va., on charges he was one of a gang that tried to crack a store safe there last Friday.

Because of a mixup following his arraignment Monday before County Court Judge Fred J. Gouch, Senzarino was released on $2,500 bond, although Norfolk detectives had asked the bond be put at $50,000 and Judge Gough originally had announced it as $25,000. Wednesday the bond was established at $25,000, but Senzarino came up with the additional $22,500 to stay free.

Norfolk detectives said a night watchman at the J. C. Penney Store there surprised a burglar gang that had broken through the roof and drilled holes in a safe containing $25,000. The burglars fled leaving their still warm drill near the unopened safe.

An alert went out for Senzarino who was arrested by police near his home in suburban Struthers Saturday night.

$5 Bars Way To Cleveland Paper Peace

CLEVELAND (AP)—The Printers Union and publishers of Cleveland's two daily newspapers were reported $5 apart in bargaining over a new contract as the city's marathon newspaper strike went into its 119th day today.

Mayor Ralph S. Locher, who stepped into the negotiations Wednesday, spelled out the differences after a fruitless, four-hour session at City Hall Wednesday night.

Representatives of the Plain Dealer and the Press and News have offered a package increase estimated at $10.95 per week per man in a two-year contract, said Mayor Locher after reviewing positions of both sides.

He said the union's demands came to $15.95. Declaring that the issue is purely "a matter of dollars and cents," the mayor said he had "exhorted both sides to positions."

The two sides were to meet again today.

Meanwhile talks were scheduled with the Operating Engineers this morning, and publisher representatives were optimistic that that union would join nine other unions that have agreed to terms.

The Photoengravers is the latest union to accept contract terms. The union membership voted overwhelmingly Wednesday to ratify a new two-year agreement their leaders valued at $13.55 a week in wage increases and fringe benefits.

A management source said, however, that negotiators felt the contract was not that far off the $10 pattern on which most of the other unions at the two papers have settled.

Clifford Hilpert, president of the Printers local, said the union had made a new proposal Wednesday morning and had expected to see a counter proposal from management. However, no such offer was made Wednesday night.

Mayor Locher quoted the publisher representatives as saying the Printers' proposal came down from $16.45 a week to $15.95 a week and "we didn't consider this a serious proposal at all."

Food Cited In Living Cost Hike

U.S. Farm Officials Say Food Prices Are Too Low

WASHINGTON (AP)—A Labor Department report showing a further increase in the cost of living due mainly to higher food prices has come at a time when federal farm officials are claiming that food prices are too low.

Secretary of Agriculture Orville L. Freeman has said in recent speeches that food is a bargain in the United States because the "farmer has been, and is, subsidizing the consumer."

Freeman aides cited these speeches in offering comment on the Labor Department report.

"It is hard to believe, but it is true," the secretary has stated. "We have heard so much for so long about subsidies to farmers that we no longer look to see what actually is happening."

Freeman says that had food prices increased as much as the cost of other goods and services, American consumers would be paying $4 billion to $6 billion more a year for food. The national food bill now exceeds $50 billion a year.

The secretary has stated that because food prices have not increased as much as other items in the cost of living index, the average housewife has an extra $100 a year to spend for other things.

"Thus the complaint over subsidies has all but drowned out the fact that, even including the payments made to farmers (by the government), the food we buy today takes less of our income than it did 10 years ago," Freeman has said.

WASHINGTON (AP)—The Agriculture department reports that restrictionist policies adopted by the European Common Market have raised the price of U. S. poultry to importers from 36 cents to 44 cents a pound in West Germany.

The United States has made many protests against increased import levies on this country's broilers, particularly shipments to West Germany, which had been developing into a major market.

The department said broiler exports to the Common Market had declined from a level of 25 million pounds last June to about 2.5 million in December. Exports last January were said to have been negligible.

WASHINGTON (AP) — Eighty per cent of the nation's counties are now certified as being virtually free of brucellosis among cattle, a disease which is known in the human form to be undulant fever.

The Agriculture Department reports that an eradication program beging carried on with aid of the states has resulted in a sharp decline in the number of cases of undulant fever reported annually. Once this disease was reported in the thousands annually. Last year fewer than 500 cases were reported.

Three Cities Rejected In Gas Rate Case

COLUMBUS, Ohio (AP) — The cities of Cleveland, Canton and Massillon have been rejected in their bid to prevent East Ohio Gas Co. from going ahead with a random sampling plan it proposes to use in fixing rates.

The Ohio Supreme Court Wednesday rejected the cities' appeal from a Public Utilities Commission order allowing use of the plan. The plan involves random inspection of underground facilities to determine depreciation in an application to increase rates for all of East Ohio's consumers except those in Ashtabula and Lake counties.

The Supreme Court ruled that the commission order was preliminary in nature and thus not appealable.

In other actions, the high court:

Affirmed lower court refusal to allow deductions for inheritance tax purposes on the $87,500 appraised value of the Packard block in Warren under the will of the late Elizabeth Gillmer Packard, a New York resident who died in 1960. The block was left in trust to a niece, Katherine Gillmer Summers of Warren, and a nephew living in Florida.

Let stand the conviction of Harold A. Kolbe on a charge of drunken driving in violation of a Lorain city ordinance following his arrest in 1961 by police who found him in a car stalled on a road south of 9th Street.

Work On Area Road Slated

The contractor for a new, 2½ mile stretch of "super highway" near Port Homer is not expected to resume large-scale work on the improvement until May 1, the State Highway Department's Division II office in New Philadelphia said.

S. J. Groves & Sons, Inc., halted work for the winter in early December after completing two lanes of the Route 7 link, and is about 30 per cent ahead of schedule.

Groves is awaiting warm, dry weather before applying a base material for hardsurfacing of the other two lanes, along with a little grading on the berms, the Division 11 office said.

One completed lane of the superroad is being used for two - way traffic, beginning at a point near Flagpole Hill and continuing south to near the Ohio Edison Co. plant at Port Homer.

Completion date of the $2,623,975 project is Oct. 31. Work started in the spring of 1962.

The Division 11 office also reported that State Route 171 in Carroll County has been closed by a slip that tore out about 100 feet of pavement.

The slide happened at a point half a mile west of the junction with State Route 39, west of Mechanicstown.

Reducing Need Not Cause 'Aging' Look

Slimming down to normal weight gives a person a longer lease on a healthier life. There is no longer any doubt on that score. Still, many a middle age overweight has the uneasy feeling that reducing will cause her to look older, and is reluctant to diet even though reducing will increase her changes of longevity.

Ida Jean Kain

No woman of any age wants to risk looking older! If you reduce on an optimum diet and do not try to lose too fast, you can look younger for bringing weight to healthy normal.

Before you start, take a critical look at your food habits. If you gained the surplus weight on excess starch, sweets and succulent fats, while slighting the foods which provide the nutrients needed for repair and servicing, then you are over-fed but poorly nourished.

—:—

YOU ARE NOT in good nutritional status. Your tissues are flabby and your reducing fare must not be merely adequate in the protective nutrients, it must be optimum.

In short, you have some catching up to do nutritionally, in order to bolster sagging tissues before attempting to pull off to many pounds.

To replace fat with healthy tissue, build the three meals almost exclusively around protective foods. Shift from high carbohydrate to high protein and you will lose water and fat and lay up nitrogen.

Without an abundance of protein and the minerals, particularly calcium and iron, the tissues wither. Vitamins are needed too. Years back reducing had an "aging" reputation, but that was before the science of nutrition was put into practice. With the newer knowledge of nutrition, it is possible to be on the best diet in the world, even while drawing on excess fat for part of your energy needs.

Regarding the rate loss: Skin contraction obviously plays the beauty role in reducing. If you have been carrying considerable excess for more years than you care to face, it will take time to contract the skin to a smooth covering.

You can reduce beautifully at the rate of three - quarters to one pound a week. This may seem slow, but it is 20 to 50 pounds in a year.

And don't overlook the part exercise plays in helping you to keep young. Walk in the fresh air for a mile or two every day. There is nothing like it to restore the bloom.

REDUCING PATTERN

Breakfast

Orange juice, 5 oz.; 1 egg, any way you like it; thin slice toast: choose good quality bread; margarine, ½ pat, coffee.

Luncheon

Protein choice: Ground round steak, 4 oz. cooked wt. or Grilled chicken livers, 4 oz. or ¾ cup cottage cheese; thin slice bread; glass skim milk or buttermilk; mixed green salad; French Dressing, 1 Tbsp.; small serving fruit.

4:00 Pick-up — glass of skim milk or buttermilk.

Dinner

Protein choice: lean meat, fish or fowl — 4 oz. ck. Wt.—choose liver once a week; baked potato, ½ serving; margarine, ½ pat; green or yellow vegetable; celery, radishes; fruit, fresh, canned or frozen; Before retiring: Glass of hot skim milk.

Approximate calories — 1200.

Bringing Up A Family

By GARRY C. MEYERS

Child Should Develop Responsibility

Yesterday we deplored the lack of neatness, legibility and precision in written work which all too many teachers accept, especially in the elementary grades and also the low quality of such work the averaging parents require of the child doing written homework. We entreated parents to inspect the child's work written at home and, within reason, to require him to recopy it if carelessly done. We also suggested that the child might be expected to learn to do work at school more accurately and tidily if he has been held to reasonably high standards of accuracy and neatness in the regular chores he is required to do at home.

Dr. Garry Meyers

—:—

SUPPOSE YOUR boy or girl, seven, ten or thirteen, has a regular job over a definite period, say of setting the table, removing dishes and food from the table following the evening meal or washing the dishes.

See that he does this job on time and sticks to it till it is finished. Show him (or her) how to do the job well, then don't let him do it carelessly and untidily. If, for example, he washes the dishes, make sure the job is done properly — everything finished or put away and the place left neat and tidy.

All too many mothers count on following up the child's job and doing over the many things he did carelessly and tidying up after him.

If he is to scrub the porch or kitchen floor on a certain day, makes his own bed and tidy up his own room daily, help him often enough for him to learn good standards of achievement. Thereafter, inspect his work at various intervals.

—:—

IF HE HAS not measured up well, set some penalties for each dereliction, other than tongue-lashing, that will prove effective.

Of course, you may have heard that a few parents are so companionable with their children and so skillful at winning their cooperation as to get the results we have been talking about without requirement.

But you and I don't know many such parents. It's for most other parents that we have concern.

Regardless of the means employed, we agree, I think, that practice at home in responsibility and dependability for doing things there well is desirable for all children and that such practice at home should net improvement in the quality of written work children do at school.

My bulletins, "Parents and the Child's Homework" and "How to Teach Child to Help at Home", may be secured by sending a self-addressed stamped envelope to me in care of The Review.

Bringing Up A Family

By GARRY C. MEYERS

Child Should Develop Responsibility

Yesterday we deplored the lack of neatness, legibility and precision in written work which all too many teachers accept, especially in the elementary grades and also the low quality of such work the averaging parents require of the child doing written homework. We entreated parents to inspect the child's work written at home and, within reason, to require him to recopy it if carelessly done. We also suggested that the child might be expected to learn to do work at school more accurately and tidily if he has been held to reasonably high standards of accuracy and neatness in the regular chores he is required to do at home.

Dr. Garry Meyers

—:—

SUPPOSE YOUR boy or girl, seven, ten or thirteen, has a regular job over a definite period, say of setting the table, removing dishes and food from the table following the evening meal or washing the dishes.

See that he does this job on time and sticks to it till it is finished. Show him (or her) how to do the job well, then don't let him do it carelessly and untidily. If, for example, he washes the dishes, make sure the job is done properly — everything finished or put away and the place left neat and tidy.

All too many mothers count on following up the child's job and doing over the many things he did carelessly and tidying up after him.

If he is to scrub the porch or kitchen floor on a certain day, makes his own bed and tidy up his own room daily, help him often enough for him to learn good standards of achievement. Thereafter, inspect his work at various intervals.

—:—

IF HE HAS not measured up well, set some penalties for each dereliction, other than tongue-lashing, that will prove effective.

Of course, you may have heard that a few parents are so companionable with their children and so skillful at winning their cooperation as to get the results we have been talking about without requirement.

But you and I don't know many such parents. It's for most other parents that we have concern.

Regardless of the means employed, we agree, I think, that practice at home in responsibility and dependability for doing things there well is desirable for all children and that such practice at home should net improvement in the quality of written work children do at school.

My bulletins, "Parents and the Child's Homework" and "How to Teach Child to Help at Home", may be secured by sending a self-addressed stamped envelope to me in care of The Review.

Joint Lions' Meeting Hears U.S. Attorney

U. S. District Atty. Robert E. Maxwell was guest speaker for a joint meeting of Lions Clubs from New Cumberland and Newell Tuesday night at Swaney Memorial Library in the Hancock County seat.

Maxwell is chief prosecuting attorney for the Northern Federal Court District of West Virginia. His topic was "Challenged and a Challenger."

He presented each club with an American flag that had flown over the White House, on behalf of U. S. Sen. Jennings Randolph.

Thirty - five attended. Joseph Jester, president of the Newell club, said the Board of Directors will meet in his home, 206 Jefferson St., Monday night at 7:30 and the next club meeting is April 11 with the Chester club.

Another Small Railroad Seeks To Join Merger

WASHINGTON (AP) — Officials of another small eastern railroad have told the Interstate Commerce Commission they want to be included in one of the proposed mergers of larger rail lines.

William White, board chairman and chief executive officer of the Delaware & Hudson Railroad, told ICC examiners Wednesday that it wants to be a part of the proposed union of the Norfolk & Western-Nickel Plate-Wabash systems.

Barring that, he said, the D&H would oppose the proposed merger of the Pennsylvania and New York Central Railroads unless it is included in that system.

The ICC examiners heard their 74th day of testimony on the Pennsy-Central merger proposal.

White echoed testimony presented earlier this week by officials of Erie - Lackawanna Railroad. Previously officials of the New Haven Railroad said their line should be included in the Pennsy-Central system.

A combined Pennsy-Central line would divert traffic which the D&H now carries on a transfer basis for the Pennsylvania Railroad, White testified.

Bargains On Pork Reported In Many U.S. Supermarkets

By The Associated Press

When this little piggy went to market, so did some 4½ million others, and that means bargains at supermarkets.

Heavy marketing of a 5 per cent greater pig crop has begun across the country. Prices have dipped sharply in some places.

One national chain offers pork loin in the New York area at a range from 25 cents a pound for the rib ends to 47 cents a pound for the loin half.

Over the country, attractions almost run the full gamut: Loins, chops, steaks, bacon, ribs, sausage, hams and smoked butts.

Beef, meanwhile, continues to compete for the attention of bargain hunters. Most cuts are at or below previous price levels. Roasts, steaks and hamburger all reflect heavy winter marketings.

Turkey, chicken fryers and baking hens carry the same low tags of recent months.

Eggs are a special Lenten and Passover protein source and prices are attractive.

Lenten fish attractions vary regionally.

Asparagus, beets, peppers and eggplant are growing more plentiful, and therefore, cheaper. Other attractions include carrots, celery, tomatoes and salad greens.

Fruit selections include grapefruit, apples, bananas, winter pears and avocados.

For July 4th Event

Midland Group Opens Fete Plans

Plans for Midland's annual July 4th celebration, which annually draws thousands of spectators from the Tri-State Area, have been launched by the Midland July 4th Executive Committee.

The committee has announced officers and chairmen to set up a theme contest for area high schools and plan solicitations and a general program.

—:—

OFFICERS of the executive committee are Mayor Eli Corak, general chairman; William Vinovich, Council president, vice chairman; Steve Trbovich, a Crucible Steel Co. superintendent, finance officer; William R. Black, assistant cashier of the Midland First National Bank, treasurer, and Mrs. Malena Westlake, assistant borough secretary, secretary.

Other chairmen include Charles P. Henderson, South Side High School principal, program or special events; John Shovlin, member of the Board of Education, co-chairman of the special events committee; Capt. William MacBurney, head of Crucible plant protection, aerial fireworks, and Glenn Dawson, representing the Midland Area Chamber of Commerce.

—:—

OTHERS ARE Harry Petrosky, president of Steelworkers Local 1212, prizes; Police Chief Ed J. Stefl, safety and police; Atty. Robert Masters, judges; William Riddle, commander of American Legion Post 481 and George Huha, past commander, parade chairmen and co-chairman, respectively, and Earl Rankin, publicity.

James Morris, Board of Education president, is a member of the committee, along with Charles R. Schmitt, Chamber president and Crucible division superintendent, who represents the company as an honorary member.

New members are Trbovich, Riddle, Petrosky and Dawson. The committee's business solicitation chairman will be named later.

The committee decided for the second year in a row to invite area high schools to participate in a contest to select a theme for the celebration, which will be followed by organizations building floats.

Schools invited to participate are Midland, Western Beaver, South Side, Beaver, Beaver Falls, East Liverpool, Beaver Local, Wellsville, Chester and Newell.

—:—

THE CONTEST will be open to students of Grades 9 through 12 and will end April 19. A $25 Savings Bond will be awarded the winner who will also be named an honorary parade marshal and ride with Mayor Corak.

The winning theme or slogan will be announced at the next committee meeting in order that applications for floats and other entries in the parade may be printed and made available to individuals and organizations who plan to participate.

Students need only to write an appropriate theme on a card or paper 3-x-5 inches and include name, address, school and phone number. Teachers will be asked to select the best theme for each homeroom or class.

—:—

THE COMMITTEE said selection of the theme in this manner will allow greater participation of area communities and help remind students of the importance of July 4th.

Winner of last year's contest was John Hoskinson, a Wellsville senior, whose entry was "America for Peace." Other past themes were "United for Freedom" in 1961, "New Glory for Old Glory, A Salute to Alaska and Hawaii" in 1960 and "Freedom on the Fourth" in 1959.

The committee urged area organizations to begin planning now to enter floats.

Trbovich, finance officer, reported plans are under way for the distribution to industry, business and organizations the tickets for solicitation of $1 donations to finance the celebration.

Discussing solicitations, Mayor Corak pointed out that the success of the celebration is dependent on the people. "Where else can you get a full day's entertainment for the whole family for only $1," he said.

—:—

MACBURNEY was asked to contact various companies for the celebration's traditional fireworks.

Henderson was given the go ahead to contact top national drum and bugle corps for parade participation and an evening competition.

Last year's celebration topped all previous attendance. About 21,000 spectators saw the day's entertainment, including a parade of 4,000 participants and 108 units.

This will be the seventh celebration for the citizens' committee since taking over from the Crucible Steel Co.

Next meeting is April 23 at 7:30 p. m. in Council Chambers in the Borough Building.

5 Men Quizzed In Suspected Burglary Ring

CINCINNATI (AP)—Police of three cities in Ohio and Kentucky questioned five men today in connection with the operation of what they termed a widespread burglary ring.

Three were formally charged. James E. Frazier, 28, Middletown, Ohio, was held in Hamilton County Jail under $10,000 bond on two charges of housebreaking. In Manchester, Ky., two suspects registered as Eldon Powell, 21, and Jimmy Sizemore, about 30, were charged with receiving stolen goods after police reported seizure of television sets, rifles, shotguns and camera equipment in the basement of Sizemore's $18,000 home.

Dayton, Ohio, police entered the case and identified still other loot, recovered from a garage in rural Butler County (Ohio) as that taken March 17 in a burglary on Hillpoint Avenue, Dayton.

The fourth and fifth suspects, who also registered from Middletown, were questioned here, then taken to Dayton late Wednesday for further interrogation, Amberley Village police said.

Driver Flees Crash Scene

Police today are continuing a search for an unidentified motorist who fled after his auto damaged a parked car owned by a Beaver County man Wednesday afternoon on Avondale St.

D. E. Grimes of New Brighton R. D. 2 told police the mishap damaged the left rear quarter panel of his 1960 sedan, which was parked on Avondale 35 feet south of Morton St.

Grimes told police he was in a home nearby about 5:46 p. m. when he heard a loud crash outside. Going to the door, he saw the car, which apparently had struck his auto, proceeding north on Avondale at a high rate of speed, he said.

Grimes gave Patrolman Paul Blevins a description of the auto which fled the scene.

Two autos were damaged slightly in another mishap Wednesday at 9:45 a. m. on Market St., police said.

It involved a 1951 two - door sedan driven by Lucy B. Vest, 31, of 7th Ave., LaCroft, and a 1955 model station wagon operated by Lee Hyder, 37, of 657 Riley Ave. The autos were in adjoining lanes of Market St., both proceeding north, officers said.

The collision caused minor damage to the left front fender of the woman's car, owned by Homer Cronin, 2117 LaCroft St., and the right front fender of Hyder's vehicle, police reported.

An hour before you make that cake, take the eggs and milk out of the refrigerator; if butter or margarine is to be used in it instead of shortening, it should be allowed to come to room temperature along with the eggs and milk.

Two Units Back Experiment To Cut Welfare Aid

DAYTON, Ohio (AP)—A two-stop experiment to reduce state aid for public welfare has drawn the support of Montgomery County and Dayton commissioners.

The commissioners agreed tentatively Wednesday to raise—for a three-month trial period—from $20 to $40 a month the amount a relief recipient with substandard income can retain in cash out of his earnings.

Acting in line with a reduction in state expenditures for poor relief payments ordered by Gov. James A. Rhodes, the commissioners also agreed to set up a comprehensive retaining program. A six - member committee was formed to create the program, which would be financed by state and federal funds.

The commissioners also decided to set up a work relief program, using relief recipients to do small tasks for the county and city.

For July 4th Event

Midland Group Opens Fete Plans

Plans for Midland's annual July 4th celebration, which annually draws thousands of spectators from the Tri-State Area, have been launched by the Midland July 4th Executive Committee.

The committee has announced officers and chairmen to set up a theme contest for area high schools and plan solicitations and a general program.

—:—

OFFICERS of the executive committee are Mayor Eli Corak, general chairman; William Vinovich, Council president, vice chairman; Steve Trbovich, a Crucible Steel Co. superintendent, finance officer; William R. Black, assistant cashier of the Midland First National Bank, treasurer, and Mrs. Malena Westlake, assistant borough secretary, secretary.

Other chairmen include Charles P. Henderson, South Side High School principal, program or special events; John Shovlin, member of the Board of Education, co-chairman of the special events committee; Capt. William MacBurney, head of Crucible plant protection, aerial fireworks, and Glenn Dawson, representing the Midland Area Chamber of Commerce.

—:—

OTHERS ARE Harry Petrosky, president of Steelworkers Local 1212, prizes; Police Chief Ed J. Stefl, safety and police; Atty. Robert Masters, judges; William Riddle, commander of American Legion Post 481 and George Huha, past commander, parade chairmen and co-chairman, respectively, and Earl Rankin, publicity.

James Morris, Board of Education president, is a member of the committee, along with Charles R. Schmitt, Chamber president and Crucible division superintendent, who represents the company as an honorary member.

New members are Trbovich, Riddle, Petrosky and Dawson. The committee's business solicitation chairman will be named later.

The committee decided for the second year in a row to invite area high schools to participate in a contest to select a theme for the celebration, which will be followed by organizations building floats.

Schools invited to participate are Midland, Western Beaver, South Side, Beaver, Beaver Falls, East Liverpool, Beaver Local, Wellsville, Chester and Newell.

—:—

THE CONTEST will be open to students of Grades 9 through 12 and will end April 19. A $25 Savings Bond will be awarded the winner who will also be named an honorary parade marshal and ride with Mayor Corak.

The winning theme or slogan will be announced at the next committee meeting in order that applications for floats and other entries in the parade may be printed and made available to individuals and organizations who plan to participate.

Students need only to write an appropriate theme on a card or paper 3-x-5 inches and include name, address, school and phone number. Teachers will be asked to select the best theme for each homeroom or class.

—:—

THE COMMITTEE said selection of the theme in this manner will allow greater participation of area communities and help remind students of the importance of July 4th.

Winner of last year's contest was John Hoskinson, a Wellsville senior, whose entry was "America for Peace." Other past themes were "United for Freedom" in 1961, "New Glory for Old Glory, A Salute to Alaska and Hawaii" in 1960 and "Freedom on the Fourth" in 1959.

The committee urged area organizations to begin planning now to enter floats.

Trbovich, finance officer, reported plans are under way for the distribution to industry, business and organizations the tickets for solicitation of $1 donations to finance the celebration.

Discussing solicitations, Mayor Corak pointed out that the success of the celebration is dependent on the people. "Where else can you get a full day's entertainment for the whole family for only $1," he said.

—:—

MACBURNEY was asked to contact various companies for the celebration's traditional fireworks.

Henderson was given the go ahead to contact top national drum and bugle corps for parade participation and an evening competition.

Last year's celebration topped all previous attendance. About 21,000 spectators saw the day's entertainment, including a parade of 4,000 participants and 108 units.

This will be the seventh celebration for the citizens' committee since taking over from the Crucible Steel Co.

Next meeting is April 23 at 7:30 p. m. in Council Chambers in the Borough Building.

5 Men Quizzed In Suspected Burglary Ring

CINCINNATI (AP)—Police of three cities in Ohio and Kentucky questioned five men today in connection with the operation of what they termed a widespread burglary ring.

Three were formally charged. James E. Frazier, 28, Middletown, Ohio, was held in Hamilton County Jail under $10,000 bond on two charges of housebreaking. In Manchester, Ky., two suspects registered as Eldon Powell, 21, and Jimmy Sizemore, about 30, were charged with receiving stolen goods after police reported seizure of television sets, rifles, shotguns and camera equipment in the basement of Sizemore's $18,000 home.

Dayton, Ohio, police entered the case and identified still other loot, recovered from a garage in rural Butler County (Ohio) as that taken March 17 in a burglary on Hillpoint Avenue, Dayton.

The fourth and fifth suspects, who also registered from Middletown, were questioned here, then taken to Dayton late Wednesday for further interrogation, Amberley Village police said.

Driver Flees Crash Scene

Police today are continuing a search for an unidentified motorist who fled after his auto damaged a parked car owned by a Beaver County man Wednesday afternoon on Avondale St.

D. E. Grimes of New Brighton R. D. 2 told police the mishap damaged the left rear quarter panel of his 1960 sedan, which was parked on Avondale 35 feet south of Morton St.

Grimes told police he was in a home nearby about 5:46 p. m. when he heard a loud crash outside. Going to the door, he saw the car, which apparently had struck his auto, proceeding north on Avondale at a high rate of speed, he said.

Grimes gave Patrolman Paul Blevins a description of the auto which fled the scene.

Two autos were damaged slightly in another mishap Wednesday at 9:45 a. m. on Market St., police said.

It involved a 1951 two - door sedan driven by Lucy B. Vest, 31, of 7th Ave., LaCroft, and a 1955 model station wagon operated by Lee Hyder, 37, of 657 Riley Ave. The autos were in adjoining lanes of Market St., both proceeding north, officers said.

The collision caused minor damage to the left front fender of the woman's car, owned by Homer Cronin, 2117 LaCroft St., and the right front fender of Hyder's vehicle, police reported.

An hour before you make that cake, take the eggs and milk out of the refrigerator; if butter or margarine is to be used in it instead of shortening, it should be allowed to come to room temperature along with the eggs and milk.

Two Units Back Experiment To Cut Welfare Aid

DAYTON, Ohio (AP)—A two-stop experiment to reduce state aid for public welfare has drawn the support of Montgomery County and Dayton commissioners.

The commissioners agreed tentatively Wednesday to raise—for a three-month trial period—from $20 to $40 a month the amount a relief recipient with substandard income can retain in cash out of his earnings.

Acting in line with a reduction in state expenditures for poor relief payments ordered by Gov. James A. Rhodes, the commissioners also agreed to set up a comprehensive retaining program. A six - member committee was formed to create the program, which would be financed by state and federal funds.

The commissioners also decided to set up a work relief program, using relief recipients to do small tasks for the county and city.

Semi-Final Spots To Be Contested Tonight At Wellsville

8 Continue Race In JC Cage Event

The cream of the Wellsville Jaycee tournament will come rising to the top tonight when four semi - finalists emerge at the Beacom Memorial gym.

The quarter - final pairings tonight show Higgs Inn of East Liverpool meeting Pittsburgh Bubber Moore's in the opener at 7 while Bloom Drugs of Canton, a team to keep your eye on, plays Amo's Esso(Geneva College) of Rochester at 8 p. m.

The 9 o'clock battle lists Joe's Tavern of Beaver Falls and Eason's Insurance of East Liverpool.

—:—

DEFENDING champs — Wellsville Shaffer Trucking — takes the floor in the finale at 10 meeting Edgington Lane Chess Club of Wheeling which shows some college and high school standouts from that area.

The two semi - final battles will be played Friday night with the championship and consolation games on Saturday.

—:—

HIGGS INN was not at full strength last night when it defeated Central Federal of Wellsville, 56-42. Jim Betts and Miles Witchey are expected to join the club for tonight's battle. Three starters for Higgs hit the double figures as veteran Bill Thornberry led the way with 16 points while Herb Lake added 15 and Frank Chan 12. Bill Sallis of this year's Midland squad scored nine. Central Federal was paced by Ed Nelson's 17 points.

—:—

BUBBER MOORE'S made an impressive start by eliminating the Salem Music Center, 55-39. Cal Froebel led the winners with 18 points while Jim Sweitzer and Jim Pannier collected 10 each for Salem.

Five members of the Bloom Drug entry finished in the double figures as the Canton team dropped Richard's Ashland of Wellsville out of the tourney.

Gray Ohman led the winners with 18 while Ed Agnoni scored 17 and Jack Meola added 16. Bloom's list many former college stars on its roster. Steve Baldwin, who scored 35 points in his opening game Monday, came back to net 27 last night for Richard's.

—:—

THE FINAL two games Wednesday night were close and ended with identical scores.

Edgington Lane defeated K-B Electric of Steubenville, 59-56, with Coleman scoring 19 points for the winners. Heilman's 17 markers paced K-B.

In the final game Wednesday, Eason's Insurance earned a quarter - final berth with a surprising 59-56 win over the West Liberty All-Stars.

Again it was Jack Thayer, the former New Cumberland ace, leading the way with 17 points. Bob Trenton and Bill Smith topped West Liberty with 16 and 15 points respectively.

Here's Tonight's Card In Wellsville Tourney

7 — Higgs Inn (ELO) vs. Bubber Moore's (Pittsburgh)

8 — Bloom Drugs (Canton) vs. Amo's Esso (Rochester)

9 — Joe's Tavern (Beaver Falls) vs. Eason's (ELO)

10 — Wellsville Shaffer Trucking vs. Edgington Lane (Wheeling)

Dark Shows Some Embarrassment When Farm Club Rallies To Defeat His Giants

By MIKE RATHET
Associated Press Sports Writer

Al Dark, the San Francisco manager has watched his National League champions in some lukewarm performances this spring, but he was a bit embarrassed Wednesday when the Giants' Tacoma farm club up and bopped the parent club 10-9 in an exhibition game at Casa Grande.

The little Giants trailed the big Giants 9-1 going into the eighth. Jesus Alou—the lone member of the three Alou brothers not with the parent club—got things rolling for the farmhands with a two-run homer in the eighth.

Then the firing really started. Jim Ray Hart cracked a three-run homer that finally tied it 9-9 in the ninth, and the winner came across on a triple by Ron Phifer, two intentional passes, and a single by Marion Talton that crossed-up the big Giants strategy.

Bob Bolin was the victim of the eighth and ninth inning bombing as the Giants lost their ninth in 10 games. They are now 6-12 overall, but Dark said he won't "start worrying until opening day. That's soon enough."

Lew Burdette, trying to regain a starting berth with Milwaukee after spending much of 1962 in the bullpen, allowed only four hits and one run in six innings as the Braves belted Detroit 6-1 at West Palm Beach. It was the first earned run off Burdette in 23 innings.

Early Wynn, hoping to show enough to stick with the Chicago White Sox and get a chance at victory No. 300, yielded only one single in a three-inning workout before Ed Fisher completed a 3-0 shutout against Washington at Sarasota.

Jim O'Toole, who has publicly stated that he wants Cincinnati's opening day pitching assignment and is out to get it, held the Los Angeles Dodgers to four hits for six innings. John Flavin finished up for the Reds with a no-hit stint in a 6-0 triumph at Vero Beach.

And rookie Marcelino Lopez, 19, a southpaw, pitched two-hit ball for six innings and contributed a two-run homer to a 16-hit attack that gave Philadelphia a 9-2 triumph over Kansas City at Bradenton.

Joe Pepitine drove in five runs with two homers as the New York Yankees defeated Minnesota 7-6 at Orlando, the Los Angeles Angels edged Boston 4-3 at Scottsdale, the Chicago Cubs outlasted Cleveland 12-11 at Tucson and the New York Mets defeated St. Louis 6-4 at St. Petersburg.

Catcher Ed Sadowski was the No. 1 gun for the Angels, belting a decisive ninth inning homer after earlier doubling home a run and scoring one. Bob Turley, on trial with Los Angeles, was touched for three runs and six hits in a six-inning workout.

Allen Blasts First Home Run Of Spring

Bernie Allen belted his first home run of the spring training season but it came in a losing cause when the New York Yankees nipped the Minnesota Twins, 7-6, Wednesday at Orlando, Fla.

Ohio's Best Head For State Finals

COLUMBUS, Ohio (AP)—Eight high school basketball teams, backed up by hundreds of their supporters, start arriving in town tonight to take part in Ohio's biggest scholastic cage spectacle.

The state championships in Class AA and Class A will be decided in St. John Arena Saturday after semifinal rounds Friday.

A few of the Class A teams were to leave their hometowns after classes today, but all are expected to be on hand by Friday morning — Cleveland East Tech, Urbana, Columbus East and Marion Harding in Class AA, and York Township, Jackson Center, Dresden and Springfield Local in Class A.

All tickets to the Class AA night games have been sold. Only a handful remained for the Class A tilts Friday and Saturday afternoons, and these are expected to be gone before the first tipoff at 1:30 p.m. Arena seating capacity is listed at 13,497.

In Class A, York Township of Sandusky County meets Jackson Center of Shelby County in the opening game Friday at 1:30 p.m., and Dresden, Muskingum County, meets Springfield Local, Mahoning County, at 3:15 p.m. Winners of these tilts meet for the title at 2 p.m. Saturday.

In Class AA, Cleveland East Tech meets Columbus East in the first game Friday at 7:30 p.m., with Urbana and Marion Harding clashing in the night's wind-up at 9:15 p.m. Winners will meet at 8 p.m. Saturday for the title.

Three television stations will cover the games—WLW-C, Columbus, WEWS - TV, Cleveland, and WHIO-TV, Dayton, in addition to radio broadcasts.

Miami's Enrollment Higher

Johnny Pont Doesn't Mind Going To 'Smaller School'

BOSTON (AP)—"No," said little Johnny Pont with a grin, "I don't mind coming to a smaller school."

Pont resigned recently as football coach of Miami University of Ohio to become coach of a "smaller" school—Yale.

A remarkable little man who combines both intense drive and gentleness in his eyes, Pont wanted to make sure everyone realized he was merely joking. The 5-foot-7, 165 -pound former half back knows he's taken a step into big-time coaching in a league where a lot of the odds are seemingly already stacked against you.

The smaller school reference was prompted by the realization that while there are 8,100 students at Miami of Ohio, 5,500 of them boys, there are only 4,100 Yale students on the New Haven Conn., campus.

Pont, 35, perhaps summed up his coaching philosophy in the following words during a news conference:

"I have seen a lot of mighty good football teams beaten by teams not nearly so good because they weren't ready mentally. Maybe somebody didn't press the right buttons."

John Pont intends to push the right buttons at Yale this fall.

The buttons are the ways in which Pont handles football players. How he gets the most out of them. How he instills the desire to go all out—all the time.

"We're going to shoot for the top right away," he said when asked what he thought about the low ebb of Yale's recent football fortunes.

"That's not being cocky — just confident. From what I've seen so far I think the Yale players are good football players."

Pont, who compiled an 8-1-1 record at Miami last season, including an upset of Big Ten Power Purdue, said he thinks college football players owe something to the school for which they play.

"Every player is building something when he's playing, whether he knows it or not," he said.

"With football, he is giving something physical. Other students give something in other ways.

"We want our players to hit and knock the other guy down, all right," he said. "That's part of football. But we also want them to use their bodies completely. Some of the Miami players last fall weren't the biggest or the fastest around. But they gave out 100 per cent."

Bucs Have Home Run Hitters In Training

FORT MYERS (AP) — The Pittsburgh Pirates had the three leading home run hitters of the International League in training here this spring. Bob Bailey, rookie third baseman, was tops with 38 round trippers for Columbus last season. Pancho Herraro, who hit 32 for Buffalo, worked out at first base and second base.

Rookie Willie Stargell hit 27 homers for Columbus and the former outfielder also worked out at first base behind Donn Clendenon and Herrera.

Duke University's basketball team played before 16 sellout crowds last winter.

Ewbank Is Mentioned As Coach For Titans

NEW YORK (AP) — The New York Titans, or Gothams, or whoever they are, may have a new coach. It may be Weeb Ewbank.

On the other hand, they may not have a new coach. In which case it isn't Weeb Ewbank. At least at the moment.

Besides, Ewbank isn't sure he wants the job.

"Premature and unfounded" Ewbank said in Baltimore Wednesday of a report that he had been named head coach of the American Football League team.

"We are still considering several candidates," said David A. (Sonny) Werblin, head of the syndicate which recently laid out $1 million for the right to operate the bankrupt club.

Werblin has said he plans a complete house-cleaning of the Titans, which probably means a new general manager as well as head coach.

Clyde (Bulldog) Turner has a year to go on a head coaching contract which calls for $20,000 a year. This probably will be bought up. George Sauer, general manager under former owner Harry Wismer, will be retained as road secretary.

Ewbank coached the Baltimore Colts of the National Football League from 1954 until he was fired last season. He won league championships in 1958 and 1959 and was NFL Coach of the Year in 1958.

Donovan Takes Time, Rapped Hard By Cubs

PALM SPRINGS, Calif. (AP)—Dick Donovan, 35-year-old ace of the Cleveland pitching staff, is taking his time working into shape.

The Chicago Cubs pounded Donovan, a 20-game winner, and beat the Indians 12-11 Wednesday to spoil the Tribe's spring finale in Tucson.

Donovan, who has yet to make an impressive showing, was rapped for 12 hits and 10 runs, two of them unearned, in six innings. The big blow was Ernie Banks' third home run of the spring. It was the first by an opposing player at the Indians' Hi Corbett Field.

Banks, who had been fanned three times by Donovan before the homer, also was struck out by Bob Allen.

Lou Brock, Andre Rodgers and Billy Williams each got three hits for the Cubs and knocked in two runs apiece. It was the Cubs' first win over the Tribe after four losses.

Willie Kirkland knocked in three Cleveland runs, two of them with a triple in the third.

The Indians rallied for two runs in the ninth off Lindy McDaniel on a pair of walks and singles by Mike de la Hoz and Larry Brown. Rookie right-hander Jack Warner relieved McDaniel with two on and one out and halted the rally.

In the first inning Joe Adcock was struck on the ring finger by a pitch thrown by his former teammate, Bob Buhl, who apologized. X-rays proved negative.

Outfielder Willie Tasby and pitcher Bill Dailey did not make the West Coast trip as they were confined to their hotel rooms under doctors' orders. Tasby was hit in the eye by his own bat Tuesday in batting practice and Dailey has a severely sprained knee which he twisted by stepping into a hole on the practice field.

The Indians announced that first baseman Hal Jones has been sold outright to Salt Lake City and said pitcher Dave Tyriver will remain behind awaiting assignment.

Davey Moore's Burial Saturday At Springfield

SPRINGFIELD, Ohio (AP) — The body of Davey Moore, who suffered fatal injuries in losing his world featherweight boxing title in Los Angeles last week, was returned to his native Springfield Wednesday night.

Large crowds were on hand at Port Columbus Airport, where the casket was flown from Los Angeles, and at the Patterson Funeral Home here, where it will remain until the funeral Saturday.

Aboard the plane that brought the dead fighter back to Ohio were his widow, Geraldine, her mother, Mrs. Grady Welch, and Moore's sister, Mrs. Miriam Hayes.

Moore, who died Monday of injuries suffered in his fight Thursday night with Sugar Ramos, spent most of his life in Springfield but moved his family to Columbus two years ago.

Burial will be in Ferncliff Cemetery here following services at the Mount Zion Baptist Church.

The body may be viewed from 1 p.m. to 9 p.m. today and Friday.

Chester Post 121 Bowlers To Meet

Members of the Chester American Legion Post 121 bowling team will meet Friday at 7 p. m. at the post home to discuss plans for the banquet and prizes.

Jockey Part Of 2nd Big Twin Payoff Race

NEW ORLEANS (AP)—Jockey Michael Keller, has been involved in another big twin double payoff at Jefferson Downs.

Keller, who was aboard one of the winners in an $8,200 bonanza Tuesday night, brought home two winners in a $7,158 twin double Wednesday night.

Cincy Hopes O'Toole Will Save Some

FORT LAUDERDALE, Fla. (AP)—The Cincinnati Reds face the New York Yankees today with many wishing that Jim O'Toole's record of 14 scoreless innings so far in Grapefruit ball could be entered, instead, in the season-to-come.

O'Toole was in best mid-season form Wednesday as he hurled seven scoreless frames to turn back the Los Angeles Dodgers 6-0. The slick southpaw surrendered just four singles. Rookie Johnny Flavin came on in the eighth—and yielded nothing.

In all, O'Toole has given up just eight hits in two seven - inning stings, the previous one against Milwaukee. All Dodger safeties were made during the first four innings and after that, none reached base until with two out in the eighth when Flavin walked the bases full.

As for the Reds, Gordy Coleman banged in three runs with his fourth spring homer and a pair of singles. Tommy Harper, trying for a centerfield slot this season, singled in two runs in the eighth off of Jack Smith, second Dodger hurler, after Wally Post and John Edwards had doubled in the eighth.

Bob Miller started against O'Toole and was charged with the loss. In the first inning, Coleman singled home Don Blasingame who had been safe on Don Zimmer's error, and in the third Coleman homered over the right field bank.

A double by Flavin and singles by Bobby Klaus and Coleman in the ninth produced the final Red tally.

Semi-Final Spots To Be Contested Tonight At Wellsville

8 Continue Race In JC Cage Event

The cream of the Wellsville Jaycee tournament will come rising to the top tonight when four semi - finalists emerge at the Beacom Memorial gym.

The quarter - final pairings tonight show Higgs Inn of East Liverpool meeting Pittsburgh Bubber Moore's in the opener at 7 while Bloom Drugs of Canton, a team to keep your eye on, plays Amo's Esso(Geneva College) of Rochester at 8 p. m.

The 9 o'clock battle lists Joe's Tavern of Beaver Falls and Eason's Insurance of East Liverpool.

—:—

DEFENDING champs — Wellsville Shaffer Trucking — takes the floor in the finale at 10 meeting Edgington Lane Chess Club of Wheeling which shows some college and high school standouts from that area.

The two semi - final battles will be played Friday night with the championship and consolation games on Saturday.

—:—

HIGGS INN was not at full strength last night when it defeated Central Federal of Wellsville, 56-42. Jim Betts and Miles Witchey are expected to join the club for tonight's battle. Three starters for Higgs hit the double figures as veteran Bill Thornberry led the way with 16 points while Herb Lake added 15 and Frank Chan 12. Bill Sallis of this year's Midland squad scored nine. Central Federal was paced by Ed Nelson's 17 points.

—:—

BUBBER MOORE'S made an impressive start by eliminating the Salem Music Center, 55-39. Cal Froebel led the winners with 18 points while Jim Sweitzer and Jim Pannier collected 10 each for Salem.

Five members of the Bloom Drug entry finished in the double figures as the Canton team dropped Richard's Ashland of Wellsville out of the tourney.

Gray Ohman led the winners with 18 while Ed Agnoni scored 17 and Jack Meola added 16. Bloom's list many former college stars on its roster. Steve Baldwin, who scored 35 points in his opening game Monday, came back to net 27 last night for Richard's.

—:—

THE FINAL two games Wednesday night were close and ended with identical scores.

Edgington Lane defeated K-B Electric of Steubenville, 59-56, with Coleman scoring 19 points for the winners. Heilman's 17 markers paced K-B.

In the final game Wednesday, Eason's Insurance earned a quarter - final berth with a surprising 59-56 win over the West Liberty All-Stars.

Again it was Jack Thayer, the former New Cumberland ace, leading the way with 17 points. Bob Trenton and Bill Smith topped West Liberty with 16 and 15 points respectively.

Here's Tonight's Card In Wellsville Tourney

7 — Higgs Inn (ELO) vs. Bubber Moore's (Pittsburgh)

8 — Bloom Drugs (Canton) vs. Amo's Esso (Rochester)

9 — Joe's Tavern (Beaver Falls) vs. Eason's (ELO)

10 — Wellsville Shaffer Trucking vs. Edgington Lane (Wheeling)

Dark Shows Some Embarrassment When Farm Club Rallies To Defeat His Giants

By MIKE RATHET
Associated Press Sports Writer

Al Dark, the San Francisco manager has watched his National League champions in some lukewarm performances this spring, but he was a bit embarrassed Wednesday when the Giants' Tacoma farm club up and bopped the parent club 10-9 in an exhibition game at Casa Grande.

The little Giants trailed the big Giants 9-1 going into the eighth. Jesus Alou—the lone member of the three Alou brothers not with the parent club—got things rolling for the farmhands with a two-run homer in the eighth.

Then the firing really started. Jim Ray Hart cracked a three-run homer that finally tied it 9-9 in the ninth, and the winner came across on a triple by Ron Phifer, two intentional passes, and a single by Marion Talton that crossed-up the big Giants strategy.

Bob Bolin was the victim of the eighth and ninth inning bombing as the Giants lost their ninth in 10 games. They are now 6-12 overall, but Dark said he won't "start worrying until opening day. That's soon enough."

Lew Burdette, trying to regain a starting berth with Milwaukee after spending much of 1962 in the bullpen, allowed only four hits and one run in six innings as the Braves belted Detroit 6-1 at West Palm Beach. It was the first earned run off Burdette in 23 innings.

Early Wynn, hoping to show enough to stick with the Chicago White Sox and get a chance at victory No. 300, yielded only one single in a three-inning workout before Ed Fisher completed a 3-0 shutout against Washington at Sarasota.

Jim O'Toole, who has publicly stated that he wants Cincinnati's opening day pitching assignment and is out to get it, held the Los Angeles Dodgers to four hits for six innings. John Flavin finished up for the Reds with a no-hit stint in a 6-0 triumph at Vero Beach.

And rookie Marcelino Lopez, 19, a southpaw, pitched two-hit ball for six innings and contributed a two-run homer to a 16-hit attack that gave Philadelphia a 9-2 triumph over Kansas City at Bradenton.

Joe Pepitine drove in five runs with two homers as the New York Yankees defeated Minnesota 7-6 at Orlando, the Los Angeles Angels edged Boston 4-3 at Scottsdale, the Chicago Cubs outlasted Cleveland 12-11 at Tucson and the New York Mets defeated St. Louis 6-4 at St. Petersburg.

Catcher Ed Sadowski was the No. 1 gun for the Angels, belting a decisive ninth inning homer after earlier doubling home a run and scoring one. Bob Turley, on trial with Los Angeles, was touched for three runs and six hits in a six-inning workout.

Allen Blasts First Home Run Of Spring

Bernie Allen belted his first home run of the spring training season but it came in a losing cause when the New York Yankees nipped the Minnesota Twins, 7-6, Wednesday at Orlando, Fla.

Allen In 'Twin Killing'

TWINS' SECOND BASEMAN Bernie Allen, tosses a fastball to first baseman Vic Power, giving the Twins a double play during the third inning of Wednesday's game at Orlando, Fla. with the New York Yankees. Miami's Enrollment Higher

Johnny Pont Doesn't Mind Going To 'Smaller School'

BOSTON (AP)—"No," said little Johnny Pont with a grin, "I don't mind coming to a smaller school."

Pont resigned recently as football coach of Miami University of Ohio to become coach of a "smaller" school—Yale.

A remarkable little man who combines both intense drive and gentleness in his eyes, Pont wanted to make sure everyone realized he was merely joking. The 5-foot-7, 165 -pound former half back knows he's taken a step into big-time coaching in a league where a lot of the odds are seemingly already stacked against you.

The smaller school reference was prompted by the realization that while there are 8,100 students at Miami of Ohio, 5,500 of them boys, there are only 4,100 Yale students on the New Haven Conn., campus.

Pont, 35, perhaps summed up his coaching philosophy in the following words during a news conference:

"I have seen a lot of mighty good football teams beaten by teams not nearly so good because they weren't ready mentally. Maybe somebody didn't press the right buttons."

John Pont intends to push the right buttons at Yale this fall.

The buttons are the ways in which Pont handles football players. How he gets the most out of them. How he instills the desire to go all out—all the time.

"We're going to shoot for the top right away," he said when asked what he thought about the low ebb of Yale's recent football fortunes.

"That's not being cocky — just confident. From what I've seen so far I think the Yale players are good football players."

Pont, who compiled an 8-1-1 record at Miami last season, including an upset of Big Ten Power Purdue, said he thinks college football players owe something to the school for which they play.

"Every player is building something when he's playing, whether he knows it or not," he said.

"With football, he is giving something physical. Other students give something in other ways.

"We want our players to hit and knock the other guy down, all right," he said. "That's part of football. But we also want them to use their bodies completely. Some of the Miami players last fall weren't the biggest or the fastest around. But they gave out 100 per cent."

Bucs Have Home Run Hitters In Training

FORT MYERS (AP) — The Pittsburgh Pirates had the three leading home run hitters of the International League in training here this spring. Bob Bailey, rookie third baseman, was tops with 38 round trippers for Columbus last season. Pancho Herraro, who hit 32 for Buffalo, worked out at first base and second base.

Rookie Willie Stargell hit 27 homers for Columbus and the former outfielder also worked out at first base behind Donn Clendenon and Herrera.

Duke University's basketball team played before 16 sellout crowds last winter.

Ewbank Is Mentioned As Coach For Titans

NEW YORK (AP) — The New York Titans, or Gothams, or whoever they are, may have a new coach. It may be Weeb Ewbank.

On the other hand, they may not have a new coach. In which case it isn't Weeb Ewbank. At least at the moment.

Besides, Ewbank isn't sure he wants the job.

"Premature and unfounded" Ewbank said in Baltimore Wednesday of a report that he had been named head coach of the American Football League team.

"We are still considering several candidates," said David A. (Sonny) Werblin, head of the syndicate which recently laid out $1 million for the right to operate the bankrupt club.

Werblin has said he plans a complete house-cleaning of the Titans, which probably means a new general manager as well as head coach.

Clyde (Bulldog) Turner has a year to go on a head coaching contract which calls for $20,000 a year. This probably will be bought up. George Sauer, general manager under former owner Harry Wismer, will be retained as road secretary.

Ewbank coached the Baltimore Colts of the National Football League from 1954 until he was fired last season. He won league championships in 1958 and 1959 and was NFL Coach of the Year in 1958.

Donovan Takes Time, Rapped Hard By Cubs

PALM SPRINGS, Calif. (AP)—Dick Donovan, 35-year-old ace of the Cleveland pitching staff, is taking his time working into shape.

The Chicago Cubs pounded Donovan, a 20-game winner, and beat the Indians 12-11 Wednesday to spoil the Tribe's spring finale in Tucson.

Donovan, who has yet to make an impressive showing, was rapped for 12 hits and 10 runs, two of them unearned, in six innings. The big blow was Ernie Banks' third home run of the spring. It was the first by an opposing player at the Indians' Hi Corbett Field.

Banks, who had been fanned three times by Donovan before the homer, also was struck out by Bob Allen.

Lou Brock, Andre Rodgers and Billy Williams each got three hits for the Cubs and knocked in two runs apiece. It was the Cubs' first win over the Tribe after four losses.

Willie Kirkland knocked in three Cleveland runs, two of them with a triple in the third.

The Indians rallied for two runs in the ninth off Lindy McDaniel on a pair of walks and singles by Mike de la Hoz and Larry Brown. Rookie right-hander Jack Warner relieved McDaniel with two on and one out and halted the rally.

In the first inning Joe Adcock was struck on the ring finger by a pitch thrown by his former teammate, Bob Buhl, who apologized. X-rays proved negative.

Outfielder Willie Tasby and pitcher Bill Dailey did not make the West Coast trip as they were confined to their hotel rooms under doctors' orders. Tasby was hit in the eye by his own bat Tuesday in batting practice and Dailey has a severely sprained knee which he twisted by stepping into a hole on the practice field.

The Indians announced that first baseman Hal Jones has been sold outright to Salt Lake City and said pitcher Dave Tyriver will remain behind awaiting assignment.

Davey Moore's Burial Saturday At Springfield

SPRINGFIELD, Ohio (AP) — The body of Davey Moore, who suffered fatal injuries in losing his world featherweight boxing title in Los Angeles last week, was returned to his native Springfield Wednesday night.

Large crowds were on hand at Port Columbus Airport, where the casket was flown from Los Angeles, and at the Patterson Funeral Home here, where it will remain until the funeral Saturday.

Aboard the plane that brought the dead fighter back to Ohio were his widow, Geraldine, her mother, Mrs. Grady Welch, and Moore's sister, Mrs. Miriam Hayes.

Moore, who died Monday of injuries suffered in his fight Thursday night with Sugar Ramos, spent most of his life in Springfield but moved his family to Columbus two years ago.

Burial will be in Ferncliff Cemetery here following services at the Mount Zion Baptist Church.

The body may be viewed from 1 p.m. to 9 p.m. today and Friday.

Ohio's Best Head For State Finals

COLUMBUS, Ohio (AP)—Eight high school basketball teams, backed up by hundreds of their supporters, start arriving in town tonight to take part in Ohio's biggest scholastic cage spectacle.

The state championships in Class AA and Class A will be decided in St. John Arena Saturday after semifinal rounds Friday.

A few of the Class A teams were to leave their hometowns after classes today, but all are expected to be on hand by Friday morning — Cleveland East Tech, Urbana, Columbus East and Marion Harding in Class AA, and York Township, Jackson Center, Dresden and Springfield Local in Class A.

All tickets to the Class AA night games have been sold. Only a handful remained for the Class A tilts Friday and Saturday afternoons, and these are expected to be gone before the first tipoff at 1:30 p.m. Arena seating capacity is listed at 13,497.

In Class A, York Township of Sandusky County meets Jackson Center of Shelby County in the opening game Friday at 1:30 p.m., and Dresden, Muskingum County, meets Springfield Local, Mahoning County, at 3:15 p.m. Winners of these tilts meet for the title at 2 p.m. Saturday.

In Class AA, Cleveland East Tech meets Columbus East in the first game Friday at 7:30 p.m., with Urbana and Marion Harding clashing in the night's windup at 9:15 p.m. Winners will meet at 8 p.m. Saturday for the title.

Three television stations will cover the games—WLW-C, Columbus, WEWS - TV, Cleveland, and WHIO-TV, Dayton, in addition to radio broadcasts.

Pair Of Derby Hopefuls Pop Up In Aqueduct Race

NEW YORK (AP)—A couple of possible Kentucky Derby candidates popped up at Aqueduct Wednesday while Bonjour's status was somewhat tarnished with his third place finish in the Bay Shore Stakes.

Jet Traffic, a disappointment during the winter racing, zoomed to a spectacular triumph in the second of New York's four big pre-derby races for 3-year-olds. The Canadian-bred colt, owned by Russell A. Firestone Jr. belted off a mile in 1 minute, 34 1-5 seconds and no veteran recalls a faster clocking for a sophomore hereabouts this early in the year. He was ridden by Bobby Ussery, packed 120 pounds.

Another disappointment of the palm tree circuit in recent months who ran a creditable race was George D. Widener's Top Gallant, who rallied to finish second. Top Gallant was running well at the end, and wound up three lengths behind Jet Traffic.

Patrice Jacobs' Bonjour, who had won the Governor's Gold Cup at Bowie March 16 and was the 17-20 favorite here, trailed Top Gallant home by three lengths.

Jet Traffic was out four times previously this year, without a victory. Last summer in Chicago he won the Prairie State and Hyde Park Stakes.

Trainer D.W. Carroll said Jet Traffic will start in the Derby Trial Stakes at Churchill Downs on April 30, four days before the Derby.

Top Gallant, a big, smart looking son of Gallant Man, is eligible for the $50,000 Gotham April 6 and the $75,000 Wood Memorial April 20.

Trainer Syl Veitch says he'll be Derby-bound if he keeps improving.

Racing Called Off Friday At Waterford

General Manager Harry R. Bell announced Wednesday that the racing program at Waterford Park for Friday has been cancelled due to the lack of entries of horses. The early spring opening plus the severe winter has shown that many horsemen do not have their thoroughbreds up to racing condition. Racing was to be held today and a program is set for Saturday with the 1 p. m. post time.

House Group Eyes Writing Of Tax Bill

WASHINGTON (AP) — The House Ways and Means Committee, which has heard some 200 witnesses on President Kennedy's tax cut and revision proposals, starts next week the even longer task of writing a bill.

Informed guessing on Capitol Hill is that the legislation will go to the House for action in June and that it will contain more immediate tax reduction than Kennedy recommended—about $3 billion—though ultimately the reduction might level off at about his long range figure—$10.2 billion.

Moreover, most congressional observers will be surprised if the committee incorporates in this year's bill more than a minimum of the tax revisions that Kennedy called necessary reforms and recoupings of some of the revenue sacrificed by slashing tax rates.

To provide tax cuts without compensating tax revisions and yet not swell too much an impending $11.9-billion deficit, the committee would have to forego rate reductions as deep as Kennedy recommended. Instead of trimming the present 20 to 91 per cent personal income tax range as low as Kennedy's proposed 14 to 65, the spread might have to be more like 15 to 75.

15th Azalea Golf Tourney Opens

WILMINGTON, N.C. (AP)—The $20,000 Azalea Open Golf Tournament, which has produced three playoffs in the last five years, begins its 15th staging today with the absence of a clear cut favorite making it possible that more overtime play will be required to determine the winner.

The tournament has been passed up by the elite of the touring professional clan, Arnold Palmer, Gary Player and Jack Nicklaus, who are looking ahead to next week's Augusta Masters. Only one of the current 10 leading money winners and five of last year's top 15 are here.

This absence of dominant figures on the 6,651-yard, par 72 Cape Fear Country Club course should make for a wide-open scramble.

Montreal Coach Brings Richard From Retirement

By The Associated Press

A middle - aged businessman who's growing a paunch worked out with Montreal's troubled Canadiens Wednesday.

"I'm trying him out," Coach Toe Blake said in mock seriousness. "We'll see if he can beat out a couple of our guys. We're that desperate, you know."

The gentleman in question wore uniform No. 9. That, of course, identified him as Rocket Richard, the National Hockey League's all-time goal-scoring leader who retired at the end of the 1959-60 season.

That year, incidentally, was the last time the ten-powerful Canadiens captured the Stanley Cup, symbolic of hockey's world series. Toronto beat Montreal 3-1 Tuesday night in the first game of this season's best-of-7 semi-final series.

"We haven't got a leader," moaned Montreal goalie Jacques Plante. "We need a guy to give you the occasional whack on the seat."

Each of the playoffs resumes tonight with Montreal at Toronto and Detroit at Chicago. Toronto and Chicago each has a 1-0 lead. Third games are scheduled with Toronto at Montreal Saturday and Chicago at Detroit Sunday.

Plante suffered an asthma attack before the Tuesday game and said he expects to be bothered with it for about a week, but will play. Defenseman Tom Johnson is still out with a fractured left cheekbone.

Boat, Loosed From Ice, Towed To Port

FAIRPORT, Ohio (AP) — Minus a rudder and propeller, the fishing boat Luella May was towed into port here early today after being loosed from Lake Erie ice by the Coast Guard cutter Kaw.

The Kaw, based at Cleveland, went to the vessel's aid Wednesday when she radioed she was stuck in ice 18 inches thick 12 miles from Erie, Pa.

Albert Seabrook of Erie, owner and skipper of the Luella May, was the only person aboard. He was not harmed.

Named For Parents

FORT MYERS, Fla. (AP) — Wilver (Willie) Stargell, rookie first baseman with the Pirates this spring, says he got his first name because his father's name is William and his mother's is Vernel.

West Virginia's rifle team went through the season unbeaten, winning all 15 matches.

Decision Up To Conference

Records Show Butts Made Calls To Gamblers But Made No Wagers

ATLANTA (AP) — Records show that Wallace Butts made telephone calls to persons who had been involved in gambling on college sports events, "but there is no evidence that Butts was engaged in gambling," Atty. Gen. Eugene Cook of Georgia says.

Cook said Wednesday that he had found no violation of state law in alleged telephone conversations between Butts, former Georgia athletic director, and football coach Paul Bryant of Alabama.

The Georgia attorney general, who is investigating charges that Butts and Bryant conspired to rig the Georgia-Alabama football game last fall, indicated that final deposition of the case would be up to the Southeastern Conference as an ethical, not legal, matter.

At Birmingham, Ala., SEC Commissioner Bernie Moore said he is calling a meeting of the conference executive committee. But he said it might be a month before the members could get together.

"I am not calling the meeting because of Butts and Bryant," Moore said. "Of course, if we get the meeting, it will be discussed."

The commissioner said he was still investigating the charges against Butts and Bryant "and I will present my findings to the executive committee."

The Saturday Evening Post said in its March 23 edition that Butts telephoned Bryant eight days before the Sept. 22 game and gave away secret information on Georgia's team.

Butts and Bryant have denied rigging the game, which Alabama won 35-0, and both men have denied gambling on football games. Butts has filed a $10 million libel suit against the Post's publishers.

Cook said some of the calls which Butts made to persons with gambling records were made shortly before the alleged Sept. 14 call from Butts by Bryant.

The attorney general said the calls are being investigated by the U.S. Senate Investigations Committee. Chief Counsel Donald F. O'Donnel of the commitee said Tuesday he had found no evidence of gambling in connection with the Post story and that his investigation might take three months.

Transportation Firms Urged To Fight U.S. Drive

WASHINGTON (AP) — Representatives of the transportation industry have been asked to support a drive to prevent government agencies from negotiating special shipping rates.

Louis C. Purdy, general manager of the Toledo-Lucas County Port Authority of Ohio, at a luncheon meeting here Wednesday, called for changes in the Interstate Commerce Act as outlined in a bill by Rep. Thomas L. Ashley, D-Ohio.

Ashley's bill would restrict special-rate agreements to items involving national defense. It also would require the government to give notice when it negotiates special rates, provide for hearings at which an injured party could seek cancellation of the rate, and for establishment of a similar rate benefiting the injured party or for seeking damages.

Purdy commented that repeal of the section of the Interstate Commerce Act permitting special rates would "not be feasible at this time," but he said amending it is a matter of national import.

Man Faces Life Term For Slaying Ex-Wife

TAVARES, Fla. (AP)—Life imprisonment is ahead for an Ironton, Ohio, man convicted here in the fatal shooting of his former wife in Leesburg five years ago.

The 12-man jury that convicted Charles Hixon, 48, Wednesday recommended mercy, saving him from the electric chair but making a life term mandatory.

Circuit Court Judge D. R. Smith postponed sentencing and gave defense attorneys 10 days in which to file an appeal.

Hixon, a television repairman, was convicted in the shooting of his former wife, Mrs. Lucille Lively, on a Leesburg street.

He did not testify at the trial and showed little emotion when the verdict was read. However, his mother, Mrs. Hatfield Vaughn, wept.

Hixon is being held in the Lake County jail pending the outcome of a new trial request.

Former catcher Matt Batts is scouting for the Houston Colts of the National League.

Flat Tire On Truck Leads To Man's Death

CLEVELAND (AP)—A flat tire on the panel truck he was driving led to the death of a 31-year-old Berea father of five.

Police in Strongsville said Robert Lee Moser was thrown from the truck and was caught under the vehicle when it rolled over off Ohio 237 (Prospect Avenue) in Strongsville Wednesday.

Mary Has Lost 16 Pounds In Bid To Lose 50

LONG BEACH, Calif. (AP) — Mary Ferguson is still fighting a losing battle—and still not losing quite as much as she'd like.

Mrs. Ferguson, 36, shut herself in a hotel a week ago Sunday, determined to lose 50 pounds in two weeks so she could slip into some more flattering clothes for Easter. She soon abandoned her 50-pound objective and said she'd settle for 28.

Well, she's lost 16 and she has three days to go.

Mrs. Ferguson said Wednesday night she was down to 228 pounds and feeling fine.

Her husband, alone at home with their dog, had promised her a new dress. But Mrs. Ferguson says a Beverly Hills designer has offered to make her a dress for nothing. "They said the dress will be worth $300," she said. "I don't know how a dress could cost that much. Maybe it has diamond buttons."

Rhodes Reaffirms No New Taxes Promise

COLUMBUS, Ohio (AP) — Gov. James A. Rhodes has reaffirmed his pledge of no new taxes on industry or business in meetings with officials of several major firms this week.

Rhodes talked Wednesday with representatives of a large electronic manufacturer in an effort to get some of the firm's proposed expansion into Ohio.

The governor declined to identify the firm at its request.

Earlier, he had outlined his tax policy to officials of a Michigan concern which is considering moving its operation to Ohio. The identity of this firm also was withheld.

Rhodes disclosed the meetings after an announcement that Republic Steel will spend two-thirds of a $100 million expansion allocation in Ohio.

Bucks Rated But Fourth In NCAA Swim

By SAM MORTON

RALEIGH, N.C. (AP) — You might think a defending champion with four of the meet's seven returning individual champions —including a pair of double winners — should be favored in the 40th annual NCAA swimming and diving meet which starts here today.

But it's not so of Ohio State's Buckeyes.

The Bucks, according to a nationwide poll of coaches, are at best a strong fourth, behind Yale, Southern California and Minnesota. Michigan was rated fifth. Indiana, the nation's top team, isn't eligible because the Hoosiers are on NCAA probation.

Yale was favored on depth and the Eli hoped to prove it by qualifying at least two and maybe three competitors for tonight's 50-yard freestyle final.

Favorite in the event is Minnesota's Steve Jackman. He holds the national collegiate and NCAA championship records of 21.1 seconds at this distance, set while winning this race last year.

Four other events were scheduled at North Carolina State's swimming stadium as the Wolfpack played host to their first national competition in any sport.

Ohio State, seeking its 12th team title, was defending the 400-yard medley relay title and the Buckeyes' Lou Vitucci, the one-meter dive.

The 500-yard freestyle has replaced the 440-yard event and Australian Jon Konrads of Southern California and Cincinnati's Gary Heinrich were co-favorites.

Ohio State's Marty Mull, the defending 200-yard individual medley titlist, was a top choice in the 400 individual medley.

DiSalle Remains Mum On Political Future

COLUMBUS, Ohio (AP)—Former Gov. Michael V. DiSalle is remaining mum on his possible future in Ohio politics. But he says he will maintain law offices in Columbus while managaing a model community near Washington, D.C.

DiSalle, a Democrat who was defeated for re-election last year by Republican James A. Rhodes, has been hired as managing director of the model community of Reston, Va., a proposed project which will accommodate between 75,000 and 100,000 persons.

When asked Wednesday night if he intends to continue participating in Ohio politics, DiSalle declined to reply directly. However, he added: "I intend to continue living in Ohio."

Duke's Art Heyman averaged 25.3 points a game during the Blue Devils' regular season.

Pair Of Derby Hopefuls Pop Up In Aqueduct Race

NEW YORK (AP)—A couple of possible Kentucky Derby candidates popped up at Aqueduct Wednesday while Bonjour's status was somewhat tarnished with his third place finish in the Bay Shore Stakes.

Jet Traffic, a disappointment during the winter racing, zoomed to a spectacular triumph in the second of New York's four big pre-derby races for 3-year-olds. The Canadian-bred colt, owned by Russell A. Firestone Jr. belted off a mile in 1 minute, 34 1-5 seconds and no veteran recalls a faster clocking for a sophomore hereabouts this early in the year. He was ridden by Bobby Ussery, packed 120 pounds.

Another disappointment of the palm tree circuit in recent months who ran a creditable race was George D. Widener's Top Gallant, who rallied to finish second. Top Gallant was running well at the end, and wound up three lengths behind Jet Traffic.

Patrice Jacobs' Bonjour, who had won the Governor's Gold Cup at Bowie March 16 and was the 17-20 favorite here, trailed Top Gallant home by three lengths.

Jet Traffic was out four times previously this year, without a victory. Last summer in Chicago he won the Prairie State and Hyde Park Stakes.

Trainer D.W. Carroll said Jet Traffic will start in the Derby Trial Stakes at Churchill Downs on April 30, four days before the Derby.

Top Gallant, a big, smart looking son of Gallant Man, is eligible for the $50,000 Gotham April 6 and the $75,000 Wood Memorial April 20.

Trainer Syl Veitch says he'll be Derby-bound if he keeps improving.

Racing Called Off Friday At Waterford

General Manager Harry R. Bell announced Wednesday that the racing program at Waterford Park for Friday has been cancelled due to the lack of entries of horses. The early spring opening plus the severe winter has shown that many horsemen do not have their thoroughbreds up to racing condition. Racing was to be held today and a program is set for Saturday with the 1 p. m. post time.

House Group Eyes Writing Of Tax Bill

WASHINGTON (AP) — The House Ways and Means Committee, which has heard some 200 witnesses on President Kennedy's tax cut and revision proposals, starts next week the even longer task of writing a bill.

Informed guessing on Capitol Hill is that the legislation will go to the House for action in June and that it will contain more immediate tax reduction than Kennedy recommended—about $3 billion—though ultimately the reduction might level off at about his long range figure—$10.2 billion.

Moreover, most congressional observers will be surprised if the committee incorporates in this year's bill more than a minimum of the tax revisions that Kennedy called necessary reforms and recoupings of some of the revenue sacrificed by slashing tax rates.

To provide tax cuts without compensating tax revisions and yet not swell too much an impending $11.9-billion deficit, the committee would have to forego rate reductions as deep as Kennedy recommended. Instead of trimming the present 20 to 91 per cent personal income tax range as low as Kennedy's proposed 14 to 65, the spread might have to be more like 15 to 75.

15th Azalea Golf Tourney Opens

WILMINGTON, N.C. (AP)—The $20,000 Azalea Open Golf Tournament, which has produced three playoffs in the last five years, begins its 15th staging today with the absence of a clear cut favorite making it possible that more overtime play will be required to determine the winner.

The tournament has been passed up by the elite of the touring professional clan, Arnold Palmer, Gary Player and Jack Nicklaus, who are looking ahead to next week's Augusta Masters. Only one of the current 10 leading money winners and five of last year's top 15 are here.

This absence of dominant figures on the 6,651-yard, par 72 Cape Fear Country Club course should make for a wide-open scramble.

Montreal Coach Brings Richard From Retirement

By The Associated Press

A middle - aged businessman who's growing a paunch worked out with Montreal's troubled Canadiens Wednesday.

"I'm trying him out," Coach Toe Blake said in mock seriousness. "We'll see if he can beat out a couple of our guys. We're that desperate, you know."

The gentleman in question wore uniform No. 9. That, of course, identified him as Rocket Richard, the National Hockey League's all-time goal-scoring leader who retired at the end of the 1959-60 season.

That year, incidentally, was the last time the ten-powerful Canadiens captured the Stanley Cup, symbolic of hockey's world series. Toronto beat Montreal 3-1 Tuesday night in the first game of this season's best-of-7 semi-final series.

"We haven't got a leader," moaned Montreal goalie Jacques Plante. "We need a guy to give you the occasional whack on the seat."

Each of the playoffs resumes tonight with Montreal at Toronto and Detroit at Chicago. Toronto and Chicago each has a 1-0 lead. Third games are scheduled with Toronto at Montreal Saturday and Chicago at Detroit Sunday.

Plante suffered an asthma attack before the Tuesday game and said he expects to be bothered with it for about a week, but will play. Defenseman Tom Johnson is still out with a fractured left cheekbone.

Boat, Loosed From Ice, Towed To Port

FAIRPORT, Ohio (AP) — Minus a rudder and propeller, the fishing boat Luella May was towed into port here early today after being loosed from Lake Erie ice by the Coast Guard cutter Kaw.

The Kaw, based at Cleveland, went to the vessel's aid Wednesday when she radioed she was stuck in ice 18 inches thick 12 miles from Erie, Pa.

Albert Seabrook of Erie, owner and skipper of the Luella May, was the only person aboard. He was not harmed.

Named For Parents

FORT MYERS, Fla. (AP) — Wilver (Willie) Stargell, rookie first baseman with the Pirates this spring, says he got his first name because his father's name is William and his mother's is Vernel.

West Virginia's rifle team went through the season unbeaten, winning all 15 matches.

Decision Up To Conference

Records Show Butts Made Calls To Gamblers But Made No Wagers

ATLANTA (AP) — Records show that Wallace Butts made telephone calls to persons who had been involved in gambling on college sports events, "but there is no evidence that Butts was engaged in gambling," Atty. Gen. Eugene Cook of Georgia says.

Cook said Wednesday that he had found no violation of state law in alleged telephone conversations between Butts, former Georgia athletic director, and football coach Paul Bryant of Alabama.

The Georgia attorney general, who is investigating charges that Butts and Bryant conspired to rig the Georgia-Alabama football game last fall, indicated that final deposition of the case would be up to the Southeastern Conference as an ethical, not legal, matter.

At Birmingham, Ala., SEC Commissioner Bernie Moore said he is calling a meeting of the conference executive committee. But he said it might be a month before the members could get together.

"I am not calling the meeting because of Butts and Bryant," Moore said. "Of course, if we get the meeting, it will be discussed."

The commissioner said he was still investigating the charges against Butts and Bryant "and I will present my findings to the executive committee."

The Saturday Evening Post said in its March 23 edition that Butts telephoned Bryant eight days before the Sept. 22 game and gave away secret information on Georgia's team.

Butts and Bryant have denied rigging the game, which Alabama won 35-0, and both men have denied gambling on football games. Butts has filed a $10 million libel suit against the Post's publishers.

Cook said some of the calls which Butts made to persons with gambling records were made shortly before the alleged Sept. 14 call from Butts by Bryant.

The attorney general said the calls are being investigated by the U.S. Senate Investigations Committee. Chief Counsel Donald F. O'Donnel of the commitee said Tuesday he had found no evidence of gambling in connection with the Post story and that his investigation might take three months.

Transportation Firms Urged To Fight U.S. Drive

WASHINGTON (AP) — Representatives of the transportation industry have been asked to support a drive to prevent government agencies from negotiating special shipping rates.

Louis C. Purdy, general manager of the Toledo-Lucas County Port Authority of Ohio, at a luncheon meeting here Wednesday, called for changes in the Interstate Commerce Act as outlined in a bill by Rep. Thomas L. Ashley, D-Ohio.

Ashley's bill would restrict special-rate agreements to items involving national defense. It also would require the government to give notice when it negotiates special rates, provide for hearings at which an injured party could seek cancellation of the rate, and for establishment of a similar rate benefiting the injured party or for seeking damages.

Purdy commented that repeal of the section of the Interstate Commerce Act permitting special rates would "not be feasible at this time," but he said amending it is a matter of national import.

Man Faces Life Term For Slaying Ex-Wife

TAVARES, Fla. (AP)—Life imprisonment is ahead for an Ironton, Ohio, man convicted here in the fatal shooting of his former wife in Leesburg five years ago.

The 12-man jury that convicted Charles Hixon, 48, Wednesday recommended mercy, saving him from the electric chair but making a life term mandatory.

Circuit Court Judge D. R. Smith postponed sentencing and gave defense attorneys 10 days in which to file an appeal.

Hixon, a television repairman, was convicted in the shooting of his former wife, Mrs. Lucille Lively, on a Leesburg street.

He did not testify at the trial and showed little emotion when the verdict was read. However, his mother, Mrs. Hatfield Vaughn, wept.

Hixon is being held in the Lake County jail pending the outcome of a new trial request.

Former catcher Matt Batts is scouting for the Houston Colts of the National League.

Flat Tire On Truck Leads To Man's Death

CLEVELAND (AP)—A flat tire on the panel truck he was driving led to the death of a 31-year-old Berea father of five.

Police in Strongsville said Robert Lee Moser was thrown from the truck and was caught under the vehicle when it rolled over off Ohio 237 (Prospect Avenue) in Strongsville Wednesday.

Mary Has Lost 16 Pounds In Bid To Lose 50

LONG BEACH, Calif. (AP) — Mary Ferguson is still fighting a losing battle—and still not losing quite as much as she'd like.

Mrs. Ferguson, 36, shut herself in a hotel a week ago Sunday, determined to lose 50 pounds in two weeks so she could slip into some more flattering clothes for Easter. She soon abandoned her 50-pound objective and said she'd settle for 28.

Well, she's lost 16 and she has three days to go.

Mrs. Ferguson said Wednesday night she was down to 228 pounds and feeling fine.

Her husband, alone at home with their dog, had promised her a new dress. But Mrs. Ferguson says a Beverly Hills designer has offered to make her a dress for nothing. "They said the dress will be worth $300," she said. "I don't know how a dress could cost that much. Maybe it has diamond buttons."

Rhodes Reaffirms No New Taxes Promise

COLUMBUS, Ohio (AP) — Gov. James A. Rhodes has reaffirmed his pledge of no new taxes on industry or business in meetings with officials of several major firms this week.

Rhodes talked Wednesday with representatives of a large electronic manufacturer in an effort to get some of the firm's proposed expansion into Ohio.

The governor declined to identify the firm at its request.

Earlier, he had outlined his tax policy to officials of a Michigan concern which is considering moving its operation to Ohio. The identity of this firm also was withheld.

Rhodes disclosed the meetings after an announcement that Republic Steel will spend two-thirds of a $100 million expansion allocation in Ohio.

Bucks Rated But Fourth In NCAA Swim

By SAM MORTON

RALEIGH, N.C. (AP) — You might think a defending champion with four of the meet's seven returning individual champions —including a pair of double winners — should be favored in the 40th annual NCAA swimming and diving meet which starts here today.

But it's not so of Ohio State's Buckeyes.

The Bucks, according to a nationwide poll of coaches, are at best a strong fourth, behind Yale, Southern California and Minnesota. Michigan was rated fifth. Indiana, the nation's top team, isn't eligible because the Hoosiers are on NCAA probation.

Yale was favored on depth and the Eli hoped to prove it by qualifying at least two and maybe three competitors for tonight's 50-yard freestyle final.

Favorite in the event is Minnesota's Steve Jackman. He holds the national collegiate and NCAA championship records of 21.1 seconds at this distance, set while winning this race last year.

Four other events were scheduled at North Carolina State's swimming stadium as the Wolfpack played host to their first national competition in any sport.

Ohio State, seeking its 12th team title, was defending the 400-yard medley relay title and the Buckeyes' Lou Vitucci, the one-meter dive.

The 500-yard freestyle has replaced the 440-yard event and Australian Jon Konrads of Southern California and Cincinnati's Gary Heinrich were co-favorites.

Ohio State's Marty Mull, the defending 200-yard individual medley titlist, was a top choice in the 400 individual medley.

DiSalle Remains Mum On Political Future

COLUMBUS, Ohio (AP)—Former Gov. Michael V. DiSalle is remaining mum on his possible future in Ohio politics. But he says he will maintain law offices in Columbus while managaing a model community near Washington, D.C.

DiSalle, a Democrat who was defeated for re-election last year by Republican James A. Rhodes, has been hired as managing director of the model community of Reston, Va., a proposed project which will accommodate between 75,000 and 100,000 persons.

When asked Wednesday night if he intends to continue participating in Ohio politics, DiSalle declined to reply directly. However, he added: "I intend to continue living in Ohio."

Duke's Art Heyman averaged 25.3 points a game during the Blue Devils' regular season.

Dear Heloise: Please — quickly — tell all of your readers that those old blankets they thought were completely worn out can be used for the most useful project in their own homes.

No matter how worn the blanket is—if it's slit, faded or beyond repair—it's the most wonderful padding for an ironing board that you have ever used! The wool is not only absorbent but downy and it seems to absorb the steam which rises from sprinkled clothes.

I suggest using your method which said to cover the ironing board with a piece of foil, as after 20 years of ironing I have found that this was a terrific idea. The foil seems to reflect the heat and my ironing goes twice as fast.

However, by putting the blanket under the foil, I find that I have less than half the wrinkles I used to.

LONNIE

DEAR HELOISE: I keep my gift wrap paper in boxes (with the cutter edge) that waxed paper and foil come in. It is so easy to pull out what is needed and to cut it evenly.

This saves time, the paper is kept clean and the boxes can be stored easily and neatly on a shelf.

DEAR HELOISE: My husband is a cabinet maker and has to buy many stainless steel sinks. I have one.

We have found that some of the dark stain which occurs is a preserving coating, and most can be removed by taking a paper towel with a little rubbing alcohol and rubbing hard. This shines it up like glass.

Stainless steel sinks get prettier with use. If, after using, you will take a paper towel and wipe it dry, it's even better.

DEAR HELOISE: Do letters from gentlemen help?

Here is my formula for cleaning children's stuffed toys, woolly or otherwise, it does not matter:

I use mild soap and warm water to wish them with. Toss them into your automatic washer and dryer and that's all there is to it, girls . . .If the stuffing permits.

But do not place toys with cute plastic faces in your dryer. They come out like well - masticated bubble gum!

Hang them in the sun or a warm area in your home. Give a slight brushing after they are dry. That's all there is to it.

DICK MASON

DEAR HELOISE: I vacuum small throw rugs by standing on one end of it and pushing the vacuum cleaner away from me from the center of the rug to the edge of it.

Be sure to push the suction portion of the cleaner all the way off the edge of the rug. Then tilt the vacuum cleaner up and roll it back toward you and continue this way until the rug is completely clean.

Then stand on the other end of the rug and do the other half. Never pull the cleaner towards you with the suction down on the rug.

Dear Heloise: My four children all love hot oatmeal for breakfast but my 18 - month - old daughter made such a mess eating hers that I almost hated to fix it every morning.

As I usually have my hands full feeding my 4-month-old baby, I could not feed my toddler at the same time . . . and she does not handle a spoon too gracefully. I hit upon the idea of mixing her cereal in a plastic glass and now she "drinks" her oatmeal and no more mess.

Job Guidance Series At School Nears End

Eleven more conferences were held today in the Vocational Conference Week program at East Liverpool High School.

Speakers this morning discussed careers in auto sales and service, home and family relations, business practice, ministry and religion, art, decorating and design, building trades, social service, osteopathy, banking, and armed services.

The week-long program will end Friday with discussions on careers in home economics, nursing, agriculture, transportation, airlines opportunities, beautician, engineering, YMCA and pharmacy.

Lima Quads Gain Weight, 'In Very Good Condition'

LIMA, Ohio (AP)—Lima's quadruplets are gaining weight steadily and are "in very good condition," physicians at St. Rita Hospital reported today.

The identical quads, all girls, were born March 4 to Mr. and Mrs. Phillip Axe.

Rita Marie, who was the smallest, weighing 2 pounds 2½ at birth, now weighs 3 pounds 9½ ounces. Susan Marie has gone from 4 pounds 2½ ounces to 4 pounds 14½ ounces; Anna Marie from 4 pounds 2½ ounces to 4 pounds 13 ounces, and Julia Marie from 3 pounds 13 ounces to 3 pounds 15½ ounces.

The weight gains were termed "excellent" by a pediatrician.

The babies are still in incubators where they will remain until their weights reach 5½ pounds. When that weight is reached the probabilities are good that they can join their parents at home. Their father is an advertising executive at the Lima Citizen.

Mechanics Union Considers Offer

A flat rate wage proposal was offered by the East Liverpool Auto Dealers Association in negotiations held Wednesday night with the negotiating committee of Ceramic City Auto Mechanics Local 1019.

No actual progress was made toward signing of a contract during the session at the Mike Turk office. The local took the proposal under advisement.

The union's contract with the dealers expired Saturday. The local is seeking sanction from the International Association of Machinists, CIO-AFL, to hold a strike if approved by the members.

Another meeting will be held next week, possibly Tuesday, according to Kenneth Schneidmiller, local secretary. Tom Kelly is local president.

Not all the members of the union are employed in businesses operated by the dealers association.

The union is seeking a wage increase and other benefits.

Clubs Launch Party Drives At Ohioville

Ohioville Republicans and Democrats have launched their campaigns for the primary balloting May 21, with 24 candidates seeking nominations for two posts on the school board and three for Council and other borough offices.

The Republican Club met Tuesday night and the Democratic Club Wednesday night.

A debate on election issues was held by the Republican Club in the Borough Building.

Local and Beaver County candidates attended. Woody Simmons, candidate for county commissioner, spoke briefly.

Mrs. Richard Graham and Mrs. Sam McKinney were hostesses.

Next meeting is April 22. George Gailey Jr., president, presided.

The Democratic Club last night, also at the Borough Building, decided to endorse the incumbent county slate and the members who are running for local offices.

Several incumbent candidates on the county-wide ticket will speak at the next meeting April 24 at 6 p. m. A coverdish dinner will be served.

John Flasco, president, presided.

The candidates are:

Republican

Council — C. S. Hockenbery, George Gailey Jr., John (Chick) Joseph, Floyd Kidder, Raymond E. Harris and John Martin.

School Board — Earl J. Schoeel and Leonard Beck.

Assessor — Herbert W. Chaffee and Bernard Ratkovich.

Constable — Arthur Hum.

Justice of the Peace — Richard K. Wilton.

Democrat

Council — J. Howard Todd, George Gingarella Jr., George (Tink) Daniels Jr. and Wilbert Basinger.

School Board — John G. Flasco, Don Roach, M. J. Mickey Hohan and Samuel B. Adkins Jr.

Assessor — William (Bill) Ondra.

Justice of the Peace — E. I. Sainovich and Bud G. Gingarella Jr.

Constable — Bernard Zlatovich.

Candidates for the school board of both parties are running-at-large.

Candidates Roll Dice For Ballot Place

Candidates for Beaver County offices rolled dice for ballot positions at the Beaver County Board of Elections at Beaver Wednesday.

Candidates from both parties participated as a prelude to printing of the paper ballots for the May 21 primary.

Chester Playlot To Be Prepared

Plans for preparing the playground at the Chester City Park for the summer were discussed at a meeting of the Park Commission Wednesday night at the community building at the park.

The commission also discussed use of the floodlights at the football field, which will no longer be used by Chester High School teams as a result of construction of the new northern Hancock County High School.

Harold Dickey, chairman, said the lights will remain up for the time being.

The commission is encouraging use of the park by church softball leagues and Little League games, Dickey said.

Next meeting is April 10.

Jaycee Award Given

STEUBENVILLE — The Junior Chamber of Commerce Wednesday bestowed the Distinguished Service Award on Stan Scott at the annual Bosses Night dinner at the Ft. Steuben Hotel. Scott is associate news editor of television station WSTV. The presentation was made by Mayor Andrew Miller.

13 Counties May Join Battle

Fight In Federal Court Looms On Redistricting

CHARLESTON (AP) — State Atty. Gen. C. Donald Robertson says he welcomes the company of 13 small West Virginia counties as defendants in the U.S. District Court Legislative reapportionment suit.

Atty. Brooks B. Callaghan of Richwood filed motion with the federal court here yesterday, requesting that House of Delegates members from the 13 small population counties be permitted to join with Robertson in fighting the court action brought by Kanawha County.

Callaghan explained that the delegates feel that their interests will not be adequately represented unless they become parties to the suit.

The Kanawha County Court filed the suit last November and seeks to have the federal court enforce reapportionment of the Legislature on a population basis. The plaintiff contends that some of the state's small population counties have more than their share of representatives.

Named defendants in the suit were Senate President Howard Carson, House Speaker Julius W. Singleton, Gov. Barron, Secretary of State Joe Burdett, Wirt County Circuit Clerk C. C. Litton and Doddridge Circuit Clerk Earl L. Davis.

Robertson, by virtue of his position as the state's chief legal officer, was named counsel for the defendants. He has indicated he will file an answer to the suit next Monday.

Six Republicans and six Democrats make up the delegates from the counties attempting to intervene in the case.

The counties are Calhoun, Doddridge, Gilmer, Grant, Hardy, Morgan, Pendleton, Pleasants, Pocahontas, Ritchie, Tucker, Tyler and Wirt.

Out Of The Air

By ALAN GILL

Dizzy's Back, And Garson's Got Him

Greer Garson swept down among the midday strollers like a great red-orange feather duster, answering each startled glance or smiling welcome with a hearty "Hello there" "Bless you," "Yes, hello."

Alan Gill

The Countess of Culver City was making a royal stir on New York City's 2nd Ave. "Yes, I'm playing Mrs. Disraeli to Trevor Howard's Mr. Disraeli, he's such a dear," she said. (She was talking about "The Invincible Mr. Disraeli," the "Hall of Fame" drama written by James Lee and produced and directed by George Schaefer for presentation on NBC-TV next Thursday night.

-:-

"IT'S A SMALL PART, really, and my friends said, 'Why not play the part of Disraeli instead?'

"Well, I like her part better. Mary Anne Wyndham-Lewis talked quickly, had a habit of going rather blithely on. She missed her first husband and was unconsolable until she fell in love with 'Dizzy.' She liked silent, melancholy men.

"In the play she and I grow old gracefully together. I get to wear some wigs toward the end. I've picked up a few wigs over the years. In acting, you steal a little of this, a little of that.

"George Schaefer is a joy to work with. He directed me in 'Brassbound' and 'The Little Foxes,' too. In the late afternoons his eyes close and he slumps there in his chair; but just try to put something over and the eyes fly open. He's not missing a thing.

-:-

"I LIKE to do biographies. They're more interesting than pornography. And I like to wear costumes. I've been sitting sidesaddle on overstuffed chairs in bustles for many a year.

"But I don't like to talk about the past. You look backward and you get a crick in the neck, don't you?

"I was born in County Down, Ireland, in 1908. Louis B. Mayer saw me on the English stage and signed me to a contract.

"My family felt it was bad enough to be an actress; but Hollywood was too much. My father told me he wanted me to make nice, respectable friends there, and to be sure to look up the son of a friend, a Mr. Flynn, Mr. Errol Flynn.

-:-

"I WAS SITTING next to Jack Benny at a dinner a few years ago and he said a school had been named after him in Waukegan, Ill. He was terribly proud of it.

"I told him that was nothing, I'd had a jail named after me, in Pecos, N. M. I'm a deputy sheriff there, honorary colonel and admiral of the New Mexican Navy.

"I've had three flowers named after me. There was the Greer Garson pink daffodil, but it was an Australian import and it didn't bloom until late summer. It opened, saw the other flowers, and withered away.

"There are also the poeny and the rose. The rose is good one year, bad the next.

-:-

"WE LIVE in Pecos, just between Lower Colonias and Upper Colonias. The old Santa Fe trail and the Pecos River go through our property.

"It's the land of room enough and time enough. In prehistory, there were mastodons and camels in that area. One day last year I saw a tremendous mountain lion from my window.

"We raise cattle snow - white shorthorns. Ifigured it out once, how much we were taking in from the cattle. In five years we'd made a profit of exactly $8.

"Life magazine featured me in a piece they were doing once. spilled its contents out and photographed them.

"They found 52 objects in it, including a small harmonica and a Swiss officer's knife. I always carry them. You never know what will turn up.

"This morning my taxi driver said, 'When I get home, I'll tell my wife, "Guess who I had in my cab today. Mrs. Miniver!' "

Oberlin Singer Wins Bid For Met Contract

NEW YORK (AP)—An Oberlin, Ohio, singer has won a crack at a one-year contract with the Metropolitan Opera.

Jane Marsh was named Wednesday as a finalist in national voice competition sponsored by the Met's national council. She will compete with four other women and five men on the Met stage Friday in the national finals. The winner of Friday's elimination will receive a one-year contract plus $2,000. Other awards total some $5,000.

Sears' Sales, Income Set All-Time Highs

CHICAGO — Sears, Roebuck & Co.'s net sales and income established new all-time records in the year ending Jan. 31, the company said in its annual report.

The report shows net sales were $4,603,318,710 — an increase of 7.9 per cent over sales of fiscal 1961. It was the eighth consecutive record year for sales.

Consolidated net income was $233,197,202, or 6 per cent higher than the previous record of $220,096,876 in fiscal 1961. This was equal to $3.08 per share, compared with $2.81 in 1961.

13 Counties May Join Battle

Fight In Federal Court Looms On Redistricting

CHARLESTON (AP) — State Atty. Gen. C. Donald Robertson says he welcomes the company of 13 small West Virginia counties as defendants in the U.S. District Court Legislative reapportionment suit.

Atty. Brooks B. Callaghan of Richwood filed motion with the federal court here yesterday, requesting that House of Delegates members from the 13 small population counties be permitted to join with Robertson in fighting the court action brought by Kanawha County.

Callaghan explained that the delegates feel that their interests will not be adequately represented unless they become parties to the suit.

The Kanawha County Court filed the suit last November and seeks to have the federal court enforce reapportionment of the Legislature on a population basis. The plaintiff contends that some of the state's small population counties have more than their share of representatives.

Named defendants in the suit were Senate President Howard Carson, House Speaker Julius W. Singleton, Gov. Barron, Secretary of State Joe Burdett, Wirt County Circuit Clerk C. C. Litton and Doddridge Circuit Clerk Earl L. Davis.

Robertson, by virtue of his position as the state's chief legal officer, was named counsel for the defendants. He has indicated he will file an answer to the suit next Monday.

Six Republicans and six Democrats make up the delegates from the counties attempting to intervene in the case.

The counties are Calhoun, Doddridge, Gilmer, Grant, Hardy, Morgan, Pendleton, Pleasants, Pocahontas, Ritchie, Tucker, Tyler and Wirt.

"WE LIVE in Pecos, just between Lower Colonias and Upper Colonias. The old Santa Fe trail and the Pecos River go through our property.

"It's the land of room enough and time enough. In prehistory, there were mastodons and camels in that area. One day last year I saw a tremendous mountain lion from my window.

"We raise cattle snow - white shorthorns. Ifigured it out once, how much we were taking in from the cattle. In five years we'd made a profit of exactly $8.

"Life magazine featured me in a piece they were doing once. spilled its contents out and photographed them.

"They found 52 objects in it, including a small harmonica and a Swiss officer's knife. I always carry them. You never know what will turn up.

"This morning my taxi driver said, 'When I get home, I'll tell my wife, "Guess who I had in my cab today. Mrs. Miniver!' "

Oberlin Singer Wins Bid For Met Contract

NEW YORK (AP)—An Oberlin, Ohio, singer has won a crack at a one-year contract with the Metropolitan Opera.

Jane Marsh was named Wednesday as a finalist in national voice competition sponsored by the Met's national council. She will compete with four other women and five men on the Met stage Friday in the national finals. The winner of Friday's elimination will receive a one-year contract plus $2,000. Other awards total some $5,000.

Sears' Sales, Income Set All-Time Highs

CHICAGO — Sears, Roebuck & Co.'s net sales and income established new all-time records in the year ending Jan. 31, the company said in its annual report.

The report shows net sales were $4,603,318,710 — an increase of 7.9 per cent over sales of fiscal 1961. It was the eighth consecutive record year for sales.

Consolidated net income was $233,197,202, or 6 per cent higher than the previous record of $220,096,876 in fiscal 1961. This was equal to $3.08 per share, compared with $2.81 in 1961.

IMPORTANT REASONS
WHY FORD OWNERS SHOULD HAVE REGULAR MAINTENANCE SERVICE PERFORMED AT OUR DEALERSHIP

- Work is performed by skilled technicians specially trained in the care of Ford cars.
- Our service department is equipped with special tools that are scientifically designed by the factory for the repair of Ford cars. This means better quality maintenance, done with greater efficiency at an economical cost.
- A complete stock of FoMoCo Genuine and Rotunda parts is available at our dealership. These parts are built to the same quality standards as the original equipment components of Ford vehicles. They are made right—to fit right—to last longer.
- The exclusive Rotunda Oil Filter saves the Ford owner both time and money. Oil and filter changes are required only twice-a-year, or at 6,000 mile intervals.

IMPORTANT REASONS
WHY FORD OWNERS SHOULD HAVE REGULAR MAINTENANCE SERVICE PERFORMED AT OUR DEALERSHIP

- Work is performed by skilled technicians specially trained in the care of Ford cars.
- Our service department is equipped with special tools that are scientifically designed by the factory for the repair of Ford cars. This means better quality maintenance, done with greater efficiency at an economical cost.
- A complete stock of FoMoCo Genuine and Rotunda parts is available at our dealership. These parts are built to the same quality standards as the original equipment components of Ford vehicles. They are made right—to fit right—to last longer.
- The exclusive Rotunda Oil Filter saves the Ford owner both time and money. Oil and filter changes are required only twice-a-year, or at 6,000 mile intervals.

Junior Editors Quiz on RECORDS

QUESTION: How can sound be put on a record and then come out of it?

★ ★ ★

ANSWER: Sounds start by vibrations or "sound waves" in the air. We don't see sound waves, but our artist has symbolized them by wavy white lines (2) being pushed away from the mouth of a singer (1). As these travel into a microphone (3) they are converted into electrical vibrations or signals, which can then move along a wire. Through the use of an amplifying tube (4) these signals are made stronger; they move to a small magnet which sets a cutting needle vibrating (5). As a wax disc revolves below the needle point, this tool cuts grooves into the wax and the various vibrating movements it makes are registered on the record. A metal form is then made from the original and from this thousands of duplicates can be pressed.

When you start playing a record the needle of your machine is set vibrating in exactly the same way the cutting needle vibrated in the first place (6). These pulsations are changed into electric signals, amplified (7) inside your phonograph which vibrate a cone-shaped disc or loudspeaker to send out sound waves (8). These waves reach your ears and duplicate the singer's voice.

★ ★ ★

FOR YOU TO DO: Find out about the high fidelity system, or Hi-Fi, in which there are two speakers, one for the low tones (the woofer) and the other for high tones (tweeter.) Then learn what stereophonic recording means.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: My husband's father is nearly 70. We moved into his rather large home three years ago when my mother-in-law died.

Several months ago he suffered a stroke. His recovery has been very good and he now has the use of all his faculties. The only thing which is troublesome is that his right side is partially paralyzed and it is difficult for him to eat properly. He spills food on the tablecloth, on himself, and sometimes on the floor.

Our children are 7, 9, and 10 and we are trying to teach them good table manners. When they see their grandfather slopping all over, it's a problem to make them toe the mark.

I have suggested that we feed Grandpa in his room. My husband won't hear of it. Mealtime should be a pleasant family affair and it can't be pleasant with the old man at the table. I hope you will agree with me because my husband and I have been arguing about it for weeks and I need help.—BATTLE FATIGUE.

-:-

Dear Battle: Grandpa should not be isolated from the family. It would be cruel to feed him in his room.

More important than a clean tablecloth and meticulous manners is compassion and understanding for people who are old and sick. Explain to your children why Grandpa spills things. Encourage them to help him and to be kind and considerate.

This experience could be an important lesson for your children and help them to be better human beings.

No Delivery Girl

Dear Ann: Why is it that some people think just because you live next door to a family you know their every move and are perfectly willing to act as messenger boy, check-room attendant, or anything they want.

It happened again today. A woman banged on my neighbor's door for 10 minutes. It sounded like a herd of elephants. Then she came over and handed me a package. She didn't ask me, she told me to give the package to my neighbor.

Delivery boys leave plants, groceries, fertilizer, whatever they want to unload so they won't have to make another trip.

Please print this letter and educate the public. Just because a family happens to live next door doesn't mean they are bosom buddies or even nodding acquaintances. —NOT CHUMMY.

-:-

Dear Not Chummy: Some neighbors are happy to help out—even if they're not bosom buddies. I'd hate to live next door to you, sister, but if we should wind up neighbors I'd be happy to take care of your packages.

Gifts Aren't 'Owed'

Dear Ann: Several days ago the daughter of a close friend eloped. Everyone was very surprised.

When the girl and her husband returned from their elopment the parents of the girl gave a reception for the couple. We were invited to the reception.

Now the big question: Do we owe the couple a wedding gift? I've heard that unless a person is invited to the wedding, there is no need to send a gift. True or false?—PIE FACE.

-:-

Dear Pie Face: You don't "owe" the couple anything. A gift should reflect your feelings for the people.

Choir Parents Launch Plans For Annual Spring Formal

Plans for the annual spring formal were outlined at the meeting of the ELHS Choir Parents Tuesday night in the choir room of the Memorial Auditorium.

The formal will be held April 19 at the Virginia Gardens at Rock Springs Park and the theme will be "Rhapsody In Bloom."

Chaperones include Mr. and Mrs. David Spore, Junior Class; Mr. and Mrs. John Hill, Sophomore Class, and Mrs. Kathryn Bryan and Mrs. Mary Hughey, Senior Class.

Susan Moore, Jane McKeever and Linda Lowers, student representatives for the dance, met with Mrs. Charles Waggoner, chairman of the formal and her committee and presented student suggestions.

A nominating committee was appointed, including John Hill, chairman, Mr. and Mrs. John Garner, Mr. and Mrs. Harry Dawson and Mr. and Mrs. Frank Siddel.

A Tag Day will be held April 6 with Mr. and Mrs. Siddel in charge.

The group will sponsor the Ohio University Women's Glee Club, augmented by the ELHS Girls Choir, April 15 at 8 p. m. at Westgate School. John Muschick is director of the glee club and Miss Arletta Helfrich is director of the local choir.

Mrs. Louise Applegate is ticket chairman.

Refreshments were served by the social committee headed by Mrs. Waggoner and Mrs. John Vervin.

Next meeting is April 24.

Eastern can fall anywhere from March 22 to April 25 on any given year.

Woman Is Hired To Carry Mail At East Palestine

EAST PALESTINE — City residents seeing a woman delivering mail Monday needn't fear an April Fool gag.

Mrs. Ruth Watt, 124 Garfield Ave., has been retained by the Post Office as a substitute mail carrier, the first woman carrier the city office has had, Postmaster Harry Andrus announced today.

Mrs. Watt, formerly a clerk in a market here, is the mother of five. She will receive $2.26 an hour as a substitute carrier, starting to work Monday in place of regular carriers who will be on vacations.

Andrus said the office previously had women substitute clerks, but not carriers.

He said the Postal Department is encouraging the employment of women.

Living Costs Record Level In February

WASHINGTON (AP) — Living costs returned in February to the record level set last September, mainly because of higher prices for food and clothing.

The Labor Department announced that its consumers price index rose one-tenth of 1 per cent to 106.1 per cent of the 1957-59 average. This is 1.2 per cent above a year ago.

The figures mean over-all living costs have returned to their highest point in history, first reached last September. They mean that the average household must pay $10.61 for what $10 would buy in the 1957-59 era.

Arnold Chase, assistant statistics commissioner for prices, noted, however, that living costs have remained relatively stable, moving in a narrow range from month to month.

Chase said that the rise in living costs in January and February was wholly due to increased costs for fresh fruits and vegetables, which, in turn, were caused by winter crop freezes and bad weather in Florida, Texas and California.

He said that without these the index would have remained unchanged over the last two months.

Case said the March living cost level, when figures are available, probably will turn out to be unchanged from February because meat prices have come down and the weather effects probably reached their peak at the retail-store level.

If you've cooked roast beef in a low oven and want to put Yorkshire pudding into a hot oven while the beef is "resting," count on it taking from five to eight minutes for the oven to reach the high temperature.

Speaker Named For Award Event Of Scout Council

LISBON — Howard Knepper, deputy regional Boy Scout executive, will be guest speaker at the annual awards banquet of the Columbiana boy scout council April 23 at South Side School in Columbiana.

Approximately 400 scout workers will be honored at the annual meeting, according to Bennett D. Taylor, council executive.

Silver beavers, council awards, veteran badges and training awards will be presented along with the wood badge award for the first time.

Other executives who will attend include William Hubbell, regional scout executive, and other scout executives from northeast service area.

Tickets for the annual affair may be obtained from institutional representatives, commissioners, board members and members-at-large. All scouters in the council and their wives are asked to attend, Bennett said.
